Preface and Acknowledgments

This is the first volume of the two-volume 1989 edition of ACIR's *Significant Features of Fiscal Federalism*—the annual compendium of federal, state, and local fiscal data. *Significant Features* provides a single, convenient source of comparative government finance information for policymakers, educators, fiscal analysts and other public finance practitioners, as well as the general public.

As in the past, this volume contains completely revised and up-to-date information on aggregate national and state economic and fiscal trends, and tax rates.

Of particular interest in the 1989 edition are several new tables with updated information on the following:

- State-by-state population (Table 2)
- Gross State Product (Table 3)
- State-by-state personal income (Table 4.1)
- State-by-state per capita income (Table 4.2)
- Structure and costs of direct property tax relief programs (Tables 34-36)
- State and local taxation of telecommunications companies and services (Tables 49-52)

The second volume of *Significant Features* for 1989 will be published in late summer and will contain further detailed historical information on state-by-state revenues and expenditures, measures of government centralization, and state fiscal rankings.

Clay Dursthoff was responsible for the overall data collection and preparation of this volume. Other ACIR staff members are also key participants in the review and production process, and the annual publication of these volumes would be impossible without their help. Anita McPhaul performed the lead secretarial role. Barbara Lipman collected the new material on telecommunications taxation, and James Ortbal compiled the new information relating to state income tax and state and local property tax relief.

Finally, a special expression of thanks goes to Susannah Calkins, whose advice and direction on all aspects of the effort from early design to substantive review was indispensable; to Steven Gold of the National Conference of State Legislatures, who provided first rate review and criticism; to Henry Wulf and the staff of the Governments Division of the U.S. Bureau of the Census; and to the staffs of various state and local government departments throughout the country.

Note: The National Income and Product Account totals will differ from Census totals. See notes to Tables 4.1 and 4.2.
r—revised from Volume II of the 1988 edition of *Significant Features of Fiscal Federalism*.

¹ Deflated by GNP Implicit Price Deflator

² Deflated by Consumer Price Index (CPI-U)

³ Data beginning 1978 are for all urban consumers (CPI-U). Earlier data are for urban wage and clerical workers. Data beginning 1983 a rental equivalence measure for homeowner's costs.

Source: *Economic Report of the President*, February 1988, Washington, DC. GNP figures from tables B-1 and B-2; Personal Income from table B-26; GNP Implicit Price Deflator from table B-3; Consumer Price Index from table B-58; Population figures from table B-31. 1985-87 revisions from *Survey of Current Business*, July and October 1988. Population includes armed forces overseas beginning in 1940.

Note: The personal income level shown for the United States differs from that in the national income and product accounts, primarily because it omits earnings of federal civilian and military personnel stationed abroad and of U.S. residents who are employed abroad temporarily by private U.S. firms.

*Excludes Alaska and Hawaii.

r—revised from Volume II of the 1988 edition of *Significant Features of Fiscal Federalism*.

¹ Total debt outstanding at the end of the fiscal year. These debt figures include all long-term credit obligations backed by the governments' full-faith and credit as well as nonguaranteed debt, and all interest-bearing short-term credit obligations. Includes judgment, mortgage and revenue bonds.

² During 1959, three government-sponsored enterprises became completely privately owned, and their debt was removed from the totals for the federal government. At the date of their conversion, federal debt was reduced by \$10.7 billion.

Sources: ACIR staff compilation based on U.S. Bureau of the Census, *Governmental Finances in [year]* (Table 2 in the 1986-87 edition); FY87 federal debt figure from Office of Management and Budget, *Budget of the U.S. Government, Fiscal Year 1989*, Summary Table 19, p. 6g-40. GNP deflator and population figures from Table 1 of this publication. Federal debt figures include debt amounts held in government accounts (approximately \$458 billion in FY 87); compare to federal debt figures in Table 10 of this publication.

Negative figures indicate net interest revenue.

*—less than +/- 0.1%

r—revised from Volume I of the 1988 edition of *Significant Features of Fiscal Federalism*.

Note: Net interest payments are equal to total interest paid on government debt less interest earned on cash and securities holdings. Interest earnings from state-local social insurance trusts were excluded from the net interest figures cited in this table, while earnings from federal social insurance trusts were included. This adjustment was necessary because of the fundamental difference in the way these trusts are financed. Note also that state-local net interest payments reflect an imputation for the value of services provided by financial institutions for which governments receive no remuneration. For example, in 1986 net interest paid (\$4.4b) equaled interest received (\$82.4b) plus dividends (\$5.5b) less social insurance and interest and dividends received (\$44.7b) less interest paid (\$47.6b). See *Survey of Current Business*, July (year) tables 3.3, 3.13, and 3.16.

Sources: ACIR staff compilation and computations based on Department of Commerce, Bureau of Economic Analysis, *The National Income and Product Accounts, Historical Series, 1929-82*; figures for 1984-86 from *Survey of Current Business*, July 1987, Tables 3.3, 3.13 and 3.16. Population, GNP and GNP deflator data from Table 1 of this publication.

*All federal expenditures less defense spending and interest payments.

r—revised from Volume II of the 1988 edition of *Significant Features of Fiscal Federalism*.

¹ Old age, survivors, disability and health (Medicare) insurance.

² To avoid double-counting, federal aid figures exclude the relatively small amounts of federal payments to state and local governments for the purposes of national defense and social security; these amounts are included in the columns labeled "National Defense" and "Social Security." In 1987, these expenditures were \$2.185 billion and \$0.7516 billion, respectively.

e—OMB estimate.

r—revised from Volume I of the 1988 edition of *Significant Features of Fiscal Federalism*.

NA—not available.

Note: See *Special Analysis H* of the *Budget of the United States* for explanation of differences between grant-in-aid figures published by the *National Income and Product Accounts*, Census and OMB.

¹ For 1955-76, years ending June 30; 1977-88, years ending September 30.

² As defined in the *National Income and Product Accounts*.

³ Includes categorical grants, block grants and Revenue Sharing. In 1987, there were 422 categorical grants and 13 block grants.

Exhibit ²										
DC (Washington)	694	14,530	23,360	2,436	12,593	2,596	4,317	1,418		

Note: This table includes federal expenditures only; it does not include any state or local own-source revenues used to match or supplement these federal expenditures. All federal expenditures are not included in this table. Expenditures that cannot be allocated to individual states (such as net interest on the federal debt, international payments, payments to U.S. territories and foreign aid) have been excluded.

Table 12 (cont.)

Per Capita Federal Expenditure, by Region and State, Fiscal Year 1987

(Notes 1-8 refer to column numbers)

- 1—Thus a figure such as 126 for Connecticut indicates that federal expenditures for Connecticut are 126% of the U.S. average (or, alternatively, 26% greater than the U.S. average.) Conversely, the index figure of 77 for North Carolina indicates that federal expenditures for North Carolina are only 77% of the U.S. average. (Regional figures are population-weighted averages.)
 - 2—Total federal expenditures by state (in millions). See note at bottom of preceding page.
 - 3—Details may not sum to totals because of independent rounding.
 - 4—Among the largest programs included in this category are (federal expenditures only) Medicaid (\$27 billion), AFDC (\$11 billion), and highway programs (\$13 billion).
 - 5—Federal civilian and military salaries and wages were reported by location of workplace. Hence, the expenditure for wages and salaries in the District of Columbia is overstated. Figures for Maryland and Virginia, to a lesser extent, would be understated. The effect on other states would be negligible.
 - 6—Among the largest programs included in this category are Social Security, Medicare, and federal retirement benefits, as well as supplemental security income and food stamps.
 - 7—Defense contracts account for 75% of the total in this category for the U.S. as a whole.
 - 8—Agricultural programs represent approximately 48% of the total amount in the "other" category.
 - ¹ Excluding Alaska and Hawaii.
 - ² Because of the unique nature of the District of Columbia, the figures for DC (Washington), should not be compared to other states. See also note 5.

44,780	11,134.20	42	\$17,850		
59,670	17,388.00	48	or less*	15%	—
88,270	31,116.00	50	17,850	2,677.50	28%

**Rates for Married Persons—
Joint Returns and Surviving Spouses**

Tax Year 1986			Tax Year 1987		
Taxable Income	Tax on Lower Amount	Rate on Excess	Taxable Income	Tax on Lower Amount	Rate on Excess
\$3,670*	no tax	11%	\$3,000		
5,940	\$249.70	12	or less*	11%	—
8,200	520.90	14	3,000	\$330	15%
12,840	1,170.50	16	28,000	4,080	28
17,270	1,879.30	18	45,000	8,840	35
21,800	2,694.70	22	90,000	24,590	38.5
26,550	3,739.70	25			
32,270	5,169.70	28			
37,980	6,768.50	33			
49,420	10,543.70	38			
64,750	16,369.10	42			
92,370	27,969.50	45			
118,050	39,525.50	49	\$29,750		
175,250	67,553.50	50	or less*	15%	—
			29,750	\$4,462.50	28%

*The zero-bracket amount of \$2,480 in 1986 is replaced by a standard deduction of \$2,540 in 1987 and \$3,000 in 1988 (indexed to the inflation rate after 1988). To make a rough comparison of the 1987 and 1988 rates to those of 1986, one should increase the tax brackets in 1987 and 1988 by these standard deduction amounts. In any case, only rough comparisons of rates can be made between the various tax years because the numerous revisions in the tax code have changed the definition of taxable income.

*The zero-bracket amount of \$3,670 in 1986 is replaced by a standard deduction of \$3,760 in 1987 and \$5,000 in 1988 (indexed to the inflation rate after 1988). To make a rough comparison of the 1987 and 1988 rates to those of 1986, one should increase the tax brackets in 1987 and 1988 by these standard deduction amounts. In any case, only rough comparisons of rates can be made between the various tax years because the numerous revisions in the tax code have changed the definition of taxable income.

**Rates for Married Persons
Filing Separate Returns**

Tax Year 1986			Tax Year 1987		
Taxable Income	Tax on Lower Amount	Rate on Excess	Taxable Income	Lower Amount	Rate on Excess
\$1,835*	no tax	11%	\$1,500		
2,970	\$124.85	12	or less*	11%	—
4,100	260.45	14	1,500	\$165	15%
6,420	585.25	16	14,000	2,040	28
8,635	939.65	18	22,500	4,420	35
10,900	1,347.35	22	45,000	12,295	38.5

24,710	5,271.85	38			
32,375	8,184.55	42			
46,185	13,984.75	45			
59,025	19,762.75	49	\$14,875		
87,625	33,776.75	50	or less*	15%	—
			14,875	2,231.25	28%

*The zero-bracket amount of \$1,835 in 1986 is replaced by a standard deduction of \$1,880 in 1987 and \$2,500 in 1988 (indexed to the inflation rate after 1988). To make a rough comparison of the 1987 and 1988 rates to those of 1986, one should increase the tax brackets in 1987 and 1988 by these standard deduction amounts. In any case, only rough comparisons of rates can be made between the various tax years because the numerous revisions in the tax code have changed the definition of taxable income.

Rates for Heads of Households

Tax Year 1986			Tax Year 1987		
Taxable Income	Tax on Lower Amount	Rate on Excess	Taxable Income	Lower Amount	Rate on Excess
\$2,480*	no tax	11%	\$2,500		
4,750	\$249.70	12	or less*	11%	—
7,010	520.90	14	2,500	\$275	15%
9,390	854.10	17	23,000	3,350	28
12,730	1,421.90	18	38,000	7,550	35

Table 16
Self-Employment, Social Security, and Unemployment Compensation Taxes

Self-Employment Tax—Tax year 1983, a tax rate of 9.35% (social security—8.05%; medicare 1.3%) was imposed for social security and hospital insurance purposes on self-employment income through \$35,700. For tax years beginning in 1984, the rate increased to an effective rate of 11.3% (14% less 2.7% tax credit) and applied to a \$37,800 earnings base. The effective tax rate for 1985 was 11.8% (14.1% less 2.3% credit) and applied to a \$39,600 earnings base. The effective rate for 1986 and 1987 was 12.3%. The tax base was \$42,000 in 1986, \$43,800 for 1987. The 1989 rate is 13.02% with a tax base of \$48,000. The 1990 rate is scheduled to be 15.3%.

Social Security-Hospital Insurance (FICA)—For the calendar year 1983, a tax rate of 6.7% (social security—5.4%; medicare—1.3%) was imposed on employers and employee on wages through \$35,700. For 1984, the wage base increased to \$37,800, and the tax rate increased to 7% with a 0.3% tax credit for employees against 1984 taxes. For 1985, the wage base was \$39,600 and the tax rate increased to 7.05% for both employers and employees. For 1986-87, the rate is 7.15%; the base in 1986 was \$42,000 in 1986, \$43,800 in 1987, and \$45,000 in 1988; 1988-89, 7.51%; 7.65% in 1990 and thereafter.

Unemployment Compensation—A tax of 3.5% is imposed on the first \$7,000 of wages paid in 1984 to a covered employee by an employer who employs one or more persons in covered employment in each of 20 days in the current or preceding year, each day being in a different week, or who has a payroll for covered employment of at least \$1,500 in a calendar quarter (or \$20,000 in a calendar quarter for agricultural labor or \$1,000 in a calendar quarter for domestic labor). The rate increased to 6.2% of the first \$7,000 of each employee's income for 1985 and currently (1988) remains at 6.2% of the first \$7,000 of each employee's income. The employer can take a tax credit of up to 5.4% of wages paid into a state unemployment insurance fund.

Table 17
Tax Changes by State, 1988

Extensions of tax increases scheduled to expire, fee increases, and revenue from accelerating collections or improved compliance are not reflected in totals. The "total" tax change for each state is generally for fiscal 1989, except if a one-time decrease occurred in FY 1988 (which is indicated by ^), otherwise, numbers in parentheses () indicate a loss of revenue. The "total" tax change is expressed in annual rates as if FY 1989 rates had been in effect for full year and may include changes not shown separately. Actions involving less than \$2 million are not shown. Revenue from extending a tax rate that was scheduled to be reduced or stronger tax administration or a previously enacted tax change is indicated *.

State	Tax	Total Revenue (millions)
Alabama	No major tax actions	
Alaska	No major tax actions	
Arizona	Increased property tax by increasing tax rate, removing exemptions, reducing credits, and other actions	FY89 = \$67
	Increased personal income tax by placing limit on deduction for federal tax payments and eliminating gas tax deduction	FY89 = \$35
	Increased corporation income tax by repealing certain exemptions	FY89 = \$27
	Increased motor fuel tax 1 cent	FY89 = \$17
	Increased sales tax by broadening base and other actions	FY89 = \$28
	Increased hotel-motel tax	FY89 = \$10
	Increased insurance premiums tax	FY89 = \$6
		TOTAL FY89 = \$190 (includes local government revenue)
Arkansas	No legislative session	
California	No major tax actions	
Colorado	Revised property tax, lowering the relative tax rate on homeowners	
Connecticut	Increased motor fuel tax 1 cent as dictated by earlier legislation	FY89 = \$16*
	Extended indefinitely the exemption of business services provided between 100 percent corporate affiliates	FY89 = (\$60)*
Delaware	Reduced personal income tax by increasing child care credit, allowing double personal exemption for senior citizens, and revising treatment of real estate losses	FY88 = (\$2) FY89 = (\$6)
	Increase exemptions under gross receipts and public utility taxes	FY89 = (\$5) TOTAL = (\$11)
Florida	Revised several sales tax exemptions	FY89 = \$7
	Reduced alcoholic beverage tax	FY89 = (\$3)
	Reduced insurance premium tax	FY89 = (\$32) TOTAL FY89 = (\$28)
Georgia	No major tax actions	
Hawaii	Increased income tax credit to offset sales tax purchases	FY89 = (\$5)
Idaho	Repealed inheritance tax	
	Removed sales tax exemption for occasional sales	FY89 = \$2
	Increased motor fuel tax 3.5 cents	FY89 = \$11 TOTAL = \$13
Illinois	Removed sales tax exemption for photo finishing	FY89 = \$14 TOTAL = \$18
Indiana	Increased motor fuel tax 1 cent	FY89 = \$46
Iowa	Increased cigarette tax 8 cents	FY88 = \$6
	Increased motor fuel tax 2 cents this year and 2 more cents in 1989	FY89 = \$20
	Made permanent the one-year personal income tax reform passed in 1987	FY89 = \$39 TOTAL = \$59
Kansas	Reformed personal income tax resulting in net revenue decrease	FY89 = (\$49) FY90 = (\$37)
	Exempted purchases of industrial machinery (permanently) and farm machinery (for one year) from sales tax and changed certain corporation income tax provisions	FY89 = (\$7) FY90 = (\$12) TOTAL = (\$56)

Table 17 (cont.)
Tax Changes by State, 1988

State	Tax	Total Revenue (millions)
Kentucky	Authorized tax amnesty program	FY89 = \$10*
	Made permanent a temporary parimutuel tax credit for new construction	FY89 = (\$7*)
	Revised operation of coal severance tax	FY89 = \$3
	Enacted truck weight-distance tax	FY89 = \$45
	Increased tax on special fuels 2 cents	FY89 = \$5
	Increased truck registration fees	FY89 = \$6*
	Changed administrative procedures for refunding special fuels tax for nonhighway use	FY89 = \$12*
		TOTAL = \$53
Louisiana	Increased sales tax 2 cents on food, drugs, and utilities (also continued temporary 1 cent increase due to expire)	FY89 = \$320
Maine	Reformed personal income tax	FY89 = \$18
	Increased gas tax 2 cents and tax on special fuels 5 cents	FY89 = (\$7)
	Expanded property tax circuit breaker	TOTAL = \$11
Maryland	Decreased motor carrier decal fee	FY89 = (\$4)
Massachusetts	Imposed sales tax on cigarettes	FY89 = \$40
	Increased income tax by conforming to 1986 federal reform	FY89 = \$75
		TOTAL = \$115
Michigan	Income tax reduction and cigarette tax increase enacted in 12/87 took effect	
	Replaced insurance premiums tax with single business tax	FY89 = \$0
Minnesota	Increased motor fuel tax 3 cents	FY89 = \$65
	Established income tax credit for senior citizens and enacted other personal income tax reductions	FY89 = (\$29)
	Reinstated several sales tax exemptions repealed in 1987	FY89 = (\$11)
	Changed sales tax nexus rules to tax catalog sales (includes some revenue from stronger compliance)	FY89 = \$41
	Reduced parimutuel tax	FY89 = (\$4)
	Reduced insurance premium tax	FY89 = (\$4)
	Liberalized treatment of foreign source income on corporation income tax	FY89 = (\$3)
	Provided renter's credit for one year	FY88 = (\$54)
		TOTAL = (\$8)
Missouri	Removed sales tax exemption for rental of video films	FY89 = \$5
		TOTAL = \$11
Mississippi	No major tax actions	
Montana	No legislative session	
Nebraska	Reduced personal income tax by increasing standard deduction	
	Increased motor fuel tax (set by formula) 0.8 cents	FY89 = (\$12)
Nevada	No legislative session, but motor fuel taxes increased as prescribed in previous legislation	
New Hampshire	Allowed net operating loss carryforwards on corporation income tax	FY89 = (less than \$2)
New Jersey	Increased motor fuel tax 2.5 cents as provided by previous legislation	FY89 = \$100*
New Mexico	Made permanent the temporary suspension of food and medical tax rebates	
	Increased motor fuel tax (set by formula) 0.2 cents	FY89 = \$45*
New York	Previously enacted personal income tax reduction took effect	
North Carolina	Double-weighted sales apportionment factor in corporation income tax	FY89 = (\$10)
		FY90 = (\$24)
	Extended sales tax to mail order sales	
	Reduced motor fuel tax (set by formula) 0.095 cent	
North Dakota	No legislative session, but allowed temporary personal income tax surcharge to expire	FY89 = (\$8)
Ohio	Increased motor fuel tax (set by formula) 0.1 cent	
Oklahoma	Reduced personal income tax	
	Reformed insurance premiums tax	FY89 = (\$6)
Oregon	No legislative session	
Pennsylvania	No major tax actions	

Table 17 (cont.)
Tax Changes by State, 1988

State	Tax	Total Revenue (millions)
Rhode Island	Increased cigarette tax 2 cents Repealed corporate net worth tax	FY89 = \$2.4 FY89 = (\$2.5) TOTAL \$0
South Carolina	No major tax actions	
South Dakota	Repealed temporary sales tax increase 2 months ahead of schedule Not continuing temporary sales tax increase Increased motor fuel tax 5 cents	FY88 = (\$8) FY88-89 = (\$48) FY89 = \$20 TOTAL = (\$36) ^
Tennessee	Imposed sales tax on mail order sales Increased motor fuel tax 4 cents	FY89 = \$2 FY89 = \$10 FY90 = \$26 TOTAL = \$28
Texas	No legislative session	
Utah	Reduced income tax permanently Provided one-time income tax rebate	FY89 = (\$67) FY89 = (\$80) TOTAL = (\$147)
Vermont	Reduced personal income tax Increased property transfer tax Imposed tax on gasoline retailers to clean up leak problems Phased out telephone gross receipts tax	FY89 = (\$15.5) FY89 = \$2 FY89 = \$0 TOTAL = (\$13)
Virginia	Provided new pension exclusion on the personal income tax Replaced gross receipts tax on telecommunications with corporation income tax	FY90 = (\$4)
Washington	Imposed sales tax on deli food sales Increased hotel/motel tax in King County Deferred sales tax for aluminum casting companies Imposed tax on hazardous materials for superfund cleanup	FY89 = \$8 FY89 = \$3 FY89 = (\$4*) FY89 = \$20 TOTAL = \$31
West Virginia	Increased sales tax rate 1 cent Imposed sales tax on soft drinks	FY88 = \$8 FY89 = \$65 FY89 = \$9 TOTAL = \$74
Wisconsin	Increased motor fuel tax 0.9 cents	FY89 = \$22*
Wyoming	No major tax actions

X—Not applicable.

