## Itemized Inventory: Photographs, Documents, and Other Items -- EXAMPLE

### Instructions:

- This form includes an "Itemized List" (which details each item you are sending)
- *Why do we need this?* Having an itemized list makes checking your items into and out of the Digital Projects Lab more efficient and accurate because it gives us the same information in the same format from every institution. The itemized list also helps us track your items and communicate with you about discrepancies.
- If you have a standardized list or a spreadsheet of your items, you can substitute it for the "Itemized List" (contact us for more information about this)
- The Itemized List should include individual items (can be file-level inventory)
- Only use as many lines as you need (you can change the form in Microsoft Word or contact us for an edited one)
