Board Game Description

In the game Evolution, players adapt their species with traits to survive in an ever-changing ecosystem. Food is scarce and carnivores run rampant. Your choices will determine the fate of the world's species: which will survive, which will thrive, and which will disappear from the planet forever.

Alignments

Common Core

CCSS.ELA-LITERACY.RST.11-12.9 Science Concepts. Synthesize information from a range of sources (e.g., texts, experiments, simulations) into a coherent understanding of a process, phenomenon, or concept, resolving conflicting information when possible.

CCSS.ELA-LITERACY.RST.9-10.5 Science Concepts. Analyze the structure of the relationships among concepts in a text, including relationships among key terms (e.g., force, friction, reaction force, energy).

TEKS

112.34.(c)(7): Science Concepts. The student knows evolutionary theory is a scientific explanation for the unity and diversity of life.

112.34.(c)(8): Science concepts. The student knows that taxonomy is a branching classification based on the shared characteristics of organisms and can change as new discoveries are made.