+ —States in which one or more local governments levy a local income tax (see Table 23).

¹The lesser of (1) the percentage indicated, multiplied by adjusted gross income or (2) the dollar value listed. In some states, when a standard deduction computed using a percentage of AGI is less than the fixed amount shown above, a minimum dollar deduction is allowed. Maryland and Utah have a minimum deduction as well.

²A state provision that allows the taxpayer to deduct fully the federal income tax reduces the effective marginal tax rate for persons in the highest state and federal tax brackets by approximately 30% of the nominal tax rate—the deduction is of a lesser benefit to other taxpayers with lower federal and state top tax brackets.

³Indexed by an inflation factor.

⁴Tax credit per dependent. Taxpayers 65 or older receive a \$25 credit.

⁵See Table 13 for federal income tax regulations.

*Individual State Notes

- AL** Social Security (FICA) taxes are included in itemized deductions. Taxable income brackets for married filing joint over \$6,000, taxed at highest rate.
- AZ** Federal income tax deduction limited to 46% of federal tax liability or \$475, whichever is greater.
- CT** There is an income tax on interest, capital gains and dividend income *only*. The rate of this tax ranges from 1% of interest and dividend income for taxpayers with an A.G.I. of \$54,000-\$57,999 to 12% of such income of taxpayers with an A.G.I. over \$100,000. Capital gains are taxed at 7% after an exemption of \$100 is applied.
- DC** Exemption will increase to \$1,370 by 1990.
- DE** Top tax rate reduced to 7.7% in 1988. Exemptions will increase to \$1,250 each; standard deduction will increase to \$1,300 single, \$1,600 joint.
- HI** A refundable tax credit of \$45 per exemption is granted; an additional credit of \$1 per exemption is granted for 1988.
- IA** Tax cannot reduce after-tax income of taxpayer below \$5,000 (single) or \$7,500 (married filing joint, head-of-household, surviving spouse). Only limitation for the standard deduction is that the deduction otherwise allowable of \$1,230 or \$3,030 cannot exceed the amount of income remaining after the federal tax deduction.
- KS** A child care credit equal to 25% of the federal child care credit is allowed to taxpayers claiming the federal credit.
- LA** The personal exemption and standard deduction are combined.
- MD** All counties have a local income tax surcharge of at least 20% of the state tax liability; most counties have a surcharge of 50%. Personal exemption increases to \$1,100 in 1989.
- MA** 10% (flat rate) imposed on net gains, interest and dividends. No tax is imposed on a single person whose gross income is \$8,000 or less (\$12,000 married). Social Security (FICA) taxes are deducted from taxable income up to \$2,000 per taxpayer.
- MO** For taxpayers itemizing deductions, Social Security (FICA) taxes are deductible.
- MN** Additional rate of 8.5% on certain income classes to reflect federal phaseout of personal exemptions and the 15% federal rate bracket.
- NH** There is a 5% tax on interest and dividends (excluding income from savings bank deposits) in excess of \$1,200 (\$2,400 married).
- NJ** No taxpayer is subject to tax if gross income is \$3,000 or less (\$1,500 married, filing separately).
- NY** An additional tax on unearned income imposed at a rate of 3% for single taxpayers with AGI over \$100,000; rates are scheduled to be reduced further in 1988-90. In 1990 the top rate will be 7%.
- NC** An additional exemption of \$1,100 is allowed the spouse with the smallest income. Joint returns are not allowed.
- ND** Taxpayers have the option of paying a tax of 14% of the taxpayers' adjusted federal income tax liability or using the long form with a separate schedule; taxpayers using the long form may deduct federal income tax paid.
- OH** Taxpayers may choose between an additional \$350 personal exemption or a \$20 tax credit per exemption.
- OK** These rates and brackets apply to single persons not deducting federal income tax. For individuals deducting the tax, rates range from 0.5% of the first \$1,000 to 10% on income over \$23,000.
- OR** Federal tax deduction limited to \$3,000 (\$1,500 if married filing separately).
- TN** Interest and dividends taxed at 6%. Persons over 65 having total annual gross income derived from any and all sources of \$9,000 or less are exempt. Blindness is a basis for total exemption.
- UT** One-third of federal tax liability is deductible.
- VT** After tax year 1988, the rate is scheduled to revert to 25% of federal tax liability.
- VA** Top tax bracket is increased to \$17,000 by 1990. Standard deductions increase to \$3,000 single and \$5,000 joint in 1989.
- WI** The standard deduction is gradually phased-out as income increases; deduction is completely phased out at \$50,830 of adjusted gross income for single filers, \$55,000 of adjusted gross income for joint filers.
- WV** Eliminated standard deduction; all itemized deductions prohibited—replaced with the larger personal exemptions as listed above.

Table 19

State Individual Income Tax Rates for Tax Year 1988, Compiled October 1988
(all rates for single individuals or married, filing separately)

State	Income Subject to Tax	Marginal Rate (percent)	Special Rates or Features
Alabama	First \$500 \$501-\$3,000 Over \$3,000	2.0% 4.0 5.0	Married persons filing jointly are taxed at 2% of the first \$1,000 of taxable income, 4% on the next \$5,000, and 5% on any excess over \$6,000. Local income taxes are additional.
Alaska	No tax	.	
Arizona	First \$1,229 \$1,230-\$2,458 \$2,459-\$3,687 \$3,688-\$4,916 \$4,917-\$6,145 \$6,146-\$7,374 \$7,375 and over	2.0% 3.0 minus \$12 4.0 minus \$37 5.0 minus \$74 6.0 minus \$123 7.0 minus \$184 8.0 minus \$258	Tax brackets reflect 1988 inflation adjustments based on Phoenix metropolitan area. Tax brackets, personal exemptions, standard deductions and some credits are adjusted annually to reflect changes in the Consumer Price Index. For married joint returns, the tax brackets are exactly doubled. In 1987, every individual may subtract from Arizona gross income 46% of his or her federal income tax liability, or \$475, whichever is greater.
Arkansas	First \$2,999 \$3,000-\$5,999 \$6,000-\$8,999 \$9,000-\$14,999 \$15,000-\$24,999 Over \$25,000	1.0% 2.5 3.5 4.5 6.0 7.0	Two-earner married taxpayers may file separately on the same return (rather than jointly) in order to minimize their income tax liability.
California	\$0-\$3,818 \$3,819-\$9,048 \$9,049-\$14,278 \$14,279-\$19,822 \$19,823-\$25,052 Over \$25,052	1.0% 2.0 4.0 6.0 8.0 9.3	Tax brackets annually indexed by California consumer price index.
Colorado	Federal Taxable Income	5.0%	
Connecticut	\$54,000-\$57,999 \$58,000-\$61,999 \$62,000-\$65,999 \$66,000-\$69,999 \$70,000-\$73,999 \$74,000-\$77,999 \$78,000-\$81,999 \$82,000-\$85,999 \$86,000-\$89,999 \$90,000-\$99,999 \$100,000 and over	1.0% 2.0 3.0 4.0 5.0 6.0 7.0 8.0 9.0 11.0 12.0	Income tax applies to interest and dividend income only and then only when federal adjusted gross income falls within income brackets at left. A 7% tax is imposed on all net gains from the sales or exchange of capital assets (e.g., same capital gains base as federal income tax).
Delaware	\$0-\$2,000 \$2,001-\$5,000 \$5,001-\$10,000 \$10,001-\$20,000 \$20,001-\$25,000 \$25,001-\$30,000 \$30,001-\$40,000 Over \$40,000	0.0% 3.2 5.0 6.0 6.6 7.0 7.6 7.7	
DC (Washington)	First \$10,000 Second \$10,000 Over \$20,000	6.0% 8.0 9.5	The tax on unincorporated businesses is 9% plus a 2.5% surtax. Minimum tax is \$100. Two-earner married taxpayers may file separately on the same return (rather than jointly) in order to minimize their tax liability. For tax years beginning after 1987, the rate for taxable income over \$20,000 is reduced to 9.5%
Florida	No tax		
Georgia	First \$750 \$751-\$2,250 \$2,251-\$3,750 \$3,751-\$5,250 \$5,251-\$7,000 Over \$7,000	1.0% 2.0 3.0 4.0 5.0 6.0	If married taxpayers file joint federal returns, they must file joint state returns. The rates for these taxpayers range from 1% of the first \$1,000 of taxable income to 6% of taxable income over \$10,000.

Table 19 (cont.)

State Individual Income Tax Rates for Tax Year 1988, Compiled October 1988
(all rates for single individuals or married, filing separately)

State	Income Subject to Tax	Marginal Rate (percent)	Special Rates or Features
Hawaii	First \$1,200	2.25%	Married taxpayers filing jointly pay at rates of 2.25% of the first \$2,400 of taxable income to 10% of taxable income over \$40,400. In tax year 1989 and thereafter, the income brackets at left will be increased by \$300.
	\$1,201-\$2,200	4.25	
	\$2,201-\$3,200	6.25	
	\$3,201-\$5,200	7.25	
	\$5,201-\$10,200	8.25	
	\$10,201-\$14,200	9.25	
	\$14,201-\$20,200	9.75	
Over \$20,200	10.0		
Idaho	First \$1,000	2.0%	If joint federal return is filed, joint state return is required. Brackets for married filing jointly are twice those at left (e.g., 8.2% over \$40,000). Community property state in which, generally, one-half of the community income is taxable to each spouse. Each person (joint returned deemed one person) filing a return pays an additional \$10.
	\$1,001-\$2,000	4.0	
	\$2,001-\$3,000	4.5	
	\$3,001-\$4,000	5.5	
	\$4,001-\$5,000	6.5	
	\$5,001-\$7,500	7.5	
	\$7,501-\$20,000	7.8	
Over \$20,000	8.2		
Illinois	Taxable Net Income	2.5%	Additional personal property replacement tax of 1.5% of net income is imposed on partnership entities, trusts and subchapter S corporations.
Indiana	Adjusted Gross Income	3.4%	County income taxes may add up to an additional 1.0%.
Iowa	\$0-\$1,000	0.4%	State tax may not reduce income below \$5,000 (single), or \$7,500 (married filing joint, head-of-household, surviving spouse). Federal income tax liability is deductible from net income before the standard or itemized deduction is subtracted. For all taxpayers <i>except</i> individuals filing as single taxpayers, the taxpayers can multiply their income in excess of \$7,500 by maximum Iowa rate of 9.98% and compare this amount against the tax computed under the normal method and can pay the lesser of the two amounts.
	\$1,001-\$2,000	0.8	
	\$2,001-\$4,000	2.7	
	\$4,001-\$9,000	5.0	
	\$9,001-\$15,000	6.8	
	\$15,001-\$20,000	7.2	
	\$20,001-\$30,000	7.55	
\$30,001-\$45,000	8.8		
Over \$45,000	9.98		
Kansas	First \$27,500	4.8%	If married taxpayers file joint federal returns, they must file joint state returns.
	over \$27,500	6.1	
Kentucky	First \$3,000	2.0%	Local income taxes are additional. Two-earner married taxpayers may file separately on the same return (rather than jointly) in order to minimize their tax liability.
	\$3,001-\$4,000	3.0	
	\$4,001-\$5,000	4.0	
	\$5,001-\$8,000	5.0	
	Over \$8,000	6.0	
Louisiana	First \$10,000	2.0%	Community property state in which, generally, one-half of the community income is taxable to each spouse.
	\$10,001-\$50,000	4.0	
	Over \$50,000	6.0	
Maine	First \$6,000	2.0%	For tax years after 1988, tax brackets, standard deductions, personal exemptions, and tax credits annually indexed for inflation.
	\$6,001-\$10,000	4.0	
	\$10,001-\$16,250	6.0	
	Over \$16,250	8.0	
Maryland	First \$1,000	2.0%	Local income taxes are additional. Most taxpayers have a local tax surcharge of 50% of the state tax which, in effect, results in a 7.5% combined rate for taxpayers in the top tax bracket.
	\$1,001-\$2,000	3.0	
	\$2,001-\$3,000	4.0	
	Over \$3,000	5.0	
Massachusetts	Interest, dividends, net capital gains	10.0%	
	Earned income, annuities	5.0	
Michigan	Taxable income	4.6%	Local income taxes are additional. Persons with business activity allocated or apportioned to Michigan are also subject to a single business tax of 2.35% on an adjusted tax base.
Minnesota	\$0-\$13,000	6.0%	Additional rate of 8.5% on certain income classes reflects federal phase-out of personal exemptions and the 15% federal rate bracket.
	\$13,001-\$42,700	8.0	
	\$42,701-\$93,000	8.5	
	Over \$93,000	9.0	

Table 19 (cont.)

State Individual Income Tax Rates for Tax Year 1988, Compiled October 1988
(all rates for single individuals or married, filing separately)

State	Income Subject to Tax	Marginal Rate (percent)	Special Rates or Features
Mississippi	First \$5,000	3.0%	Two-earner married taxpayers may file separately on the same return (rather than jointly) in order to minimize their tax liability.
	\$5,001-\$10,000	4.0	
	Over \$10,000	5.0	
Missouri	First \$1,000	1.5%	Local income taxes are additional. Married taxpayers are not allowed to split income deductions, exemptions, etc. equally between spouses; they must be split according to amount of income earned. If the taxable income of each spouse is greater than \$9,000, the tax liability will not be affected. (The percent listed may vary at times by 0.5%.)
	\$1,001-\$2,000	2.0	
	\$2,001-\$3,000	2.5	
	\$3,001-\$4,000	3.0	
	\$4,001-\$5,000	3.5	
	\$5,001-\$6,000	4.0	
	\$6,001-\$7,000	4.5	
	\$7,001-\$8,000	5.0	
	\$8,001-\$9,000	5.5	
Over \$9,000	6.0		
Montana	\$0-\$1,400	2.0%	Tax brackets reflect 1988 inflation adjustments. The tax brackets, personal exemptions, and standard deduction are adjusted annually for inflation. Two-earner married taxpayers may file separately on the same return (rather than jointly) in order to minimize their tax liability. Until 1990, a 10% surtax is in effect.
	\$1,401-\$2,900	3.0	
	\$2,901-\$5,700	4.0	
	\$5,701-\$8,600	5.0	
	\$8,601-\$11,400	6.0	
	\$11,401-\$14,300	7.0	
	\$14,301-\$20,000	8.0	
	\$20,001-\$28,600	9.0	
	\$28,601-\$50,000	10.0	
Over \$50,000	11.0		
Nebraska	\$0-\$1,800	2.0%	
	\$1,801-\$16,800	3.15	
	\$16,801-\$27,000	5.0	
	Over \$27,000	5.9	
Nevada	No tax		
New Hampshire	Interest and dividends only	5.0%	\$1,200 of each taxpayer's interest and dividend income is exempt.
New Jersey	First \$20,000	2.0%	Rates are for both single taxpayers and married taxpayers filing jointly.
	\$20,001-\$50,000	2.5	
	Over \$50,000	3.5	
New Mexico	First \$5,200	1.8%	Taxpayers filing jointly pay at rates ranging from 2.4% on net income not over \$8,000 to 8.5% on net income over \$64,000. Heads of household pay at rates ranging from 1.8% on net income not over \$5,200 to 8.5% on net income over \$52,000. Special rates are provided for married persons filing separately. Community property state in which, generally, one-half of the community income is taxable to each spouse.
	\$5,201-\$10,400	3.0	
	\$10,401-\$15,600	4.5	
	\$15,601-\$23,400	5.8	
	\$23,401-\$31,200	6.9	
	\$31,201-\$41,600	7.7	
Over \$41,600	8.5		
New York	First \$3,000	3.0%	Lower tax rates are scheduled to be phased in through 1990. In 1990, there will be two tax rates: 5.5% of taxable income up to \$12,500 and 7% of taxable income over \$12,500. Local income taxes for New York City and Yonkers are additional.
	\$3,001-\$5,100	4.0	
	\$5,101-\$7,300	5.0	
	\$7,301-\$9,400	6.0	
	\$9,401-\$12,400	7.0	
	Over \$12,400	8.0	
North Carolina	First \$2,000	3.0%	Two-earner married taxpayers may file separately on the same return. Joint returns are not permitted.
	\$2,001-\$4,000	4.0	
	\$4,001-\$6,000	5.0	
	\$6,001-\$10,000	6.0	
	Over \$10,000	7.0	
North Dakota	First \$3,000	2.6%	These rates apply only if the long form (#37) is used. Two-earner married taxpayers may file separately, but not on the same return, with each using these rates. Separate returns may yield a lower rate. Taxpayers have option to use the short form (#37-S) on which the tax is computed by multiplying their federal income tax liability (before credits) by 14%.
	\$3,001-\$5,000	4.0	
	\$5,001-\$8,000	5.33	
	\$8,001-\$15,000	6.67	
	\$15,001-\$25,000	8.0	
	\$25,001-\$35,000	9.33	
	\$35,001-\$50,000	10.67	
Over \$50,000	12.0		

Table 19 (cont.)

State Individual Income Tax Rates for Tax Year 1988, Compiled October 1988
(all rates for single individuals or married, filing separately)

State	Income Subject to Tax	Marginal Rate (percent)	Special Rates or Features
Ohio	First \$5,000	0.743%	Two-income couples filing joint federal returns must file joint state returns; however, alternate rates are not available to these taxpayers. Instead, a joint filing credit of between 5%-20% of state liability is granted to these taxpayers, depending on total income. The rates will range from 0.743% of taxable income \$5,000 or less to 6.9% of taxable income over \$100,000.
	\$5001-\$10,000	1.486	
	\$10,001-\$15,000	2.972	
	\$15,001-\$20,000	3.715	
	\$20,001-\$40,000	4.457	
	\$40,001-\$80,000	5.201	
	\$80,001-\$100,000	5.943	
	Over \$100,000	6.9	
Oklahoma	First \$1,000	0.5%	Bracket amounts are exactly double those shown to the left for married taxpayers filing jointly (e.g., 6% of income over \$15,000). Optional rates (ranging from .5% to 17%) apply for taxpayers who elect to deduct federal income taxes.
	\$1,001-\$2,500	1.0	
	\$2,501-\$3,750	2.0	
	\$3,751-\$5,000	3.0	
	\$5,001-\$6,250	4.0	
	\$6,251-\$7,500	5.0	
	Over \$7,500	6.0	
Oregon	First \$2,000	5.0%	Rates shown are for single individuals and are the same for joint filers; however, bracket amounts are exactly double (e.g., top bracket \$10,000).
	\$2,001-\$5,000	7.0	
	Over \$5,000	9.0	
Pennsylvania	Specified classes of taxable income	2.1%	For nearly all taxpayers, the tax base is broader than federal taxable income.
Rhode Island	Modified federal income tax liability	22.96%	
South Carolina	First \$4,000	3.0%	
	\$4,001-\$6,000	4.0	
	\$6,001-\$8,000	5.0	
	\$8,001-\$10,000	6.0	
	Over \$10,000	7.0	
South Dakota	No tax		
Tennessee	Certain interest and dividends only	6.0%	Individuals are taxable only on certain interest and dividend income.
Texas	No tax		
Utah	First \$750	2.6%	Brackets amounts are exactly double those shown to the left for married taxpayers filing jointly (e.g., 7.35% over \$7,838).
	\$751-\$1,500	3.55	
	\$1,501-\$2,250	4.5	
	\$2,251-\$3,000	5.45	
	\$3,001-\$3,750	6.4	
	Over \$3,750	7.35	
Vermont	Federal income tax liability	23.0%	
Virginia	First \$3,000	2.0%	Two-earner married taxpayers may separately file on the same return (rather than jointly) in order to minimize their tax liability. For tax year 1989, the 5% rate applies to taxable income over \$5,000 but not over \$16,000 and the 5.75% rate applies to taxable income over \$16,000. For tax year 1990, the 5% rate applies to taxable income over \$5,000 but not over \$17,000 and the 5.75% rate applies to taxable income over \$17,000.
	\$3,001-\$5,000	3.0	
	\$5,001-\$15,000	5.0	
	Over \$15,000	5.75	
Washington	No tax		
West Virginia	First \$10,000	3.0%	Rates shown are for all taxpayers except married couples filing separate returns. A minimum tax is also imposed equal to the excess by which an amount equal to 25% of any federal minimum tax or alternative minimum tax year exceeds the total tax due for that tax year. For 1987 and thereafter, standard as well as itemized deductions have been eliminated. The personal exemption is \$2,000 each.
	\$10,001-\$25,000	4.0	
	\$25,001-\$40,000	4.5	
	\$40,001-\$60,000	6.0	
	Over \$60,000	6.5	
Wisconsin	\$0-\$7,500	4.9%	Married couples filing joint returns pay at rates ranging from 4.9% of the first \$10,000 of taxable income to 6.93% of income over \$20,000.
	\$7,501-\$15,000	6.55	
	Over \$15,000	6.93	
Wyoming	No tax

Table 20 (cont.)

State Individual Income Taxes: Exclusions and Adjustments to Income, Tax Year 1988

Key

[Special Note: Alaska, Florida, Nevada, South Dakota, Texas, Washington and Wyoming do not have a personal income tax; Connecticut, New Hampshire and Tennessee tax only interest and dividend income—subject to various exemptions and exclusions.]

Exclusions to Income

Interest Income

Unless otherwise indicated, all interest income is subject to state taxation (except income from U.S. debt obligations and qualifying "tax exempt" bonds from in-state political entities). Taxpayers receiving interest from United States debt obligations must pay federal income tax on such interest.

[100] or [100/200]

If a state permits certain amounts to be excluded from income, these amounts are indicated in the table. Amounts listed are for single filers [e.g., \$100] or, where permitted, for joint filers [e.g., \$100/\$200].

Dividend Income

Unless otherwise indicated, all dividend income is subject to taxation.

[100] or [100/200]

If a state permits certain amounts to be excluded from income, these amounts are indicated in the table. Amounts listed are for single filers [e.g., \$100] or, where permitted, for joint filers [e.g., \$100/\$200].

Capital Gains

[60%; 35%]

Unless otherwise indicated, capital gains are taxed as ordinary income; no exclusion is permitted. If a portion of capital gains is permitted to be excluded from income, the percentage exclusion is noted in brackets. Unless otherwise noted, the first \$125,000 of gain from the sale of a principal residence can be completely excluded (for taxpayers over age 55; a once-in-a-life-time exclusion, however).

Pensions

Unless otherwise indicated, all pension benefits (in excess of employee lifetime contributions) are taxed as ordinary income; no exclusion applies (aside from the employee's lifetime contributions).

\$6,000

The amount of pension benefits permitted to be excluded from income are indicated.

Social Security

Exempt

Indicates all Social Security benefits are exempt. This means that the taxpayer is permitted to subtract "excess" or "federally taxable" Social Security benefits listed on line 21b of the federal 1040 form from state adjusted gross (or taxable) income.

\$25k/\$32k (50%)

Indicates 50% of gross Social Security benefits are taxable for taxpayers with income greater than \$25,000 (single) or \$32,000 (married)—conforms to federal law.

Unemployment Compensation

Exempt

Indicates all unemployment compensation is exempt.

\$12k/\$18k (50%)

Indicates at least 50% of unemployment benefits are taxable for taxpayers with income greater than \$12,000 (single) or \$18,000 (married)—same tax status as federal law provided in 1986. If income is high enough, all unemployment benefits are taxable.

Unless otherwise indicated, all unemployment compensation is taxable.

Lottery Winnings

All lottery winnings are taxable.

[PA] Exempt

Indicates only in-state lottery winnings are exempt.

Adjustments to Income

Moving Expenses

Deduction

Indicates taxpayers are allowed to subtract—as an *itemized deduction only*—the amount of moving expenses claimed on federal tax returns. This does not necessarily indicate that this state tax provision ties directly to the federal code.

No

Adjustment for moving expenses not allowed.

Individual Retirement Accounts

Federal Amount

Indicates taxpayers are allowed to deduct the same amount as on the federal form 1040 for 1988. This does not necessarily indicate that this state tax provision ties automatically to the federal code. If a state permits taxpayers to deduct other amounts, these amounts are listed.

No

Deductions for IRAs not permitted.

Combined Separate Returns Allowed?

Yes

For states that have graduated rate structures, a "marriage penalty" can occur if the income of the lower-income spouse is less than the top income tax bracket; in effect, the lower-income spouse is taxed at a marginal rate equal to or greater than the higher-income spouse. To avoid this potential marriage penalty, numerous states permit two-income couples to file "combined separate returns"—where each spouse lists income, deductions, etc. separately on the same tax form. These states are designed "Yes." As of 1988, no state allows a married couple deduction.

JS

States designated "JS" have special "joint rate schedules" for married couples that substantially eliminate any marriage penalty.

NA

A marriage penalty does not occur in states that have flat tax rates, hence there is no need for combined separate returns or special tax rates for joint returns.

No

A "no" indicates that two-earner couples may pay a higher tax amount than if they were filing as two unmarried individuals.

Table 20 (cont.)

State Individual Income Taxes: Exclusions and Adjustments to Income, Tax Year 1988

Individual State Notes

Alabama—Can exclude first \$10,000 of benefits received from military retirement system (including U.S. Public Health Service). The first \$8,000 of retirement pay received by a qualified Alabama peace officer and the first \$8,000 of retirement pay received by an eligible firefighter can also be excluded. The following pensions are exempt: Alabama teachers retirement system, state employees retirement system, judicial retirement system, federal civil service retirement system and the federal railroad retirement system. Moving expenses are allowed as a deduction from gross income.

Arizona—Exclusion on civil service retirement benefits—maximum is \$2,500 per taxpayer. All benefits from Arizona state retirement system are excluded. Maximum exclusion on lottery winnings is \$5,000.

Arkansas—The first \$6,000 of employer-sponsored pension income is exempt. All benefits received from Arkansas state retirement system are excluded if retirement occurs by December 31, 1989, after which date only \$6,000 exclusion is allowed.

Colorado—Colorado adopted a flat tax of 5% based on federal taxable income with a very limited number of exclusions and adjustments. There is a \$20,000 pension exclusion allowed to each pension recipient.

Connecticut—For taxpayers over 65 years of age, any capital gain resulting from the sale of residence owned and used five of the eight preceding years is exempt from tax. No limits are imposed on the amount of the capital gain. This is a once-in-a-lifetime exclusion.

Delaware—For tax year 1988, the state pension exclusion remains \$2,000 for persons under age 60 and is now \$3,000 for persons over age 60. A married taxpayer with adjusted gross income over \$10,000 filing a joint federal return and separate Delaware return must add back the amount of his or her IRA deduction.

DC (Washington)—District and federal government retirees who are 62 years of age or older may exclude up to \$3,000 of pension, annuity or survivor benefits.

Georgia—Georgia state retirement benefits are excluded from income. Taxpayers with regular taxable pensions are not subject to the limitation of earned income.

Hawaii—Hawaii public employee retirement systems are exempt, as is any compensation received in the form of a pension for past services.

Idaho—Those persons 65 years of age or over receiving benefits from civil service, fireman, police (Idaho) and military retirement systems can deduct \$9,789/\$14,682.

Indiana—Civil service retirement benefits—can deduct up to \$2,000 (less social security benefits received). Military retirement benefits—can deduct up to \$2,000.

Iowa—Sixty percent of capital gains are excluded up to a maximum exclusion amount of \$17,500. The state will grant rebates to taxpayers affected by capital gains ceilings to the extent that the additional state revenue resulting from this ceiling exceeds \$8 million. Benefits received from Iowa state retirement systems are excluded. Civil service benefits, if over 62, disabled or survivors of annuitant who would have qualified for the exclusion on the basis of age or disability, can exclude \$5,627 if on a single return and \$8,184 if on a joint return (less any Social Security benefits received).

Kansas—Benefits received from civil service annuities and Kansas state retirements systems are excluded.

Kentucky—Benefits received from Kentucky state retirement systems are excluded. Civil service retirement system and military retirement income are allowed an exclusion of \$4,000 per year. Moving expenses, employee business expenses, and individual retirement accounts are based on federal rules prior to the *Tax Reform Act*.

Louisiana—Louisiana state employees retirement and teacher retirement benefits are excluded. Up to \$6,000 exclusion for each person 65 or over with pension income taxable on federal form.

Maryland—Must reduce any pension exclusion amount by any Social Security that is received and must be 65 or over to take the exclusion.

Massachusetts—The \$100/\$200 exclusion on interest is only for interest earned on savings deposits in Massachusetts banks. Allowable business expense is Part 1 only of US Form 2106.

Michigan—Benefits received from Michigan state or local government retirement systems are excluded.

Mississippi—Mississippi public employee retirement system benefits are exempt.

Missouri—Missouri public employee retirement system benefits are exempt. Lottery winnings of \$600 or more are subject to state and local earnings tax.

Montana—Capital gains from installment sales prior to January 1, 1987, are allowed a 40% exclusion. If 65 or over can exclude up to \$800 of interest and deduct up to \$3,600 of private pension plan benefits and up to \$3,600 of federal government retirement plan benefits. Montana Public Employee retirement system benefits are exempt. Moving expenses are allowed as an itemized deduction.

Table 20 (cont.)

State Individual Income Taxes: Exclusions and Adjustments to Income, Tax Year 1988

New Hampshire—Interest excluded for savings on deposits in credit unions and banks in New Hampshire and Vermont. Dividends received from banks, credit unions, national banks, and building and loan associations in New Hampshire excluded. The exclusion amount for taxable dividends and interest is \$1,200 (\$2,400 joint) times the number of exemptions.

New Jersey—Over 55 years of age, once-in-a-lifetime exclusion of \$125,000 on sale of principal residence.

New Mexico—New Mexico public employee, educational and judicial retirement benefits are exempt. Up to \$3,000 of federal civil service and military retirement income is excluded. Persons 65 or over can exclude up to \$8,000 of income; amount depends on AGI and equals \$8,000 for federal AGI of \$18,000 or less (\$30,000 for married filing joint, \$15,000 for married filing separate), declines in \$1,000 increments for AGI over \$18,000 up to \$22,500 (over \$30,000 up to \$45,000 for married filing joint) and is \$0 above \$22,500 (\$45,000 for married filing joint).⁸Moving expenses, income and other deductions are prorated by ratio of in-state source taxable income to federal taxable income.

New York—New York state pensions are exempt. For other retirement systems, persons over 59-and-one-half can exclude up to \$20,000.

North Carolina—North Carolina state and local government retirement benefits are exempt. Up to \$3,000 of military and federal civil service retirement pay is excludable. Dividends are deductible (in itemized personal deductions) in the proportion that the net income of the declaring corporation was taxable in North Carolina.

North Dakota—An exclusion of pension benefits up to \$5,000 received from the U.S. Civil Service, North Dakota city firemen's relief, city policemen's fund, or military retirement is allowed. In each case, the amount received or \$5,000, whichever is lower, must be reduced by any Social Security retirement benefits received. Also, an individual must be at least 60 years of age to qualify for the military retirement pay exclusion. Two-earner taxpayers may not file on the same return.

Oklahoma—Oklahoma state retirement system benefits are exempt. \$4,000 may be excluded from U.S. Civil Service retirement benefits.

Oregon—Oregon state retirement system benefits are exempt. Federal public retirement system benefits: military under 62—no exemptions, 62 and over—\$5,000 exemption limit; nonmilitary—\$5,000 exemption limit.

Pennsylvania—Capital gains are fully taxable, except for the sale of an individual residence, in which case the owner must be 55 years of age or older on the date of the sale and must have used the residence as principal residence for a total of three years during a five-year period preceding the sale. The maximum exclusion is \$100,000 per transaction. Moving adjustment limited to direct moving expenses.

South Carolina—South Carolina state retirement system benefits are exempt. \$3,000 may be excluded on benefits received from U.S. Civil Service retirement system. Age 65 or over can exclude \$3,000 of any other retirement income.

Tennessee—Interest excluded on bonds from State of Tennessee and U.S. government, certificates of deposit and savings accounts represented by passbook. Dividends received from national banks, state banks of Tennessee, savings and loan associations in Tennessee and company credit unions are excluded. Each individual can exclude \$1,250 that can be applied against taxable dividend and interest income before computing the tax. Married couples filing jointly may exclude \$2,500 of taxable income before computing the tax.

Utah—Pension deduction amounts are limited by age, type of pension, and adjusted gross income shown as federal adjusted gross income. Persons 65 or over may include interest, dividends, and net rental income received to reach exclusion amount. Utah state retirement system benefits are exempt.

Vermont—Vermont residents over 65 may exclude the lesser of \$1,000 or gains on federal form. Vermont state lottery winnings are exempt. This includes winnings in the Tri-State Megabucks (VT, NH, ME).

Virginia—Retirement benefits of Virginia state government, its political subdivisions, and agencies are exempt. For part-year residents of Virginia, moving expenses from federal form 1040, line 24 will be allocated to Virginia only when the move is being made into the state. Moving expenses for part-year residents will not be allowed when the move is made outside of Virginia. Prizes of less than \$600 awarded by the Virginia State Lottery Department are excludable.

West Virginia—Public safety retirement benefits are exempt. The first \$2,000 of either West Virginia state retirement system benefits or military retirement benefits are exempt. Individuals over age 65 and/or permanently disabled are allowed an income exclusion of up to \$8,000.

Wisconsin—Benefits received by persons who were members of the state teacher retirement system or certain Milwaukee City/County retirement systems are excludable.⁸Moving expenses related to a move within or into the state of Wisconsin are eligible for Wisconsin itemized credit. Although the two-earner couple deduction is not permitted, a special married persons credit is provided.

NA—not applicable.

¹ For federal tax purposes, unreimbursed medical expenses are deductible only to the extent such expenses exceed 7.5% of adjusted gross income. Most states that permit taxpayers to deduct unreimbursed medical expenses will follow the federal 7.5% floor.

² "Other Interest" includes interest paid on all loans except mortgage and home equity loans (e.g., consumer installment debt, auto/boat loans, student loans). The deductibility of these types of interest expenses will be phased out over a four-year period. In tax year 1987, 65% of such interest could have been deducted; 1988, 40%; 1989, 20%; 1990, 10%; none in 1991 and thereafter. Most states that permit taxpayers to deduct "other interest" also will follow the phase-out provisions of the federal tax code.

³ For federal tax purposes, casualty losses must exceed \$100 per loss. Furthermore, only total annual losses in excess of 10% of adjusted gross income are deductible (i.e., a 10% "floor" exists for casualty loss deductions). Most states that permit taxpayers to deduct casualty losses apply the same restrictions as those imposed under the federal tax code.

⁴ Not an itemized deduction; all taxpayers, including those filing nonitemized returns, may subtract this from state taxable income.

***Individual State Notes**

AL: Medical deductions limited to expenses greater than 3% of adjusted gross income. A casualty loss deduction is permitted for losses in excess of \$100 (no 10% floor).

AZ: Renters can take a deduction for the property tax portion of rent payments. (In addition, renters are allowed a credit equal to 5% of the rent or a maximum of \$85.) Medical expenses are deductible, no floor. Dividends are deductible from corporations doing 50% or more of their business in Arizona (cannot include any dividends already excluded). Federal tax liability is deductible. Arizona income tax liability is limited to 46% of federal tax liability or \$475, whichever is greater.

AR: Medical deduction limited to expenses greater than 7.5% of adjusted income. Charitable contributions such as art and literary contributions are deductible.

CA: All deductions are the same as federal except for state, foreign and local taxes, which are not deductible.

CO: Deductions are the same as allowed for federal income tax purposes. (Previously, state and local taxes were not deductible and federal tax liability was deductible.)

DE: Federal tax liability deduction limited to \$300 single, \$600 joint; this is available to all taxpayers. All other deductions are the same as on federal schedules except for state income tax, which is not deductible.

DC: Same as for federal schedules except for state and local income tax, which is not deductible. For tax purposes, DC (Washington), is considered to be a state.

GA: All deductions are the same as federal schedules except for state income tax, which is limited to Georgia only.

HI: Deductions are the same as on the federal schedules.

ID: Deductions are the same as on the federal schedules except for state income tax, which is not deductible.

IL: No "typical" standard deductions except for property tax (no zero-bracket). When federal standard deductions exceed withholdings, the amount is considered income for the following tax year. For Illinois state income tax purposes, an individual receives a standard deduction.

- IN:** Allows a renters deduction of \$1,500 maximum and a \$1,000 maximum on insulation (material and labor). No itemized deductions (no zero-bracket).
- IA:** Deductions are the same as on federal schedules except for Iowa income tax, which is not deductible. Other state income taxes are deductible. There are additional deductions allowable for mileage for charitable purposes, care of a disabled relative, and adoption expenses. A deduction is allowed for amounts incurred for tuition and textbooks for dependents attending grades K-12. Deduction per dependent may not exceed \$1,000.
- KS:** Deductions are the same as on federal schedules except for state income tax, which is not deductible.
- KY:** Allows all taxpayers charitable contribution deductions. Benefits from several state pensions systems are exempt from state taxation even though such benefits may be taxable under federal tax law.
- LA:** Same deductions are allowed on federal schedules, limited to the amount in excess of the federal standard deduction. Full deduction allowed for federal income tax paid. Allows a \$100 credit for deafness, loss of limb, mental incapacity, and blindness. Also allows credit of 10% of federal credits for child care, elderly, energy, political contributions, and other credits, up to a maximum of \$25.
- MA:** Allows deduction (limited to \$2,000 per taxpayer) for social security tax or contribution to Massachusetts retirement system; \$600 for each child under 12 years of age or federal child care expenses; 50% on rent paid up to \$2,500; and adoption fees in excess of 3% of AGI taxable at 5%. Medical deduction is same as on federal schedule (i.e., medical in excess of the 7.5% floor). [No itemized deductions, all taxpayers can take the deductions listed above.]
- MI:** No federal itemized deductions, however, credits are provided as follows: property tax credit, heating, solar and farmland preservation credits, city income tax credits, credit for contributions to Michigan colleges or universities, municipalities or libraries, art institutions or public broadcasting stations. Also allowed a deduction for military pay, payments to Michigan's pre-paid tuition program, and amount for federal credit for elderly and disabled.
- MN:** Only those taxpayers taking itemized deductions may deduct school expenses: tuition, transportation and nonreligious textbooks, and rental fees for musical instruments for children in public or private schools (nonprofit), grades K through 12. Deductions are also allowed for children attending schools in surrounding states as long as you are a resident of Minnesota. Elderly exclusion available on income for taxpayers age 65 and over. Based loosely on federal elderly credit, but higher state income ceilings.
- MO:** Can deduct social security tax, railroad retirement tax and self-employment tax paid only if you itemize deductions. All taxpayers may deduct their federal tax liability. Local income tax can be deducted only if you itemize.
- MT:** Only taxpayers itemizing may deduct federal tax liability.
- NE:** Every individual who itemized on the federal return is allowed to subtract from federal adjusted gross income the greater of either the standard deduction or all of federal itemized deductions, except for the amount deducted on the federal return for state or local income taxes paid.
- NJ:** May deduct residential property tax or a portion of rent paid on principal residence. Minimum amount for homeowners for income \$20,000 or less is \$3,250; greater than \$20,000 but less than \$50,000, \$2,600; over \$50,000, \$1,857. For renters the minimum is \$1,750, \$1,400, and \$1,000 respectively. May deduct medical expenses in excess of 2% of adjusted gross income. No itemized deductions per se in that all taxpayers may take these deductions; no zero bracket amount exists.
- NM:** The greater of federal itemized deductions or state standard deduction amount is allowed (\$4,000 married filing joint, \$3,500 head of household, \$3,000 single, \$2,000 married filing separate). There are special credits and rebates for low-income comprehensive tax rebate, low-income food and medical tax rebate, day care, property tax rebate for taxpayers 65 and older, solar equipment and solar irrigation.
- NY:** Taxpayers with NYAGI in excess of \$100,000 must reduce their itemized deductions. The reduction amount is based on filing status and the percentage disallowed ranges up to 20% for taxpayers with NYAGI in excess of \$525,000
- NC:** Medical expenses in excess of 5% of adjusted gross income are deductible.
- OH:** No itemized deductions allowed, only adjustments to income.
- OK:** Deductions are the same as on federal schedules. Two tax rate schedules are available—one allowing federal tax deductions and one not. Taxpayers may choose the one that results in the least amount of tax to be paid. Federal tax liability may be deducted for taxpayers using appropriate rate schedule.
- OR:** Taxpayers use federal deductions (less state income tax). Deduction of federal tax liability is available to all taxpayers. Maximum federal tax deduction limited to \$3,000 (\$1,500 separately).
- PA:** Generally does not allow "typical" itemized deductions. Several deductions are allowed for eligible taxpayers; allowable business expenses, moving expenses, educational expenses, office-at-home expenses, union dues, work clothes and uniforms expense, small tools expense and license fees. Tax forgiveness allowed for low-income taxpayers under special provisions.
- RI:** Tax based on federal tax liability. Adjustments available for taxpayers in a small number of special cases (e.g., out-of-state bonds) less self-employment tax. All deductions are implicit because the state tax paid is a percent of federal tax liability (which permits most of the listed deductions.)
- SC:** No state or local income tax deductions allowed. Other deductions same as on federal schedules.
- UT:** Same deductions as on federal schedules except for state income tax, which is not deductible. Adoption expenses up to \$1,000 per year are allowed for all taxpayers. Only one-third of net federal income tax paid or payable, after all allowable credits, can be deducted.
- VA:** Deductions are the same as on federal schedule A line 24, less state and local income taxes.
- WI:** Individuals are allowed a 5% credit for certain interest expenses, medical expenses, charitable contributions, moving expenses for moves in or into Wisconsin and miscellaneous expenses. A school property tax credit of 8.5% of the first \$2,000 of property taxes or rent constituting property taxes paid on a principal dwelling is allowed.

Table 23

Local Government Income Tax Rates for Selected Cities and Counties, by State, 1988
(in percent)

State	City Name (county)	City Tax Rate		County Tax Rate		Income Tax Based on
		Resident	Non-resident	Resident	Non-resident	
Alabama	Auburn (Lee)	1.0	1.0			Salaries, wages, commissions and other compensation earned in taxing cities.
	Birmingham (Jefferson)	1.0	1.0			
	Gadsden (Etowah)	2.0	2.0			
Delaware	Wilmington (New Castle)	1.25	1.25			Salaries, wages, commissions and other compensation earned in taxing cities.
Indiana	Elkhart (Elkhart)			1.0	0.25	County adjusted gross income.
	Ft. Wayne (Wayne)			1.0	0.25	
	Indianapolis (Marion)			0.5	0.125	
Iowa	School Districts					Local income tax liability equals percentages at left multiplied by state income tax liability. Local tax is actually a school district tax levied on residents of the particular school district.
	CAL Community	7.50				
	Klemme Community	10.50				
	Lincoln-Central	11.25				
	Meservey-Thornton	8.5				
	Stratford Community	6.25				
	Woden-Crystal Lake	10.00				
Kentucky	Covington (Kenton)	2.5	2.5	0.5	0.5	Salaries, wages, commissions and other compensation earned in the taxing cities and counties. City and county taxes do not overlap.
	Frankfort (Franklin)	1.0	1.0	1.0	1.0	
	Lexington (Fayette)			2.0	2.0	
	Louisville (Jefferson)	2.2	1.45	2.2	1.45	
Maryland	Annapolis (Anne Arundel)			50.0	0	Fifty percent of state income tax liability. All state residents pay a county tax ranging from 20-50% of state income tax liability. The vast majority of taxpayers pay at the 50% rate. In effect, the local rate translates into 2.5% of adjusted gross income greater than \$3,000.
	Baltimore (city as well as Baltimore County)			50.0	0	
	Bowie (Prince George's)			50.0	0	
	Rockville (Montgomery)			50.0	0	
	Hagerstown (Washington)			50.0	0	
Michigan	Detroit (Wayne)	3.0	1.5			All earned income in taxing cities.
	Flint (Genessee)	1.0	0.5			
	Grand Rapids (Kent)	1.0	0.5			
	Lansing (Ingham)	1.0	0.5			
Missouri	Kansas City (Jackson)	1.0	1.0			Salaries, wages, commissions and other compensation earned in taxing cities.
	St. Louis City	1.0	1.0			
New York	New York City	1.5-3.5	0.25			NYC: City income tax for residents ranges from 1.5% of the first \$2,500 of state taxable income to 3.5% over \$60,000; tax on nonresidents equals 0.25% of earned income. Yonkers: Residents pay 15% of net state tax (after property tax credit); nonresidents pay 0.5% of earned income.
	Yonkers (Westchester)	15.0	0.5			
Ohio	Akron (Summit)	2.0	2.0			Salaries, wages, commissions and other compensation earned in taxing cities.
	Cincinnati (Hamilton)	2.1	2.1			
	Cleveland (Cuyahoga)	2.0	2.0			
	Columbus (Franklin)	2.0	2.0			
	Dayton (Montgomery)	2.25	2.25			
	Toledo (Lucas)	2.25	2.25			
	Youngstown (Mahoning)	2.0	2.0			

Table 23 (cont.)

Local Government Income Tax Rates for Selected Cities and Counties, by State, 1988
(In percent)

State	City Name (county)	City Tax Rate		County Tax Rate		Income Tax Based on
		Resident	Non-resident	Resident	Non-resident	
Ohio (cont.) School Districts	Anna (Shelby)	0.5	0			School district taxes are in addition to other local government income taxes. Only those school districts listed can impose income taxes.
	Arlington (Hancock)	0.75	0			
	Bradford (Miami)	1.0	0			
	McComb (Hancock)	1.0	0			
	West-Liberty Salem (Champaign)	0.5	0			
Pennsylvania	Allentown (Lehigh)	1.045	1.0			Salaries, wages, commissions and other income earned in the taxing cities. Only those school districts listed can impose income taxes.
	Erie (Erie)	1.0	1.0			
	Philadelphia	4.96	4.3125			
	Pittsburgh (Allegheny)	2.125	1.0			
	Reading (Berks)	1.0	1.0			
	Scranton (Lackawanna)	2.2	1.0			
School Districts	Philadelphia	4.96 ¹				
	Pittsburgh (Allegheny)	1.875 ²				
Taxes are imposed on the total payroll of employers in the following cities at the rates listed. Many public finance analysts believe that the burden of these taxes is shifted to employees.						
California	Los Angeles	0.75%				
	San Francisco	1.50%				
New Jersey	Newark	0.75%				
Oregon	Clackamas, Multnomah and Washington counties [Portland area]	0.60%				
	Lane County Mass Transit District	0.49%				

¹ Unearned income, commonly called investment income.

² Is included on the same form as city tax. Residents of Pittsburgh pay 4% on earned income.

Table 24
State Corporate Income Tax Rates For Tax Year 1988
 (as of October 1988)

State	Net Income	Marginal Rate (percent)	Income Tax Deductible	Federal Used as State Tax Base	Special Rates or Features
Alabama	—	5.0	Yes	No	
Alaska	First \$10,000 \$10,000-\$20,000 \$20,000-\$30,000 \$30,000-\$40,000 \$40,000-\$50,000 \$50,000-\$60,000 \$60,000-\$70,000 \$70,000-\$80,000 \$80,000-\$90,000 Over \$90,000	1.0 2.0 3.0 4.0 5.0 6.0 7.0 8.0 9.0 9.4	No	Yes	Decoupled from ACRS only for the oil and gas industry which account for about 90% of the state's corporate tax revenue.
Arizona	First \$1,000 \$1,000-\$2,000 \$2,000-\$3,000 \$3,000-\$4,000 \$4,000-\$5,000 \$5,000-\$6,000 Over \$6,000	2.5 4.0 5.0 6.5 8.0 9.0 10.5	Yes	Yes	Minimum Tax, \$50.
Arkansas	First \$3,000 \$3,000-\$6,000 \$6,000-\$11,000 \$11,000-\$25,000 Over \$25,000	1.0 2.0 3.0 5.0 6.0	No	No	Federal income allows federal ACRS for realty.
California	—	9.3	No	No	California-Minimum tax, \$300 (\$600 for income years beginning in 1989 and \$800 after 1989). A 7% alternative minimum tax is imposed. Beginning in 1988, banks and corporations electing a water's-edge method of apportioning income must pay an annual amount equal to 0.3 of 1% of the sum of taxpayer's property, payroll and sales in California.
Colorado	First \$50,000 \$50,001-\$200,000 Over \$200,000	5.25 5.5 6.0%	No	Yes	For income tax years beginning on or after July 1, 1987, but before July 1, 1988, the rate is 5.5% of the first \$50,000 of Colorado net income and 6% of excess Colorado net income over \$50,000. For income tax years beginning on or after July 1, 1988, the tax rates are reduced until, for income tax years beginning on or after July 1, 1993, the tax is imposed at the rate of 5%. Qualified taxpayers may pay an alternative tax of one-half of 1% of gross receipts from sales in or into Colorado.
Connecticut	—	11.5	No	Yes	To the extent they exceed the net income tax, the greater of the following taxes are imposed on capital stock: 3.1 mills/dollar (minimum, \$100; maximum, \$500,000) on capital stock and surplus.
Delaware	—	8.7	No	Yes	
DC (Washington)	—	10.0	No	Yes	A 2.5% surtax is imposed.
Florida	—	5.5	No	Yes	A 3% alternative minimum tax is also imposed.
Georgia	—	6.0	No	Yes	
Hawaii	First \$25,000 \$25,001-\$100,000 Over \$100,000 Capital gains Financial Institutions	4.4 5.4 6.4 4.0 11.7	No	Yes	
Idaho	—	8.0	No	Yes	Minimum tax, \$20. Additional \$10 tax on each corporation filing a return and having gross income during the tax year.
Illinois	—	4.0	No	Yes	Additional 2.5% personal property replacement tax imposed.
Indiana	Corporate income tax Supplemental Net Income	3.4 4.5	No	Yes	Domestic and interstate corporations pay a tax of 3.4% of AGI from sources within Indiana. A supplemental net income tax is imposed on corporations, banks, trust companies, savings associations and domestic insurers at 4.5%. A 0.3% gross income (receipts) tax is also levied. Federal income allows federal ACRS for realty.
Iowa	First \$25,000 \$25,000-\$100,000 \$100,000-\$250,000 Over \$250,000	6.0 8.0 10.0 12.0	Yes	Yes	The financial institutions franchise tax is 5% of taxable net income.

Table 24 (cont.)
State Corporate Income Tax Rates for Tax Year 1988
 (as of October 1988)

State	Net Income	Marginal Rate (percent)	Income Tax Deductible	Federal Used as State Tax Base	Special Rates or Features
Kansas	—	4.5	No	Yes	A 2.25% surtax is imposed on taxable income in excess of \$25,000. Banks, 4.25% of net income plus 2.125% surtax on net income over \$25,000. A 1.5% surtax is in effect in the Kansas City School District until capital improvement bonds authorized under court order are retired.
Kentucky	First \$25,000	3.0	No	Yes	
	\$25,000-\$50,000	4.0			
	\$50,000-\$100,000	5.0			
	\$100,000-\$250,000	6.0			
	Over \$250,000	7.25			
Louisiana	First \$25,000	4.0	Yes	Yes*	*Except for insurance companies.
	\$25,000-\$50,000	5.0			
	\$50,000-\$100,000	6.0			
	\$100,000-\$200,000	7.0			
	Over \$200,000	8.0			
Maine	First \$25,000	3.5	No	Yes	Financial institutions: franchise tax of 1% of Maine net income plus 8 cents per \$1,000 of Maine assets. Each year of a book net operating loss, a credit is allowed against the tax on assets.
	\$25,000-\$75,000	7.93			
	\$75,000-\$250,000	8.33			
	Over \$250,000	8.93			
Maryland	—	7.0	No	Yes	Financial institutions, 7% of net earnings allowable to Maryland.
Massachusetts	—	See Note	No	Yes	Corporations pay an excise tax equal to the greater of the following: (1) \$2.60 (includes surtax) per \$1,000 of value of Massachusetts tangible property not taxed locally or net worth allocated to Massachusetts, plus 9.5% (includes surtax) of net income; or (2) \$400, whichever is greater. A surtax of 14% is imposed.
Michigan	—	2.35	No	Yes	State uses a single business tax rather than a corporate income tax (which operates similar to a value-added tax). The 2.35% rate is applied to federal taxable income with adjustments. Other nonfederal components are also used in the tax base. The first \$40,000 of the tax base is exempt.
Minnesota		9.5	No	Yes	80% of ACRS is allowed for 3, 5, and 10-year property and 60% for 15-year real property. For tax years beginning after 1986 and before 1990, an alternative minimum tax is imposed equal to 0.1% of the alternative minimum tax base over regular franchise tax liability. For taxable years beginning after 1989, a federal piggyback alternative minimum tax is imposed. For tax years beginning after 1987, the rate will rise if there is a revenue shortfall. Federal income allows federal ACRS for realty.
Mississippi	First \$5,000	3.0	No	No	
	\$5,000-\$10,000	4.0			
	Over \$10,000	5.0			
Missouri	—	5.0	Yes	Yes	Financial institutions are taxed at a rate equal to the sum of (1) the greater of \$25 or 0.05% of the par value of the institution's outstanding shares and surplus employed in Missouri and (2) 7% of the institution's net income for the income period minus tax computed on their shares and surplus under (1) and credits allowable for other state and local taxes.
Montana	—	6.75	No	Yes	Minimum tax, \$50, except \$10 for small business corporations. Beginning in 1988, corporations electing to use water's edge apportionment are taxed at 7%. A 4% surtax applies to all corporate taxpayers after 1987.
Nebraska	First \$50,000	4.75	No	Yes	
	Over \$50,000	6.65			
Nevada	No tax				
New Hampshire	—	8.0	No	Yes	8% of taxable business profits of business organizations.
New Jersey	—	9.0	No	Yes	All corporations pay additional tax on net worth. Corporations pay a tax of 9% of allocated net income plus additional mill levy on allocated net worth. A 7.25% corporation income tax is imposed on net income from New Jersey other than those subject to or exempt from the general income tax. For accounting or privilege periods ending before July 1, 1993, a surtax is imposed at a rate

Table 24 (cont.)
State Corporate Income Tax Rates for Tax Year 1988
 (as of October 1988)

State	Net Income	Marginal Rate (percent)	Income Tax Deductible	Federal Used as State Tax Base	Special Rates or Features
<i>New Jersey (cont.)</i>					<i>determined by the Division of Taxation based on the amount of franchise tax paid that is attributable to changes made to federal income tax laws by the Tax Reform Act of 1986. (Not imposed for the period July 1, 1988, through June 30, 1989)</i>
New Mexico	First \$500,000	4.8	No	Yes	
	Second \$500,000	6.4			
	Over \$1,000,000	7.6			
New York	—	9.0	No	Yes	Corporations are subject to a 9% tax on net income or a tax on three alternative bases, whichever produces the greatest tax. A 10% tax is imposed on unrelated business income, with modifications, of taxpayers subject to the federal tax on unrelated business income. Minimum tax, \$250. Surcharge imposed in Metropolitan Commuter Transportation District. New York City corporation income tax is 17% of tax imposed for tax years ending on or after 12/31/83, but before 12/31/90. Small business taxpayers are subject to a lower tax rate. An additional tax of 0.9 mills/\$1 of subsidiary capital is levied.
North Carolina	—	7.0	No	Yes	
North Dakota	First \$3,000	3.0	Yes	Yes	The tax is equal to the greater of the tax rate on taxable income or 5% of alternative minimum taxable income, effective for tax years beginning after 1988. Banks, trust companies and associations, 5% of North Dakota building/savings and loan net income.
	\$3,000-\$8,000	4.5			
	\$8,000-\$20,000	6.0			
	\$20,000-\$30,000	7.5			
	\$30,000-\$50,000 Over \$50,000	9.0 10.5			
Ohio	First \$25,000	5.1	No	Yes	Minimum tax, \$50. Financial institutions are taxed at 15 mills times the value of stock. For ACRS, taxpayer must add 25% of the amount by which the corporation's federal taxable income was reduced by ACRS depreciation, but a deduction of 20% of such addition is allowed in each of the five ensuing tax years. For tax years 1984 and 1985, financial institutions are subject to an additional tax.
	Over \$25,000 or 5.82 mills multiplied by value of stock, whichever is greater	8.9			
Oklahoma	—	5.0	No	Yes	
Oregon	—	6.6	No	Yes	Minimum tax, \$10. Qualified taxpayers may elect to pay alternative tax of 0.25% or 0.125% of gross sales in Oregon.
Pennsylvania	—	8.5	No	Yes	
Rhode Island	Greater of 8% or 40c per \$100 of net worth, whichever is greater	8.0	No	Yes	
South Carolina	—	6.0	No	Yes	Banks, 4.5% of South Carolina net income; savings and loan associations, 8% of South Carolina net income. The tax is reduced to 5.5% for tax years beginning in 1988 and to 5% for tax years beginning after 1988.
South Dakota	No tax				Banks and financial institutions, 6% of net income with modifications; minimum, \$200 per authorized business location.
Tennessee	—	6.0	No	Yes	Corporations are also subject to the 6% tax on dividends and interest.
Texas	No tax				
Utah	—	5.0	No	No	Minimum tax, \$100. A 4% surtax is imposed.
Vermont	First \$10,000	5.5	No	Yes	Minimum tax, \$75.
	\$10,000-\$25,000	6.6			
	\$25,000-\$250,000	7.7			
	Over \$250,000	8.25			
Virginia	—	6.0	No	Yes	
Washington	No tax				
West Virginia	—	9.75	No	Yes	Beginning July 1, 1988, the rate is reduced by 0.15% per year for 5 successive years, such rate to be 9% on and after July 1, 1992.
Wisconsin	—	7.9	Yes	No	
Wyoming	No tax				ACRS allowed for property placed in service before 1987.

Table 25 (cont.)

Major Features of State Sales Taxes, October 1988

Notes

X = Exempt

+ = Additional local sales tax rates may be added. See Table 28 for local rates.

¹ Given the nature of the data, a "clean" median does not exist. Of the 46 states (and DC [Washington]) with sales taxes, 14 states and DC (Washington), have rates above 5.0%, 20 states have rates below 5.0%, and 11 states have a rate of 5.0%.

² In California, tax is a 911 surcharge.

³ The sales tax in Rhode Island is on recurring charges only; it is not on toll calls.

⁴ Basic local exchange service is exempt.

⁵ Wisconsin is the only state to include intra and interstate carrier access charges in the tax base. Similar provisions to apply the sales tax to access charges were repealed in South Carolina effective July 1, 1987, and in Maine effective January 1, 1988.

Individual State Notes

Alabama	Prescription drugs for persons over age 65 are exempt.
Arkansas:	Exempts the first 500 kilowatt hours of electricity per month for residential customers whose income is not more than \$12,000 per year.
Connecticut:	Clothing less than \$75 and all (under the age of 10) children's clothing is exempt.
Hawaii:	Although Hawaii does not exempt food from the general sales tax, a tax credit is granted on the state income tax to help offset the sales tax (and other excise taxes). This credit is available to taxpayers earning \$20,000 or less.
Kansas:	Related income tax credit allowed for senior citizens depending on income level. Local tax is imposed on sales of natural gas, electricity, heat, and water delivered through mains, lines, or pipes.
Kentucky	Coal for the manufacturing of electricity is exempt.
Maine:	The first 750 KWH per month is exempt.
Massachusetts:	Sales tax applies if an item of clothing or footwear is over \$175.
Minnesota:	Residential use of natural gas or electricity for heating purposes is exempt through the months of November-April.
Missouri:	The sales tax will decrease 1/10 of 1% on July 1, 1990 to 4.125%.
New Mexico:	Although New Mexico does not exempt food and prescription drugs from the general sales tax, a tax credit (refundable if no tax is due) is available to taxpayers with modified gross income less than \$10,000—this to offset the sales tax on food and prescription drugs.
Nevada:	The state has a mandatory 3.75% local sales tax, which in practice gives the state a sales tax rate of 5.75%.
North Carolina:	Food purchased with food stamps is exempt. There is a non-refundable credit on the personal income tax to help offset the sales tax on food purchases. The credit ranges from \$15 to \$25 depending on income level. The credit is not available to taxpayers with taxable income greater than \$15,000.
North Dakota:	Gross receipts from sales of electricity is exempt.
Rhode Island:	Sales tax applies for sports clothing.
South Dakota:	Related income tax credit allowed for senior citizens depending on level of income.
Utah:	Rate will decrease to 5.0% on January 1, 1990. Utility sales tax rate on gas, electricity, heat, coal, fuel oil or other fuels for residential use is 2.0938% (2% effective January 1, 1990).
Wisconsin:	Residential use of natural gas or electricity for heating purposes is exempt through the months of November-April.

*NV—In 1981, the state made the 3.75% county tax mandatory, which in effect raised the state rate and dedicated the tax for special purposes. That same year, authority was granted for counties to levy a transit tax, and three counties currently exercise this option.

¹ In a small number of states, the exact number of units using the tax in 1981 was not available. Total figure is an estimate.

² Figures revised from prior editions of *Significant Features of Fiscal Federalism*.

Source: ACIR staff compilations based on Commerce Clearing House, *State Tax Reporter*, and National Conference of State Legislatures, *Legislative Finance Paper #24*, "Local Sales and Income Taxes: How Much Are They Used? Should They Be More Widespread?" Denver, CO, 1982.

Individual State Notes

- AL:** The City of Huntsville is not required to pay county sales taxes within its corporate limits. Both counties and cities are authorized to levy sales taxes. City sales taxes are in addition to any county sales taxes. Rate in police jurisdiction 1.5%.
- AK:** Boroughs may levy a sales and use tax not to exceed 6.0%. Cities outside boroughs may levy a tax not to exceed 3.0%. Cities within boroughs may levy a sales or use tax upon all sources taxed by the borough in the manner provided for boroughs but may not exceed 6.0%. City sales taxes are in addition to borough sales taxes.
- AZ:** Subject to voter approval, various counties are authorized to levy a transportation excise tax at a rate of not more than 10% of the state transaction privilege tax rate. Maricopa and Pinal Counties are the only ones to levy this tax.
- AR:** Cities (first, second class and incorporated towns) may impose a sales tax not to exceed 1%. They are allowed to impose an extra 0.5% or 1.0% for improvement of parks. Counties can levy a sales tax not to exceed 1.0%. City sales taxes are in addition to any county sales taxes. The City of Texarkana levies a sales tax of 1.0% plus an additional 1.0% sales tax in lieu of the state income tax.
- CA:** All counties have adopted a 1.25% sales tax. Cities may levy a conforming 1.0% tax (80% of the total local tax) and counties must allow a credit of 1.0% against the county rate. Total cannot exceed 6.0% except in transit district which cannot exceed 6.5%.
- CO:** The regional transportation district consisting of the City and County of Denver and portions of Adams, Arapahoe, Jefferson, Boulder and Douglas counties levies a 0.6% sales tax. City sales taxes are in addition to any county sales taxes. Denver levies a 4% tax on food for immediate consumption and liquor by the drink.
- GA:** The general assembly has authorized the imposition of joint county and municipal sales and use taxes. It created 159 special districts based on county lines which can impose a 1.0% tax. The Metropolitan Atlanta Rapid Transit Authority levies an additional sales tax of 1.0%. The maximum sales tax rate is 5%.
- ID:** Cities that derive a major portion of their economic well being from tourism may impose a sales tax on all sales subject to taxation under state Sales and Use Tax Act if approved by 60% of the cities' voters.
- IL:** Counties and municipalities may impose a sales tax not to exceed 1.0%. City sales taxes are in addition to any county and transit sales taxes. Two transit districts levy an additional sales tax of 0.25% or 1.0%. The City of Chicago imposes its own sales and use tax of 1%.
- IA:** The Cities of Betram and Polk City have a tax rate of 1.0%. Counties received the authority to have a maximum sales tax of 1% in 1985. Based on state sales tax laws.
- KS:** Cities and counties may impose a 0.5% or 1.0% sales tax. City sales taxes are in addition to any county sales taxes.

Table 28 (cont.)

Combined State-Local General Sales Tax Rates, Selected Cities, October 1988

- LA: Parishes and cities are authorized to levy a sales tax not to exceed 3.0%, unless specifically approved in a special election. City sales taxes are in addition to any parish sales taxes. Any school board taxes are included in parish sales taxes.
- MN: Minneapolis is authorized to levy a 3.0% tax on sales of admissions, amusements and transient lodgings. Only three municipalities are authorized to levy a sales tax.
- MO: Cities may impose a 0.50%, 0.875% or 1.0% sales tax, except St. Louis which may impose a 1.375% tax. Counties may impose a 0.25%, 0.375%, or 0.5% sales tax, except St. Louis County which may impose a 1.0% tax. No city within St. Louis county may impose a sales tax. City sales taxes are in addition to any county or transit sales taxes.
- NE: Municipalities may impose a 0.5% or 1.0% sales tax. Omaha and Lincoln are allowed to impose a 1.5% tax. State tax rate rose from 3.5% to 4.0%, effective January 1, 1987.
- NV: The state sales tax of 5.75% includes 1.5% for local school support tax and 2.25% for local relief tax. These taxes are mandatory in all 17 counties. Counties may levy an additional sales tax for public transportation, road construction or tourism. Seven counties impose a 0.25% sales and use tax.
- NM: All incorporated municipalities impose a sales tax. This tax may not exceed 1.0%. Cities and counties may impose an additional sales tax not to exceed 0.50% for repair and replacement of infrastructure improvements. Counties have three kinds of sales taxes: (1) 0.25% to support indigent hospital patients, (2) 0.125% or 0.25% for county fire protection for areas not included in a municipality, and (3) 0.125% countywide sales tax. Cities with sales taxes are not subject to additional county sales taxes.
- NY: Cities and counties may levy a sales tax not to exceed 3.0% except in New York City, Mt. Vernon, Yonkers, Erie County and Nassau County, which may impose a 4.0% sales tax, and Suffolk County which may impose a 3.25% tax. An additional 0.25% sales tax for the Metropolitan Commuter Transit District may be imposed on New York City and the Counties of Dutchess, Nassau, Orange, Putnam, Rockland, Suffolk and Westchester.
- NC: Counties may impose a 1.5 or 2.0% sales tax.
- OH: Counties may impose a sales tax not to exceed 1.0%. An additional transit tax is imposed in several counties, but may not exceed 1.5%.
- OK: Counties may impose a sales tax not to exceed 2.0%. City sales taxes are in addition to any county sales taxes.
- SD: Municipalities may impose a sales tax not to exceed a local rate of 2%.
- TN: All counties may levy a local sales tax not to exceed 1/2 of state sales tax rate. City sales taxes are in addition to any county sales taxes, but the county levy takes priority. If a county levies a tax less than one-half of the state rate, a city can only levy the difference. If a city or county adopts a local option base, then the sales tax can only be applied to \$1,100 of the purchase price of a single item. If a local option base is not adopted, then there is a \$5 limit on any single item.
- TX: Municipalities may impose a 1.0% sales tax. They may also impose an additional 0.50% tax to reduce property taxes. Some cities also impose a metropolitan transit authority sales tax.
- UT: Cities and counties may impose a sales tax of 0.91 (1% effective January 1, 1990). Cities and counties are also authorized to levy a 0.25% transit tax. Resort communities may include an additional sales tax of up to 1.0%. City and county taxes do not overlap.
- VA: Every city and county imposes a 1.0% sales tax, so total combined state wide sales tax is 4.5%. Cities are independent of counties in Virginia.
- WA: Cities and counties may levy a local sales and use tax of 0.5%. They are also authorized to levy an additional sales tax not to exceed 0.6% for the purpose of transportation. Counties must allow a credit for the full amount of any city sales and use taxes.
- WI: Counties may impose a sales tax at a rate of 0.5%.
- WY: Counties are authorized to levy a sales tax not to exceed 1.0%.

Table 31 (cont.)

State Alcoholic Beverage Excise Tax Rates—License States as of September 1988

State	Beer over 3.2%	Wine	Spirits ¹	Other Taxes ²
South Carolina	\$.77/gal	\$.05/gal native wine 14% or less \$.45/gal native wine 14-21% \$.90/gal wine over 21% \$.18/gal excise tax	\$2.72/gal	Additional 9% liquor surtax; plus 3 separate taxes on spirits: Wholesale tax \$1.81/case Additional retail tax \$.56/case Retailers' tax \$2.99/case 2% discount for taxes paid is allowed for beer and wine
South Dakota	\$.27/gal	\$.93/gal for wine 14% or less \$1.45/gal for wine over 14-20% \$2.07/gal for wine over 20% and sparkling	\$3.93/gal	Additional wholesale tax of 2% of purchase price on alcoholic beverages except beer
Tennessee	\$.125/gal	\$1.10/gal	\$4.00/gal	Additional taxes include: Enforcement tax of \$.15/case 15% (on-premise) Beer wholesalers tax of 17%, less 3% to cover collection costs
Texas	\$.19/gal	\$.204/gal for wine 14% or less \$.408/gal for wine over 14% \$.516/gal for sparkling wine	\$2.40/gal \$.05/serving on planes and trains	Additional gross receipts tax for mixed beverages of .12% 6% sales tax
Wisconsin	\$.06/gal	\$.25/gal for wine 14% or less \$.45/gal for wine over 14-21%	\$3.25/gal	5-5.5% sales tax

Note: Special tax rates for native alcoholic beverages are not included. Does not include state and local license fees. The median tax rate for beer (excluding Hawaii) is \$.129/gal. Rates for wine and spirits are too diversified to compute a median. Many states levy tax rates based on barrels or liters. These have been converted to gallons to help make tax rates comparable.

¹ All taxes on spirits are levied at the rates shown below for a "proof gallon." A proof gallon is defined as a gallon of liquor containing 50% of ethyl alcohol. Taxes on liquor containing more or less than 50% alcohol are prorated accordingly.

² Sales of liquor, wine, and beer are generally subject to the sales tax. Only two states exempt all liquor: Massachusetts and Vermont. Special taxes in lieu of sales tax are used in Kansas and North Carolina. Virginia exempts liquor sales through state stores. New Jersey places a 7.3% rate on liquor at the wholesale level only. Kentucky exempts off-premise sales, but applies an extra wholesale tax.

* Local tax rates are additional.

Table 32

State Alcoholic Beverage Excise Tax Rates and/or Markup, and Method of Control¹ – Control States as of July 1988

State	Beer	Wine	Spirits	Other Taxes	Methods of Control
Alabama	\$1.05/gal (includes \$.52/gal local tax)	\$1.70 gal table wine 30% off-premise markup 35.27% on-premise markup Subject to 6% sales tax 6% off-premise sales tax	48% tax 30% off-premise markup 21.75% on-premise markup 4% on-premise sales tax	*	Monopoly on spirits at wholesale State also owns some retail stores Beer and wine with an alcohol content of less than 14% are sold at wholesale by distributor
Idaho	\$.15/gal	\$.45/gal private outlet or 45% state store markup plus bottle charge	45% markup plus bottle charge	15% surcharge on goods sold at state stores 5% sales tax	State-owned retail stores sell spirits and wine Licensed retailers may sell wine and beer
Iowa	\$.19/gal	\$1.75/gal	50% maximum markup	\$.05/bottle deposit	Licensed retailers may sell beer, wine and liquor No state-owned stores as of June 1987 State warehouse sells at wholesale only
Maine	\$.35/gal	75% markup \$.60/gal still wine \$1.24/gal sparkling wine	75% markup plus \$1.25/gal 2% ad valorem excise 10% ad valorem excise	Taxes include alcoholic rehabilitation dedication 5% sales tax	State-owned retail stores and privately owned agency stores sell all spirits and spirituous wine of over 14.5% alcohol content
Michigan	\$.20/gal	\$.51/gal for wine 16% or less. \$.76/gal for wine over 16%	12% tax 51% markup	Added tax of 1.85% of retail price of liquor for off-premise 4% sales tax	State-owned retail stores and private "specially designated distributors" sell spirits Licensed retailers sell wine and beer
Mississippi	\$.43/gal	\$.35/gal for still wines \$1.00/gal for sparkling 24.5% markup	\$2.50 tax 24.5% markup	3% alcohol abuse tax 6% sales tax \$1.50/case freight 6% wholesale tax (retailers receive credit)	State monopoly of wholesale sales of alcoholic beverages over 4% by weight
Montana	\$.14/gal	\$1.06/gal (except fortified) 26% excise tax on fortified 40-60% state store markup \$1.20/case freight	26% excise tax 40% markup \$1.20/case freight		State-operated retail stores and agencies sell spirits and wine Licensed retailers may sell table wine and beer
New Hampshire	\$.30/gal	\$.30/gal for wine coolers of 6% or less alcohol content 55-63% markup	40-46% markup		State-owned retail stores sell alcoholic beverages Licensed retailers may sell wine under 14% and beer
North Carolina	\$.53/gal containers of 7.75 gal or less \$.48/gal containers of 7.75 gal or more.	\$.80/gal for wine 17% or less \$.91/gal for wine over 17% Varied markup for state stores	75.0534% markup \$.10/bottle \$.83/case bailment	\$.01-.05/bottle alcoholic rehabilitation tax \$15.00/gal mixed beverage tax	County and city-operated liquor stores in counties allowing sale Licensed retailers may sell wine and beer
Ohio	\$.08/gal \$.00125/oz—12 oz or less bottle or can \$.0075/6 oz—12 oz or more bottle and can	\$.26/gal for wine 14% or less \$.62/gal for wine 14-21% \$1.27/gal for sparkling wine	\$2.25/gal 42.86% markup plus 9% markup \$1/case handling charge	5-7.5% sales tax	State-owned retail or agency stores sell alcoholic beverages over 21% Licensed retailers sell wine under 21% and beer

Oregon	\$.085/gal	\$.67 for wine 14% or less \$.77 for wine 14-21% (above apply to private outlets and include \$.02 for wine advisory board) 99% state store markup	99% markup		State-owned retail stores sell spirits and some wine Licensed retailers sell wine and beer
Pennsylvania	\$.08/gal	25% markup	25% markup	6% sales tax Added tax of 18% of net price and a \$.46/unit handling charge for spirits and wine	State-owned retail stores sell spirits and wine Licensed retailers sell beer
Utah	\$.355/gal in private and state stores	\$.17/gal for wine 1-14% \$.67/gal for wine 14-21% \$2.25/gal for wine 21.1-24% 67.5% markup on 21% or less 80% markup on 21% or more	\$12.50/proof gal 103% markup	6.25% sales tax. 13% added school lunch tax on wine and spirits	State monopoly of sales of alcoholic beverages Licensed retailers may sell beer under 4%
Vermont	\$.265/gal	\$.55 for private outlet wine 14% or less 25% tax and 40% average markup in state stores.	25% tax 35% average markup	6% sales tax (on-premise only)	State-owned retail stores sell spirits, wine over 14% and beer over 6% Licensed retailers may sell wine 14% or less and beer 6% or less
Virginia	\$.26/gal bulk \$.02/bottle not more 7 oz \$.03/bottle 7-12 oz \$.03/bottle plus \$.02/oz for bottles over 12 oz	\$1.52/gal private and state store 50% state store markup 4% excise tax	20% excise tax 41.5% markup	\$.80/case handling for wine and spirits 4% local option tax (on-premise with meal)	State-owned retail stores sell spirits and Virginia-made wines Licensed retailers may sell wine and beer
Washington	\$.09/gal private outlet 70% state store markup	\$.83/gal private and state stores 50% state store markup	\$7.45/gal 17.1% liquor tax 39.2% state store markup 32.9% on-premise markup	6.5-8.1% state-local sales tax on all beer and wine sales and on- premise spirits	Private retailers may sell only wine and beer State may sell all beverages
West Virginia	\$.18/gal	\$1.00/gal private outlet or 75% markup plus bottle tax at state store \$.759/case state store	55% specialty items 81% distilled spirits \$.759/case freight plus bottle tax	11% sales tax on wine and spirits 6% sales tax on beer	State-owned retail stores sell spirits and wine Licensed retailers may sell wine 14% or less and beer
Wyoming	\$.19/gal	\$.28/gal private outlet 17.6% markup	\$.94/gal 17.6% markup	\$.17/case handling \$3/case freight for wine and spirits 3-5% sales tax	State monopoly at wholesale level

*Local government taxes are additional.

¹ In 18 control states, retail or wholesale sales of spirits are mainly performed by state-owned outlets. In 16 of these states, off-premise retail sales are made by state-owned stores or agencies. In three states, wholesale sales are a state monopoly with sales at retail conducted by private outlets. Revenues in control states are derived from markups that yield profits for state governments. In addition to state profits, excise, sales, and other taxes also contribute revenues.

Note: These effective rates are for existing FHA-insured mortgages only, which represent varying percentages (by state) of total single-family homes. The United States average tax rate for 1986 (1.15) indicates that, on average, the property tax on a home with a market value of \$100,000 would be \$1,150.

NA—data not available.

¹ Effective tax rate is the percentage that tax liability is of the market value of the house.

² In cases where 1987 data were not available for a particular state, rankings were based on data for the most recent year for which data were available.

³ Excludes Alaska and Hawaii.

Source: Computed by ACIR staff from data contained in U.S. Department of Housing and Urban Development, Housing-FHA, Management Information Systems Division, Single Family Insured Branch, *Data for States and Selected Areas on Characteristics of FHA Operations Under Section 203(b)*, various years.

Table 35

Key Features of State Circuit-Breaker Property Tax Relief Programs, 1988¹

State	Date of Adoption	Description of Beneficiaries (Number of Beneficiaries)	Income Ceiling	Description of Program	Form of Relief	Average Benefit (per capita cost) [total cost in \$000s]
Arizona 1987	1973 Revised: 1977, 1981, 1984	Homeowners 65 and over, (28,806)	\$3,750/single \$5,500/married (excludes Social Security income)	Maximum tax credit is \$478 (indexed annually) for single taxpayers earning less than \$1,750 and married taxpayers earning less than \$2,500. Minimum tax credit is \$53 with an income ceiling of \$3,750 for single and \$5,500 for married taxpayers. Social Security payments are exempted from income limits. Tax credit allowed on 5% of rent. Maximum credit \$100.	State income tax credit or rebate	\$209.84 (\$1.74) [\$6,044]
		Renters (249,130)	None			\$91.45 (\$6.55) [\$22,800]
Arkansas 1987	1973 Revised: 1975, 1983, 1987	Homeowners 65 and over, widows 62 and over (36,349)	\$12,000 (WWI veterans and widows exclude all Social Security and retirement income)	Relief based on amount that property taxes exceed various percentages of household income, based on income size. Maximum relief ranges from \$250 if income is \$7,000 or less to \$50 if income is between \$11,000 and \$12,000.	State rebate	\$118.30 (\$1.81) [\$4,300]
California 1986	1967 Revised: 1971, 1973, 1977, 1978, 1979	Homeowners and renters 62 and over, totally disabled, or blind; Homeowners (57,254) Renters (206,841)	\$12,000 total household income; \$20,000 gross household income	Homeowner relief ranges from 96% of tax payment on first \$34,000 of full value if net household income is not over \$3,000 to 4% of tax payment if net household income is not over \$12,000. Renter relief is based on household income and a statutory property tax equivalent of \$250. Relief also ranges from 96% of the property tax equivalent to 4% of property tax equivalent for same income brackets as homeowners.	State rebate	Homeowners \$ 99.00 (\$.19) [\$5,100] Renters \$116.00 (\$.89) [\$23,900]
Colorado FY 1987-88	1971 Revised: 1972, 1973, 1974, 1975, 1977, 1978, 1980	Homeowners and renters 65 and over, disabled or surviving spouse 58 and over (42,590)	\$7,500/single \$11,200/married	Relief cannot exceed \$500 and is equal to \$500 reduced by 20% of income over \$5,000 for individuals and 20% of income over \$8,700 for married couples. Heating assistance relief cannot exceed \$160 and is based on the same income and percentage levels stated above. (20% of rent equals tax equivalent)	State income tax credit or rebate	\$348.03 (\$4.53) [\$14,823]
Connecticut* FY 1987	1974 Revised: 1980, 1981, 1984, 1985	Homeowners and renters 65 and over, surviving spouse 50 and over, and totally disabled; Homeowners (6,555) Renters (20,686)	\$16,200/single \$20,000/married	Homeowners: Provides for a property tax reduction based on a graduated percentage of the real property tax, with a maximum benefit of \$1,250 for a married couple, \$1,000 for an unmarried individual. Renters: Expenses exceeding 5% of income. Maximum benefit ranges up to \$900 for a married couple and \$700 for an unmarried individual. (35% of rent and utilities equals tax equivalent)	Reduction in tax bill or state rebate	Homeowners \$361.00 (\$0.74) [\$2,366] Renters \$400.57 (\$2.60) [\$8,286]

DC (Washington) 1986	1974 Revised: 1977	Nonelderly homeowners and renters (18,654)	\$20,000	Relief takes the form of a variable credit ranging from 95% of tax in excess of 1.5% of income for incomes less than \$3,000 to 75% of tax in excess of 4% of income for incomes between \$15,000 and \$20,000. Maximum credit \$750. (15% of rent equals tax equivalent)	Income tax credit	\$249.00 (\$7.41) [\$4,641]
		Elderly, blind or disabled homeowners and renters (16,045)	\$20,000	Credit is based on amount of property tax paid in excess of various percentages of household gross income. Credit ranges from taxes paid in excess of 1% of gross household income if income is under \$5,000 to taxes paid in excess of 2.5% of income for incomes between \$15,000 and \$20,000. Maximum credit is \$750. (15% of rent equals tax equivalent)	Income tax credit	\$377.00 (\$ 9.16) [\$6,055]
Hawaii 1985	1977 Revised: 1981	All renters (77,848)	\$20,000	Taxpayers with AGI under \$20,000 who have paid more than \$1,000 in rent qualify for a tax credit or refund of \$50 per qualified exemption. Taxpayers 65 and over may claim double tax credits.	Income tax credit	\$53.58 (\$3.97) [\$4,171]
Idaho 1988	1974 Revised: 1976, 1978, 1980, 1982	Homeowners age 65 and over, widows, former POWs, blind, disabled, fatherless children under 18 (19,727)	\$13,300 (exclude capital gains income)	Relief ranges from lesser of \$400 or actual taxes for those with incomes \$5,350 or less, to the lesser of \$50 or taxes for those with incomes less than \$13,300. Brackets adjusted annually with COLA based on Social Security increase.	Reduction of tax bill	\$211.11 (\$4.16) [\$4,164]
Illinois FY 1988	1972 Revised: 1974, 1975, 1977, 1981, 1982, 1984	Homeowners and renters 65 and over or disabled (347,000)	\$14,000	Relief based on amount by which property tax (or rent equivalent) exceeds 3.5% of household income. Relief limit is \$700 less 4.5% of household income. An additional grant is provided regardless of the amount of property tax or rent payments. The additional grant is \$80. (30% of rent equals tax equivalent)	State rebate	\$254.00 (\$7.64) [\$88,138]
Iowa 1987	1973 Revised: 1975, 1977-81, 1983	Homeowners and renters 65 and over, surviving spouse 55 or older, and totally disabled (46,000)	\$12,000	Relief ranges from 100% of property tax for incomes below \$5,000 to 25% for incomes \$10,000 to \$12,000. Property taxes are limited to \$1,000 for calculating relief. (In addition, all homeowners receive a state-financed homestead tax exemption of \$4,850. However, homestead assistance must be deducted from elderly credit program.) (25% of rent equals tax equivalent)	State-funded credit against taxes at the local level; renters receive reimbursement from state.	\$205.00 (\$3.29) [\$9,550]
Kansas 1987	1970 Revised: 1972, 1973, 1975, 1978, 1983	Homeowners and renters 55 and over, disabled, blind having a dependent or child under 18. (46,930)	Effective ceiling is \$12,800. No refunds of less than \$5.	Relief is dependent on income level with various percentages of income plus a statutory dollar amount subtracted from property tax to determine refund. Ranges from 0% for incomes below \$3,000 to 4.5% for incomes above \$7,000. Property taxes are limited to \$400 for calculating relief. (15% of rent equals tax equivalent)	State rebate	\$157.40 (\$3.02) [\$7,387]

Table 35 (cont.)
Key Features of State Circuit-Breaker Property Tax Relief Programs, 1988¹

State	Date of Adoption	Description of Beneficiaries (Number of Beneficiaries)	Income Ceiling	Description of Program	Form of Relief	Average Benefit (per capita cost) [total cost in \$000s]
Maine FY 1987	1971 Revised: 1973, 1974, 1977, 1981, 1985	Homeowners and renters 62 and over, disabled surviving spouse 55 and over (21,608)	\$6,600/single \$7,900/married (gift, inheritance and life insurance exempt.)	Relief equal to amount of tax up to \$400 (25% of rent equals tax equivalent)	State rebate	\$242.63 (\$4.37) [\$5,243]
Maryland FY 1988	1975 Revised: 1977, 1981, 1983, 1985, 1986	All homeowners (84,407) Renters age 60 and over or disabled (10,227)	None (net worth \$200,000)	Homeowners relief, not to exceed \$1,500, equals property tax exceeding sum of graduated percentage of income ranging from 0% of first \$4,000 of household income to 9% of income over \$16,000. Renters' relief, not to exceed \$500, equals amount by which 15% of individual rent exceeds the same graduated percentage of income as homeowners relief.	Homeowners: Credit against property tax bill Renters: direct payment	\$503.42 (\$9.52) [\$42,492] \$244.00 (\$.56) [\$2,573]
Michigan 1986	1973 Revised: 1975, 1982	All homeowners and renters (1,356,500)	\$82,650	Credit equals 60% of property taxes in excess of 3.5% of income (100% of a lower percentage of income for elderly). Maximum relief is \$1,200. The credit is reduced 10% for each \$1,000 of household income above \$73,650. (17% of rent equals tax equivalent)	State income tax credit or rebate	\$406.27 (\$60.30) [\$551,000]
Minnesota FY 1987	1967 Revised Periodically: 1973-87	All homeowners and renters (546,000)	\$35,000	Tax exceeding various percentages of income is refunded up to a \$1,100 maximum. Seniors and filers with dependents receive a more generous benefit schedule. The refund is reduced by the amount of homestead credit. For 1988, 75% of the tax increase of 10% up to a maximum of \$250.	State refund	\$292.00 (\$38.06) [\$159,432]
Missouri 1988	1973 Revised: 1975, 1977, 1979, 1983, 1985, 1988	Homeowners and renters 65 and over (55,282)	\$13,000/single \$13,500/married	For incomes not over \$4,300 the credit is equal to actual property tax or rent equivalent paid up to \$750. For incomes between \$4,300 and \$13,000, tax exceeding various percentages range from 1/2% accumulative per \$200 from 0% to 2%; 1/4% accumulative per \$200 from 2% to 4%. Maximum relief, \$700. The \$4,300 minimum base will be increased 5% annually or by the cost-of-living increase received by state employees. (20% of rent equals tax equivalent)	State income tax credit or rebate	\$219.60 (\$2.40) [\$12,140]

Montana 1986	1981 Revised: 1983, 1987	Homeowners and renters 62 and over (13,988)	None	Credit is based on a percentage ranging from .006-.05 multiplied by household income and then subtracted from property tax liability or rent equivalent. Household income means \$0 or amount obtained by subtracting \$4,000 from gross household income. Maximum credit is \$400. (15% of rent equals tax equivalent)	Income tax credit	\$214.00 (\$3.66) [\$2,990]
Nevada 1986	1973 Revised: 1975, 1977, 1979, 1981, 1983	Homeowners and renters 62 and over (10,217)	\$15,100* (excludes income of certain gifts of \$300 or less and up to \$5,000 of life insurance)	Relief ranges from 90% of property tax for incomes less than \$5,400 to 10% for incomes between \$13,001 and \$15,100. Maximum relief is \$500 (6% of rent equals tax equivalent).	State rebate	\$116.00 (\$1.23) [\$1,188]
New Mexico 1986	1977 Revised: 1981	Homeowners and renters 65 and over (24,928)	\$16,000	The amount of credit allowed is based on a schedule for various modified gross income classes. The credit is the difference between actual property tax liability and this maximum amount, not to exceed \$250. The maximum liability ranges from \$20 for MGI of \$1,000 or less to \$180 for MGI of \$15,000 to \$16,000.	State income tax rebate	\$118.09 (\$1.93) [\$2,944]
New York 1986	1978 Revised: 1981, 1982, 1985	All homeowners and renters (504,568)	\$18,000	Relief is equal to 50% of the difference between real property tax and a certain percentage of income. The percentage of income ranges from 3.5% for taxpayers 65 and over with \$3,000 or less to 6.5% for taxpayers (all ages) with income over \$14,000 but not over \$18,000. The maximum credit ranges from \$375 for taxpayers 65 and over with income of \$1,000 or less to \$41 for taxpayers under 65 with income over \$17,000 but not over \$18,000. (25% of rent equals tax equivalent)	State income tax credit or rebate	\$88.11 (\$2.50) [\$44,457]
North Dakota* FY 1988	1969 Revised: 1973, 1975, 1977, 1979, 1981, 1983, 1985	Homeowners age 65 and over or disabled (7,540)	\$12,000	For persons with income under \$6,000, the taxable value of the homestead is reduced 100% (maximum reduction, \$2,000). For persons with incomes between \$6,000 and \$12,000 the reduction in taxable value varies. Relief ranges from an 80% reduction for income between \$6,000 and \$7,500 with a maximum reduction of \$1,600 to a 20% reduction for incomes between \$10,500 and \$12,000 with a maximum reduction of \$400.	Reduction of tax bill	\$266.83 (\$3.09) [\$2,012]
		Renters 65 and over or disabled (1,878)	\$12,000	Property tax in excess of 4% of income is refunded. Maximum relief is \$210. (20% of rent equals tax equivalent)	State rebate	\$86.84 (\$.25) [\$163]
Ohio* 1986	1971 Revised: 1972, 1973, 1975, 1977, 1979, 1988	Homeowners 65 and over or disabled (301,819)	\$16,500 (excludes income from military disability and some social security)	Benefits range from reduction of 75% or \$5,000 assessed value (whichever is less) for incomes below \$5,000 to 25% or \$1,000 for incomes between \$10,000 and \$16,500.	Reduction of tax bill	\$166.49 (\$4.67) [\$50,250]

Table 35 (cont.)

Key Features of State Circuit-Breaker Property Tax Relief Programs, 1988¹

State	Date of Adoption	Description of Beneficiaries (Number of Beneficiaries)	Income Ceiling	Description of Program	Form of Relief	Average Benefit (per capita cost) [total cost in \$000s]
Oklahoma* 1988	1974 Revised: 1979, 1980, 1984	Homeowners 65 and over or disabled (4,373)	\$10,000	Relief equal to property taxes due in excess of 1% of household income, not to exceed \$200. In addition, homeowners with household incomes of \$10,000 or less receive a double homestead exemption (\$2,000).	State income tax credit or rebate	\$110.80 (\$15) [\$480]
Oregon 1987	1971 Revised: 1973, 1977, 1979, 1985, 1986	All homeowners and renters; HARRP (283,415)	\$17,500 (allows adjustments listed on lines 25-29 on Form 1040 and excludes home medical care benefits)	Homeowners and Renters Relief Program (HARRP) Refund of all property taxes up to various maximums that depend on income. For homeowners, these maximums range from \$750 if household income is under \$500, to \$18 if household income is \$17,000 to \$17,499. For renters, maximums range from \$375 if household income is under \$500 to \$18 if household income is \$17,000 to \$17,499. (17% of rent equals tax equivalent.)*	State rebate	\$210.00 (\$22) [\$59,536]
Pennsylvania 1986	1971 Revised: 1973, 1979, 1981, 1985	Homeowners and renters 65 and over or disabled 18 and over, widows and widowers 50 and over (484,351) (483,444)	\$15,000 (Excludes income from some gifts and life insurance death benefits under \$5,000)	Relief ranges from 100% of tax for incomes less than \$5,500 (maximum relief, \$500) to 10% of tax for incomes greater than \$13,000. (20% of rent equals tax equivalent) Eligible recipients also receive an inflation dividend ranging from \$125 for claimants with household income less than \$5,000 to \$20 for claimants with household income between \$13,000 and \$15,000.	State rebate	\$255.26 (\$10.40) [\$123,637] \$70.64 (\$2.88) [\$34,152]
Rhode Island 1987	1977	Homeowners and renters 65 and over (2,428)	\$12,500	The credit equals the amount by which property taxes paid exceed various percentages of household income. A table is provided based on income and household size. The credit ranges from taxes paid in excess of 3% of household income for taxpayers with income of less than \$4,000 to taxes paid in excess of 6% of household income for two or more person households with income between \$11,001 and \$12,500. The maximum credit or rebate is \$200. (20% of rent equals tax equivalent.)	State income tax credit	\$186.37 (\$46) [\$453]

South Dakota* FY 1988	1976 Revised: 1978, 1982	Homeowners and renters 65 and over, disabled homeowners and renters (3,274)	\$4,625 (single member household) \$7,375 (multimember household)	Refund is based on a percentage of real estate tax according to income. For single-member households the percentage refunded ranges from 35% of tax if household income is less than \$2,750 to 19% if income is between \$4,501 and \$4,625. For multimember households, refunds range from 55% of tax if income is less than \$5,500 to 25% if income is between \$7,251 and \$ 7,375	State rebate	\$97.10 (\$.45) [\$317,905]
Tennessee* FY 1988	1973 Revised: 1974, 1976, 1978-81, 1983, 1984, 1985	Elderly and disabled homeowners; certain disabled veteran homeowners and their surviving spouses. (79,059)	Elderly and disabled \$9,200; disabled veterans and their surviving spouses NA	Eligible elderly and disabled homeowners are reimbursed for taxes paid on the first \$12,000 of full market value. Eligible disabled veterans and their surviving spouses are reimbursed for taxes paid on the first \$120,000 of full market value.	State rebate	\$69.23 (\$1.55) [\$7,451]
Utah 1987	1977	Homeowners and renters 65 and over and widowed persons. (8,286) Homeowners 65 and over, disabled or hardship cases (7,240)	\$10,000 \$10,000	The rebate ranges from \$300 for incomes under \$3,000 to \$25 for incomes between \$9,000 to \$10,000. Maximum credit is applied first; remaining tax liability can be reduced by indigent abatement of one-half of remaining tax up to \$300. Income limit on abatement is \$10,000.	State rebate Credit to taxes levied	(\$110.19) (\$.54) [\$913] \$163.92 (\$.71) [\$1,187]
Vermont 1987	1969 Revised: 1971, 1973, 1983, 1985	All homeowners and renters (full-year residents) (32,077)	None	Refund of taxes exceeding variable percentage of income ranging from 3.5% for incomes less than \$4,000 to 5% for incomes of \$12,000 or more. (24% of rent equals tax equivalent)	State rebate (or income tax credit for elderly)	\$401.86 (\$23.82) [\$12,890]
West Virginia 1987	1972	Homeowners and renters age 65 and over (26)	\$5,000	Relief ranges from 30-75% of taxes exceeding a given percentage of income. These percentages range from 0.5% to 4.5%, with graduated income brackets ranging from 0-\$499 to \$4,950-\$5,000, including any public assistance or private disability benefits. (12% of rent equals tax equivalent; not more than \$125 considered for relief)	State rebate	\$15.09 NA [\$0.392]
Wisconsin FY 1988	1964 Revised: 1971, 1973, 1977, 1979, 1981, 1983, 1984	All homeowners and renters (259,814)	\$16,500	If household income was more than \$7,600, excess taxes are taxes above 13.483% of income exceeding \$7,600. Tax credit equals 80% of excess tax. If household income was \$7,600 or less, credit equals 80% of total tax. In all cases, aidable property taxes cannot exceed \$1,200. (25% of rent equals tax equivalent; 20% if landlord pays heat bill)	State income tax credit or rebate	\$399.00 (\$21.41) [\$103,829]
Wyoming FY 1987	1975 Revised: 1977-82, 1984	All taxpayers over 65 and totally disabled (9,957)	\$10,000/single \$14,000/married	Rebate for sales and property taxes. Rebate based on income level with \$630 maximum for singles and \$723 maximum for married.	State rebate	\$547.05 (\$10.74) [\$5,447]

*The number of beneficiaries and cost data are for the time period indicated below the state name.

Table 35 (cont.)

Key Features of State Circuit-Breaker Property Tax Relief Programs, 1988

***Individual State Notes**

- CT** Numerical data (e.g., number of beneficiaries) refers to FY 1987; however, the description of the program and income ceilings refer to current 1988 law. Municipalities may grant elderly additional tax relief if total (state and municipal) tax relief does not exceed 100% of the tax otherwise due.
- DE** There is a circuit-breaker program at the local level.
- HI** The low-income renters credit does not apply to renters in public subsidized housing.
- IN** In 1980, the circuit breaker was revised to the Unified Tax Credit for the elderly, which enables all senior citizens, regardless of whether they are homeowners to qualify for the credit if their income is below \$10,000. The state also offers a renters program for all renters, which provides for a maximum \$1,500 deduction on state income taxes.
- NV** Claimants may not own Nevada realty, other than their own home, assessed at over \$30,000.
- OH** Numerical data (e.g., number of beneficiaries) refers to 1986; however, the description of the program and income ceilings refer to current 1988 law.
- OK** The new income ceiling of \$10,000 becomes effective January 1, 1989.
- OR** Low-income senior citizens (age 58 and over with income under \$5,000) are provided optional rental and utility assistance.
- ND** State has separate program that lowers the taxable value for low-income elderly homeowners by as much as \$2,000. In determining a person's income for eligibility, the amount of medical expenses incurred and not compensated shall be deducted.
- SD** The number of beneficiaries, average benefits, and cost data are for property or sales tax refunds to the elderly or disabled. Age and income requirements are the same for both programs. Applicants can receive either a property or a sales tax refund. The Department of Revenue processes the claims for both programs and refunds whichever is to the applicant's advantage.
- TN** Certain individuals receive relief from two sources, producing 107,790 claims.

Note: Circuit-breaker property tax relief programs for homeowners and renters are generally defined as state-funded programs that target property tax relief to selected income groups or senior citizens and take the form of a state income tax credit, a direct payment to qualified individuals, or a state payment to the local government that lost tax revenue. Homestead exemptions can be state or locally financed and operate by subtracting a given dollar amount from assessed valuation before computing the tax liability and are often available to all homeowners (or just senior citizen homeowners) regardless of income levels. A hybrid cross between circuit breakers and homestead exemptions is used by the state of Washington which allows senior citizens and disabled homeowners with incomes less than \$9,000 to receive a valuation exemption of \$25,000 or 50%, whichever is more. Taxpayers with incomes between \$9,000 to \$12,000 receive an exemption of \$20,000, or 30% of total value of residence up to a maximum of \$40,000 exempted. All special excess property tax levies are also exempted. Unlike the typical state circuit-breaker programs, this program is locally financed.

NA—not available.

Table 36 (cont.)

State Property Tax Homestead Exemptions and Credits, 1988¹

This table records the exemptions from property tax provided to homesteaders, homeowners, and owners of residential property. Although variations exist, homestead exemptions generally operate by reducing by a certain amount (sometimes all) the assessed valuation of a homestead to which the property tax is applied. The exemption may be restricted, e.g., to certain classes of beneficiaries, owner-occupants, or those with income below specified limits. Tax deferral programs and exemptions for new construction or rehabilitation have not been included in the table.

***Individual State Notes**

- AL:** Exemptions allowed only on homesteads 160 acres or less. If AGI less than \$7,500, total exemption from county ad valorem tax.
- AK:** Residents 65 or older, their widows 60 or older or disabled veterans who rent their homes are eligible for tax equivalent payments calculated by applying property tax equivalent percentage for each home rule or general law municipality levying a general property tax at the rate of 1% per mill to the annual rent charged.
- AZ:** Exemptions up to \$1,800 on all property of veterans depend on total assessment; exemptions up to \$1,800 for widows, widowers and disabled are allowed if household income is less than \$8,400 (\$12,000 with dependents).
- CO:** Low income is less than 150% of the limit prescribed for similar households who occupy nearby low-rent public housing operated by a local housing authority. Elderly is 62 and over.
- CT:** Municipalities may also allow veterans an additional exemption if income meets prescribed limits.
- ID:** All owner-occupied principal residents qualify.
- KY:** Amount is adjusted every two years for inflation. State law allows local taxing units to raise property tax rates to make up for lost revenue.
- LA:** Homestead exemption does not apply to municipal taxes except in Orleans Parish and to municipal taxes levied for school purposes.
- MA:** The value of each exemption will vary according to a variety of homeowner circumstances. With the exception of "hardship" cases (aged, infirm, and poverty stricken), persons are generally not eligible for multiple exemptions.
- MN:** Agricultural and non-agricultural homesteads and homesteads of the blind, disabled, or paraplegic vets also receive preferential classification ratios. Additional agricultural credit for farm homesteads reduced the gross tax of farm homestead property by 36% of first 320 acres excluding house, garage, and one acre; and 26% of gross tax on any acres over 320 acres. For five-year resident veterans with a Congressional Medal of Honor, the first \$2,000 of their property tax is paid by the Commissioner of Revenue. The maximum amount of market value subject to the homestead credit is \$68,000 for residential homestead property. Farm homestead property is not subject to market value maximum.
- MT:** In Montana:

	Income Single	Income Married	Percentage Multiplier	
Low income individuals receive a percentage reduction for real property taxes as follows:	\$0-1,000	\$0-1,200	0%	A second form of property relief is available to disabled veterans and their families. If deceased, the veteran must have been killed in active duty or died as a result of service disability. If living, the veteran must be rated 100% disabled and have an adjusted gross income of not more than \$15,000 for a single person or \$18,000 for a married couple. Real property in this case is exempt from taxation. (0% tax rate)
	\$1,001-2,000	\$1,201-2,400	10%	
	\$2,001-3,000	\$2,401-3,600	20%	
The first \$80,000 or less of the market value of real property is taxed at \$3.86 multiplied by a percentage figure based on income as follows:	\$3,001-4,000	\$3,601-4,800	30%	
	\$4,001-5,000	\$4,801-6,000	40%	
	\$5,001-6,000	\$6,001-7,200	50%	
	\$6,001-7,000	\$7,201-8,400	60%	
	\$7,001-8,000	\$8,401-9,600	70%	
	\$8,001-9,000	\$9,601-10,800	80%	
	\$9,001-10,000	\$10,801-12,000	90%	

NH: Municipalities may adopt elderly homestead exemptions as follows:

	Plan I	Plan II
Age:		
65-75	\$5,000 †	\$10,000 †
75-80	10,000	15,000
80+	20,000	20,000
Income Limit:	7,000	10,000
	(\$9,000 if married)	(\$12,000 if married)
Assets Limit:	\$50,000	\$30,000
		(excluding homestead and land)

† Any town or city may adopt optional adjusted elderly exemptions of its own choosing which differ in the amount of the exemptions by vote.

- NJ:** Rebate of \$1.50 per \$100 of equalized value, or two-thirds of equalized value, whichever is less. Plus 12.5% of the effective tax rate in the municipality wherein the rebate is claimed, multiplied by \$10,000 of equalized value, whichever is less, up to 50% of net property tax otherwise due. Elderly, disabled, and surviving spouses with income less than \$10,000 also receive \$250 deduction from all real property taxes. Veterans, spouses of veterans, and spouses of servicemen receive \$50 deduction on real or personal property. Both of these programs are funded by the state at a total cost of \$63,624,268.
- NY:** Municipalities may grant exemptions to elderly with income beneath \$12,025 up to 50% of AV on residential realty. Local government may increase the maximum annual income eligibility ceiling by up to an additional \$3,000; however, each progressive \$500 of income must be matched by a decrease in the percentage of assessed property value exempted. Veterans may exempt the lesser of 15% of AV or \$12,000, if they served during wartime. In addition, those serving in combat zones may exempt the lesser of 25% or \$8,000 and disabled veterans may exempt the lesser of 50% or \$40,000. The nondisabled exemption applies for only 10 years.
- ND:** Disabled in wheelchair, blind owner-occupants, and owner-occupant disabled veterans with 50% disability or more and income \$12,000 or less: \$5,000 taxable value. Owner-occupant paraplegics with income \$10,000 or less or those awarded specially adapted housing: \$10,000 taxable value.
- PA:** Information not maintained at state level; each county assessment office keeps information on the amount of property qualifying for the disabled veterans exemption.
- RI:** Homestead exemption is entirely financed and administered at the local level.
- TX:** Percentage decreases to 20% in 1988. All homesteaders also receive a \$3,000 exemption from market value for county farm-to-market roads/flood control tax purposes and \$5,000 for school district purposes. Disabled veterans are allowed exemptions of from \$1,500 - 3,000 in market value which may be applied to the homestead. School districts must freeze taxes on residential homesteads of those 65 and over.
- WI:** Every property taxpayer of a municipality receives a tax credit from the total amount of tax relief distributed to the municipality from the state in proportion that the value of property assessed to that taxpayer bears to the total assessed value of the municipality.
- WY:** Homestead exemption remains in Wyoming state law, but clause restricts funding to years when revenue is available.

Table 37

Types of State Death Taxes, September 1988

Type of Tax	Number	States
"Pick-Up" Tax Only	25	Alabama, Alaska, Arizona, Arkansas, California, Colorado, DC (Washington), Florida, Georgia, Hawaii, Illinois, Maine, Minnesota, Missouri, Nevada (applies only to resident decedents), New Mexico, North Dakota, Oregon, Texas, Utah, Vermont, Virginia, ¹ Washington, West Virginia, Wyoming.
Estate and "Pick-Up" Tax	9	Massachusetts, Michigan, Mississippi, New York, Ohio, Oklahoma, Rhode Island, (estate tax being phased out by 1/1/91), South Carolina, Virginia.
Inheritance and "Pick-Up" Tax	19	Connecticut, Delaware, Idaho, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Michigan, ¹ Montana, Nebraska, New Hampshire, New Jersey, North Carolina, Pennsylvania, South Dakota, Tennessee, Wisconsin (inheritance tax being phased out by 1/1/93).
States with Added Gift Tax	7	Delaware, Louisiana, New York, North Carolina, South Carolina (repealed effective 1/1/92), Tennessee, Wisconsin.

¹ Local estate tax additional. See Table 38.

Source: ACIR staff compilation from Commerce Clearing House, *State Tax Reporter*, September 1988, and survey of state revenue officials (summer 1987).

General Description of Death, Gift and Inheritance Taxes

State governments as well as the federal government have estate and gift taxes. Estate taxes and gift taxes are, in most respects, the same tax; the major way that the taxes are distinguished from each other is the time at which the particular tax is paid. The significant difference is that gift taxes are paid on transfers (greater than \$10,000 in a single year, \$20,000 for a joint gift) made *while the donor is alive*; estate taxes are paid *after the donor's death*. Estate taxes are levied on the entire amount of a decedent's estate (less legal and accounting expenses incurred in settling the estate). Gift taxes are levied on the donor; gift taxes paid during the donor's lifetime are credited (dollar-for-dollar) against any estate taxes that may be due at the time of death.

State inheritance taxes are paid by the recipient of a bequest and are based on (1) the amount of the bequest and (2) the recipient's relationship to the decedent (generally, the closer the familial relationship, the lower the tax rate). The federal government does not have an inheritance tax although several of the states do.

Interaction of Federal and State Taxes

In order to understand state estate and gift taxes, one must first understand the workings of the federal estate and gift tax laws. Very briefly, no federal estate taxes are due if the total estate is less than \$600,000. Rates from 37% to 55% apply to the amounts in excess of \$600,000 (amounts exceeding \$600,000 but less than \$750,000 are taxed at the 37% rate; amounts in excess of \$3 million are taxed at 55%). Gift taxes (less an annual exemption amount of \$10,000 for each recipient) are based on the estate tax rate schedule; the total amount of gifts given in a lifetime is subtracted from the \$600,000 exemption granted for the estate tax. In short, gift taxes would be due when a donor's lifetime gifts exceed \$600,000; when such a donor dies, the \$600,000 exemption does *not* apply to the estate tax because it has been "used up" by the provisions of the gift tax.²

The federal tax code permits the decedent's estate to recapture a dollar-for-dollar tax credit for *state* estate taxes paid up to certain amounts based on the total size of the estate (the so-called "pick-up" tax—see table below). All states have *at least* this "pick-up" tax; the federal government only receives tax amounts in excess of the "pick-up" tax. (In short, the state "pick-up" tax costs the decedent's estate nothing—if a state did not have a "pick up" tax, the same amount of money would flow to the federal treasury rather than the state treasury. For a list of the "pick-up" tax states, see above.)

Nine states have estate taxes that exceed the amount of the "pick-up" tax (see above).

Unlike the aforementioned nine states, 19 states tax the amount of the *bequest* (i.e., the inheritance) received by various relatives and other beneficiaries of the decedent rather than taxing the entire estate as a whole (see above).

In seven states, gift taxes apply to transfers occurring while the donor is alive. Like the federal gift tax, this tax could be generally viewed as an advanced payment of either the state estate tax or the inheritance tax (less any annual exemption amounts and less the lifetime exemption amounts of the state estate tax).

The Federal State Estate Tax Credit (the so-called state "pick-up" tax)					
Adjusted Taxable Estate	Federal Credit	Rate on Excess	Adjusted Taxable Estate	Federal Credit	Rate on Excess
\$ 40,000	\$ 0	0.8%	\$ 2,540,000	\$ 146,800	8.8%
90,000	400	1.6	3,040,000	190,800	9.6
140,000	1,200	2.4	3,540,000	238,800	10.4
240,000	3,600	3.2	4,040,000	290,800	11.2
440,000	10,000	4.0	5,040,000	402,800	12.0
640,000	18,000	4.8	6,040,000	522,800	12.8
840,000	27,600	5.6	7,040,000	650,800	13.6
1,040,000	38,800	6.4	8,040,000	786,800	14.4
1,540,000	70,800	7.2	9,040,000	930,800	15.2
2,040,000	106,800	8.0	10,040,000	1,082,800	16.0

² This is a greatly simplified explanation of the federal estate and gift tax that reflects the *net effect* of the unified credit and state tax credits.

South Carolina					
	0	40,000	6		Deductions and exemptions are the same as the federal code.
	40,000	100,000	7		In addition there are the following exemptions:
	100,000		8		until 6/30/88 \$120,000
					7/1/88-6/30/89 140,000
					7/1/89-6/30/90 170,000
					7/1/90-6/30/91 320,000
					After 7/1/91 estates are subject to a pick-up tax only. For decedents dying before July 1, 1991, an additional estate tax is imposed equal to the excess, if any, over the state estate tax up to the credit allowable against the federal estate tax, so that the aggregate state tax will always at least equal the maximum federal credit.
Virginia					
		Federal Pickup Tax			In addition to the estate tax, the probate of every will or grant of administration, not exempt by law, is subject to tax. This tax amounts to \$1 on the first \$5,000 of the estate and \$.10 on every additional \$100 of value or fraction thereof, except that estates of \$500 or less are not subject to the tax. The governing bodies of cities and counties may also impose a tax on the probate of wills or grants of administration in an amount equal to one-third the amount of the state tax levied on such probate or administration.

Table 41 (cont.)

States with Transfer and Real Estate Taxes, September 1988

Individual State Notes

General

Information: Deed transfer taxes are generally paid by the seller, however, if the seller fails to pay, the buyer is liable for the tax. Mortgage taxes are paid by the buyer on the amount borrowed.

Alabama Alabama does not have a stock transfer fee; however, there is a recordation tax and a privilege or license tax on the registration of securities. The rate of the tax is \$.25 per \$100 of par value or principal amount for the recording of the securities. This rate also applies to the filing and recording of lists of securities.

California Counties have the authorization to impose a .11% documentary transfer tax. Chartered cities, such as Berkeley, Oakland, Piedmont, Santa Clara, San Jose, Campbell and others, impose an additional tax. The county of Los Angeles' documentary tax is \$1.10 per \$1,000 of the value. The City of Los Angeles is \$.55 per \$1,000.

Connecticut Farm and Forest Land Conveyance Tax is an additional tax levied on the sale of land classified for property tax purposes as open space land that is sold within ten years of classification. Also, if land classified as farm or forest land is sold within ten years from acquisition or classification, whichever is earlier, it, too, is subject to the conveyance tax. The tax rates are as follows and are applied to the sales price or, if the classification of the land is changed but there is no sale, to the fair market value:

Year of Sale or Classification Change After Ownership or Acquisition	Tax rate
within first year	10%
second year	9
third year	8
fourth year	7
fifth year	6
sixth year	5
seventh year	4
eighth year	3
ninth year	2
tenth year	1

Delaware There is an additional tax imposed by the City of Wilmington at the rate of 1%.

DC (Washington) The mortgage tax is known as the recordation tax on deeds.

Florida Until October 1, 1993, counties are authorized to levy an additional tax on documents at a rate not to exceed .45%. The county tax is levied on the same items as the state tax, except it is not levied on any document which involves a single family residence.

Illinois Counties are authorized to impose a real estate transfer tax at the rate of .05% of the full consideration. Chicago imposes a transfer tax at the rate of .75% of the transfer price.

Maryland The following counties impose an additional transfer tax (1987 rates): Anne Arundel 1%, Baltimore City 1.5%, Baltimore County 1.6%, Cecil \$3.00 (flat fee), Howard 1%, Kent .5%, Montgomery 1% (the rate varies depending on situation), Prince George's 1%. Counties and local municipalities may impose an additional recordation tax. The rate of tax varies between the counties; the range is from .33% to .70%; for example, Anne Arundel .7%, Baltimore City .5%, Baltimore County .5%, Frederick .66%, Howard .44%, Montgomery .44%, Prince George's .44%. There is also an agricultural land transfer tax of 5% of actual consideration paid (less full cash value of any improvements) when the land being transferred is a parcel of 20 acres or more; 4% when the land is a parcel of less than 20 acres and is assessed on the basis of its agricultural use or on the basis of unimproved land; and 3% when land being transferred is a parcel of less than 20 acres and is assessed as improved land or land with site improvements. The rate is reduced further by 25% for each consecutive full tax year in which real property taxes were paid on the basis of a nonagricultural use assessment. Counties also impose additional deed transfer taxes.

Massachusetts If the sale price is greater than \$100 and less than \$500, the fee is \$1, and for each additional \$500 or fractional part, \$1. In addition, a 14% surtax per \$500 is imposed.

Michigan The \$.55 per \$500 rate increases to \$.75 per \$500 for counties with population of 2 million or more.

New Hampshire The buyer and the seller each pay \$.35 per \$100 of the full consideration, the total tax being \$.70 per \$100 (minimum tax \$14.00 from buyer and seller).

New Jersey The rate of .35% is on the first \$150,000; the rate on the excess of \$150,000 of the consideration is .5%. There is a reduction in the tax rate when the transfer involves the sale of low or moderate income housing. The tax rate is reduced by .25%, therefore, the new tax rate for transfers involving low or moderate income housing is .10%. The following sales are also subject to this reduction: the sale of any one or two family residence owned and occupied by a senior citizen, blind or disabled person who is the seller in such transaction. Transfers of title to real property upon which there is new construction are exempted from payment of \$1.00 for each \$500 of the consideration or fraction not in excess of \$150,000.

New York New York City, in addition to the state tax, imposes a mortgage recording tax of 1% with respect to real property securing a principal debt or obligation of less than \$500,000. The tax on mortgages secured on one, two or three-family houses, individual cooperative apartments and individual residential condominium units, securing a principal debt or obligation of \$500,000 or more is 2%. The tax on mortgages secured on all other real property is 1.25%. The mortgage recording tax is a state tax that is administered by localities. The

Table 41 (cont.)

States with Transfer and Real Estate Taxes, September 1988

New York (cont.) procedures given back to localities are; \$.50 per \$100 to the locality; \$.25 per \$100 to the State Mortgage Association; \$.25 per \$100 in those areas that have a transportation district. New York City imposes a realty transfer tax on each deed when the consideration exceeds \$25,000. The tax is imposed at the following rates: 1% of the consideration where the real property is a one, two or three-family house, an individual cooperative apartment, an individual residential condominium unit or an individual dwelling unit in a dwelling that is to be occupied or is occupied as the residence or home of four or more families living independently of each other, or where the consideration for the transfer is less than \$500,000; and 2% of the consideration with respect to all other transfers. The real property gains tax is imposed on the gain from the transfer of real property within the state at a rate of 10%. It does not apply if the consideration is less than \$1 million.

North Carolina Authorizes an excise stamp tax on transfers of real estate at the rate of \$.50 of each \$500, or fraction thereof, of the consideration excluding the value of any lien on the property at the time of sale. The levy is administered by county governments in accordance with procedures established by the state. Proceeds of the excise stamp tax are retained by the county and deposited in its general fund.

Ohio Counties may levy a realty transfer tax on each deed with a rate not to exceed 0.3% per \$100 of value. There is an additional tax of .1% imposed by counties; however, there are exemptions to this second tax; the following are just a sample: (1) to or from government bodies; (2) releasing or securing a debt or obligation; (3) confirming or correcting a previously recorded deed; (4) between spouses or parent and child; (5) certain transfers to heirs.

Oklahoma The real estate mortgage tax rates, for each \$100 and remaining fraction thereof, increase with the time of the mortgage as follows:

mortgage 5 years or more	.10%
mortgage 4 to 5 years	.08
mortgage 3 to 4 years	.06
mortgage 2 to 3 years	.04
mortgage of 2 years or less	.02

If mortgage is less than \$100 a tax of \$.10 is levied.

Pennsylvania Local municipalities may impose an additional 1% tax on a deed transfer. The responsibility of paying the taxes is customarily shared equally by the buyer and the seller.

South Carolina Counties may impose an additional \$1.10 per \$1,000 deed transfer tax.

Vermont The capital gains tax on land is based on the gain and the years held; the rates are as follows:

Land Held by Transferor	Gain as a Percentage of Basis (rounded to the next highest percent)		
	0-99%	100-199%	200% & over
less than four months	60%	70.0%	80%
four to eight months	35	52.5	70
one year	30	45.0	60
two years	25	37.5	50
three years	20	30.0	40
four years	15	22.5	30
five years	10	15.0	20
six years	5	7.5	10

Virginia The deed transfer tax is actually a recordation tax, consisting of two separate taxes: the grantor's tax which is imposed on the grantor of a deed conveying real estate at \$.50 per \$500 of the consideration less any amount of any lien or debt remaining, and the recordation tax of \$.15 per \$100, or fraction thereof, of consideration or actual value which is imposed on the recordation of a deed, deed of trust, lease or other contract relating to real estate.

The recordation tax decreases as follows:

1st \$10 million	.15%
2nd \$10 million	.12
3rd \$10 million	.9
4th \$10 million	.6
5th \$10 million	.3

In addition to the state realty transfer tax the following cities and counties impose a tax equal to 1/3 of the state tax:

Cities (with population of 50,000 or more)		Counties (with population of 100,000 or more)
Alexandria	Portsmouth	Arlington
Chesapeake	Richmond	Chesterfield
Hampton	Roanoke	Fairfax
Newport News	Suffolk	Henrico
Norfolk	Virginia Beach	Prince William

Washington There is an excise tax of 1.34% of the total selling price, to be paid by the seller; a local county and city tax not to exceed .25% of the selling price excluding the value of any liens and encumbrances, also paid by the seller. The local rate in King County (Seattle) is .25%. A state surtax of .06% will be repealed July 1, 1989.

West Virginia There is an additional county excise tax on transfers of property at a rate of .11%.

Table 42 (cont.)

Automobile Taxes and Fees, September 1988

Individual State Notes

General Information:

The registration fees are based on a yearly (12-month period) registration unless otherwise stated. Certificate of title fee is for the original title; transfer refers to the transfer of the title.

Alabama **Sales Tax** County taxes range from 0.1% to 1.5%; for example: Madison 0.5%, Montgomery 0.20%. The two largest counties, Jefferson and Mobile, do not have a county sales tax. City taxes range from 0.125% to 2%; for example: Dothan 0.5%, Montgomery 0.5%, Mobile 1.5%. Birmingham does not have a city sales tax.

Alaska **Other Fees** Determined by age of vehicle

	1988-89	1987	1986	1985	1984	1983	1982	1981 or older
Auto/Van/Pickup	\$60	\$50	\$40	\$30	\$20	\$15	\$10	\$5
Motorcycle	\$8	\$7	\$6	\$5	\$4	\$3	\$2	\$2

Everyone in an EPA nonattainment area (for carbon monoxide or ozone) must pay \$1 for each vehicle registered.

Property Tax Municipalities may impose vehicle registration taxes in lieu of use or property taxes on vehicles subject to state license fees.

Sales Tax City sales taxes range from 1% to 6%; for example, Kenai 3%. Anchorage, the largest city, does not impose the tax.

Arizona **Other Fees** License tax is 4% of the assessed value of car. During the first 12 months of the car life the assessed value is 60% of the manufacturer's base retail price; each year thereafter, the assessed value is 15% less than the preceding year.

Sales Tax City sales taxes range from 1% to 3%; for example, Phoenix 1.2%, Tucson 2%.

Inspection Fee Applicable only to automobile owners who live in Phoenix and Tucson (Maricopa and Pima Counties) metro areas.

Arkansas **Other Fees** Counties and municipalities are authorized to levy a vehicle tax not to exceed \$5 per year per vehicle upon owners residing in the county or municipality, provided a majority of the qualified electors approve.

Title Certificate \$4 title application fee plus \$.50 if vehicle is financed and \$1 for title.

Property Tax Local property taxes range from 2.51% to 5.3%; for example, Little Rock 4.973%, Fort Smith 5.3%.

Sales Tax Counties may impose a 1% sales tax, both Pulaski and Washington levy the tax.

City sales taxes range from 0.5% to 1%, for example, Fort Smith 1%, Pine Bluff 1%. Little Rock does not impose a city sales tax.

California **Other Fee** There is a license fee of 2% of market value of vehicle which is in lieu of other ad valorem taxes, including the property tax. \$7 fee for transfer of title.

Sales Tax The tax is levied when a vehicle is sold at retail by a dealer. Use tax (same rates) is assessed when a sale is between individuals, or when a vehicle is purchased and brought into the state within 90 days.

The rates of county sales taxes are 0.25%, 0.75% or 1.25%. Information on individual county tax rates is not available.

The city tax rate is 1%.

Inspection Fee There is no inspection fee; however, vehicle air pollution control equipment inspection and certification is required upon initial registration and when transferred. Vehicles garaged in metropolitan areas also require biennial certification.

Colorado **Other Fees** Annual specific ownership tax based on factory list price, or if not available, 75% of retail delivered price, exclusive of sales taxes; for vehicles sold on or after 10/9/81, the tax is based on 75% of the manufacturer's suggested retail price exclusive of the federal excise tax, transportation or shipping costs, preparation and delivery costs.

Year	Rate	Year	Rate
1st	2.10%	4th	.90%
2nd	1.50%	5-9th	.45% or \$10 whichever is greater
3rd	1.20%	10th +	\$10.00

Sales Tax County sales taxes range from 0.25% to 4%; for example, Jefferson 0.5%.

City sales taxes range from 1-4%; for example, Colorado Springs 2.5%.

Connecticut **Property Tax** Local property taxes levied at 70% of assessed valuation; valuation is based on the State Valuation Book. Mill rates vary from community to community.

Sales Tax Motor vehicles sold but not registered in Connecticut for use outside the state are exempt. Tax rate based on 70% of manufacturer's sales price.

Inspection Fee Inspections are required on automobiles ten years or older which are changing ownership or on out of state vehicles registered in Connecticut for the first time.

Table 42 (cont.)

Automobile Taxes and Fees, September 1988

Delaware	Other Fees	<p>Motor vehicle document fee is imposed on the sale, transfer or registration of any new or used motor vehicle or motorcycle. The fee is computed as follows:</p> <p style="padding-left: 20px;">if price is < \$400, the fee is \$8</p> <p style="padding-left: 20px;">if price is \$400 to \$500, the fee is \$10</p> <p style="padding-left: 20px;">if price is > \$500, the fee is \$10 + \$2 for every additional \$100 or fraction of the price (e.g., the fee on a \$10,000 automobile would be \$200)</p>																																						
DC (Washington)	Other Fees	<p>*Title issuance excise tax is based on the fair market value of vehicle</p> <p style="padding-left: 20px;">for automobiles less than 3,500 lbs the rate is 6%</p> <p style="padding-left: 20px;">for automobiles 3,500 lbs or more the rate is 7%</p>																																						
Florida	Other Fees	<p>The additional fees are as follows:</p> <table border="0" style="width: 100%; border-collapse: collapse;"> <tr> <td style="padding-left: 20px;">\$2.50 annual application service charge</td> <td style="text-align: right; padding-left: 20px;">\$.50 computer service fee</td> </tr> <tr> <td style="padding-left: 20px;">\$1.15 postage fee</td> <td style="text-align: right; padding-left: 20px;">\$.50 treatment of plates</td> </tr> <tr> <td style="padding-left: 20px;">\$.50 air pollution fee</td> <td></td> </tr> </table> <p>Every 5 years an additional fee of \$3.00 is charged for replacement of plates.</p>	\$2.50 annual application service charge	\$.50 computer service fee	\$1.15 postage fee	\$.50 treatment of plates	\$.50 air pollution fee																																	
\$2.50 annual application service charge	\$.50 computer service fee																																							
\$1.15 postage fee	\$.50 treatment of plates																																							
\$.50 air pollution fee																																								
Georgia	Property Taxes	<p>The ad valorem tax on motor vehicles is collected at the same time tags are purchased. Tax is computed by applying a mill rate to the assessed value (40% of fair market value) of the vehicle. A tax rate of 1 mill represents a tax liability of \$1 per \$1,000 of assessed value. The average county and municipal mill rate is approximately 25-30 mills.</p>																																						
	Sales Tax	<p>State tax: motor vehicles sold to nonresidents for immediate transportation to and use in another state in which such vehicles are required to be registered are exempt. 1% local option tax (see Table XX).</p>																																						
	Inspection Fee	<p>Vehicles registered in Fulton, DeKalb, Cobb, and Gwinett Counties require annual emission inspection.</p>																																						
Hawaii	Other Fees	<p>Annual vehicle weight tax paid to county in which vehicle is registered:</p> <table border="0" style="width: 100%; border-collapse: collapse;"> <tr> <td style="padding-left: 20px;">Vehicles 4,000 lbs or less</td> <td style="text-align: right; padding-left: 20px;">\$.50/100 lb</td> </tr> <tr> <td style="padding-left: 20px;">4,001-7,000 lbs</td> <td style="text-align: right; padding-left: 20px;">\$.55/100 lb</td> </tr> <tr> <td style="padding-left: 20px;">7,001-10,000 lbs</td> <td style="text-align: right; padding-left: 20px;">\$.60/100 lb</td> </tr> <tr> <td style="padding-left: 20px;">over 10,000 lbs</td> <td style="text-align: right; padding-left: 20px;">\$65.00</td> </tr> </table>	Vehicles 4,000 lbs or less	\$.50/100 lb	4,001-7,000 lbs	\$.55/100 lb	7,001-10,000 lbs	\$.60/100 lb	over 10,000 lbs	\$65.00

		County surtax cannot be less than 2% nor more than 10% of state excise tax rate. Minimum \$7.50 surtax. County rates in July 1987 were: Allen 5%, Vanderburgh 2%, Dubois, Fountain, Gibson, Howard, Marion, Monroe, Parke, Perry, Posey, Rush and Warrick 10%.									
Iowa	Registration Fee	Motor vehicle fee 1% of value as fixed by the department plus \$.40 for each 100 lbs or fraction thereof of weight of vehicle as fixed by the department. Minimum fee \$10. After motor vehicle is more than five model years old, that part of the fee based on the value shall be: 75% of the rate as fixed when new; after six model years 50%; after eight model years 10%. \$.25 additional fee for reflectorized license plates.									
	Sales Tax	Counties imposing the sales tax are: Dubuque, Linn, Polk, Story and Woodbury.									
Kansas	Sales Tax	State sales tax is not imposed on motor vehicles sold and delivered in Kansas to nonresidents which are not registered or based in Kansas and will not remain in state more than ten days. Counties imposing a sales tax are: Johnson 0.5%, Sedgwick 1%, Wyandotte 1%. Cities imposing a sales tax: Kansas City 1%, Lawrence 0.5%, Overland Park 1%, Topeka 1%.									
Kentucky	Sales Tax	There is a 5% use tax imposed on 90% of the manufacturer's suggested retail price to be paid at the first registration.									
	Property Tax	State ad valorem tax rate is \$.001 per \$100 of assessed value.									
	Inspection Fee	Motor vehicles titled for the first time are subject to a vehicle identification number inspection. Vehicles handled by Kentucky dealers are exempt.									
Louisiana	Sales Tax	Parish taxes range from 1% to 5%; for example, Caddo 1.5%, Calcasieu 2.5%, Jefferson 4%, Lafayette 2%, Ouachita 2%, Rapides 2.5%, St. Tammany 4%. City taxes range from 0.5% to 2.5%; for example, Alexandria 1%, Bossier City 1.5%, Lafayette City 2%, Lake Charles 2%, Monroe 2.5%, Shreveport 2%.									
Maine	Other Fees	Excise Tax is based on the maker's list price, the rates are as follows:									
		First or current year									2.40%
		Second									1.75%
		Third									1.35%
		Fourth									1.00%
		Fifth									0.65%
		Sixth and succeeding years									0.40%
	Sales Tax	Motor vehicles purchased by nonresidents to be taken out of the state immediately are exempt from sales tax.									
Maryland	Other Fees	A 5% excise tax is collected when a vehicle is titled. An excise tax credit is applied if applicant has not been a Maryland resident for more than 30 days and has paid a sales or excise tax in another state.									
Massachusetts	Other Fees	The motor vehicle excise tax is collected locally, based on \$25/\$1,000 of the car's value. The rate is imposed on the following percentage of the manufacturer's list price:									
		year preceding the designated year of manufacture									50%
		year of manufacture									90%
		second year									60%
		third year									40%
		fourth year									25%
		fifth and succeeding									10%

Table 42 (cont.)

Automobile Taxes and Fees, September 1988

Michigan	Registration Fee	The second and consecutive years registration fees are 90% of the previous year's fee. The reduction in the fee ends after the fourth registration year.	
	Inspection Fee	In 1987, only Wayne, Oakland and Macomb counties impose the emissions inspection fee.	
Mississippi	Other Fees	County tax collectors collect the tax for the county and the state and municipal tax collectors for municipalities and municipal separate school districts. Vehicles are assessed uniformly according to valuations fixed by the state tax commission.	
Missouri	Property Tax	Combined state and county property taxes range from 3.42% to 6.13%; for example, Springfield 5.08%, St. Joseph 4.22%, St. Louis 3.92%. Beginning 1/1/88, the assessed value of the vehicle is 33.3% of the average trade in value as reported in the January issue of the NADA <i>Official Used Car Guide</i> . City and town property taxes ranging from 0.217% to 1.85%; for example, Springfield 0.7%, St. Joseph 1.73%, St. Louis 1.68%; are in addition to the state and county taxes.	
	Sales Tax	County and city combined rates range from 0.375% to 3%; for example, Columbia 2.25%, St. Joseph 2.125%, Springfield 1.5%, Independence 1.5%, Kansas City 2%.	
	Inspection Fee	Vehicles registered in St. Louis City and in the counties of St. Charles, St. Louis, and Jefferson are subject to an emissions inspection fee of \$4.50	
Montana	Registration Fee	Effective July 1, 1987, registration fees are 2% of the NADA trade-in price.	
	Property Tax	The fee for an automobile having a rated capacity of 3/4 of a ton or less is 2% of the average trade-in value to a minimum of \$500; motorcycles \$250. There is also an optional vehicle tax up to 0.5% which may be assessed by each county.	
	Sales Tax	Sales tax on new passenger cars: based on F.O.B. factory or F.O.B. port of entry list price. Nonstaggered vehicles—1.5% if purchased January 1 to April 1, 1.125% April 1 to July 1, 0.75% July 1 to October 1, 0.375% October 1 to December 31. Staggered vehicles—1.5% if purchased January through October 0.09667% in November, and 1.08333% in December.	
Nebraska	Property Tax	Valuation is at state level, and assessment and taxation is at the local level. The property taxes range from 2.355% to 3.666%; for example Lincoln 2.3593%, Omaha 2.607%.	
	Sales Tax	City sales taxes range from 0.5% to 1.5%; for example, Lincoln 1.5%, Omaha 1.5%.	
Nevada	Other Fees	The privilege tax is figured by multiplying the manufacturer's suggested retail price (less additions) by 35% multiplied by a depreciation figure multiplied by a 4% tax rate.	
	Sales Tax	1.5% school support tax and 2.25% city and county relief tax. 0.25% transportation tax applicable in Washoe, Storey, Nye, Churchill, White Pine, and Carson City.	
	Inspection Fee	No set fee. In Clark \$18 and in Washoe \$19.	
New Hampshire	Other Fees	Municipal fee is based on the maker's list price:	
		current calendar year	1.8%
		1st preceding year	1.5%
		2nd preceding year	1.2%
		3rd preceding year	0.9%
		4th preceding year	0.6%
	5th preceding year and prior	0.3%	
Inspection Fee	The fees are set by each inspection station. Automobiles manufactured within six calendar years are subject to inspection once a year; automobiles older than six calendar years are subject to inspection twice a year. Emission testing in selected towns only.		
New Jersey	Sales Tax	Motor vehicles sold to nonresidents are not subject to the sales tax, a 20-day permit is issued and owner must pay own state taxes.	
New Mexico	Other Fees	Miscellaneous fees consist of:	
		Administrative fee	\$.50
		Beautification fee	\$.30
Emergency Medical Services Fee	\$1.00		
New York	Sales Tax	The following are exempt from the state sales tax: the sale of a motor vehicle to a spouse or child or to nonresidents but delivered in New York. County sales taxes range from 0% to 4%; for example Albany 3%, Broome 3%, Chautauqua 3%, Dutchess 1%, Erie 4%, Monroe 3%, Nassau 3.75%, Niagara 3%, Oneida 3%, Onondaga 3%, Orange 2%, Rensselaer 3%, Rockland 2%. St. Lawrence 3%, Saratoga 3%, Suffolk 3.25%, Ulster 3%, Westchester 1.5% City sales taxes range from 0% to 4.25%; for example, Mount Vernon 2.5%, New Rochelle 1.5%, New York City 4.25%, Schenectady 2.5%, Utica 1.5%, Yonkers 2.5%.	

Table 42 (cont.)

Automobile Taxes and Fees, September 1988

North Carolina	Property Tax	County property taxes range from 0.45% to 1%; for example, Alamance 0.45%, Buncombe 0.74%, Cumberland 0.85%, Durham 0.92%, Forsyth 0.599%, Gaston 0.7461%, Guilford 0.82%, New Hanover 0.710%, Onslow 0.54%, Randolph 0.42%, Rowan 0.48%, Wake 0.66%. City property taxes range from 0.27% to 0.85%; for example, Asheville 0.68%, Charlotte 0.6275%, Durham 0.64%, Fayetteville 0.6%, Greensboro 0.6375%, High Point 0.61%, Raleigh 0.66%, Winston-Salem 0.61%.																																																		
	Sales Tax	Motor vehicles sold to nonresidents for immediate transportation to and use in another state in which such vehicles are required to be registered are exempt from sales tax. The state sales tax may not exceed \$300.00.																																																		
North Dakota	Registration Fee	<table border="0" style="margin-left: 20px;"> <tr> <td style="text-align: left;">weight</td> <td style="text-align: center;">1-5</td> <td style="text-align: center;">6-8</td> <td style="text-align: center;">9-11</td> <td style="text-align: center;">year 12 &</td> </tr> <tr> <td></td> <td style="text-align: center;">years</td> <td style="text-align: center;">years</td> <td style="text-align: center;">years</td> <td style="text-align: center;">thereafter</td> </tr> <tr> <td>less than 3,200 lbs</td> <td style="text-align: right;">\$49.00</td> <td style="text-align: right;">\$41.00</td> <td style="text-align: right;">\$33.00</td> <td style="text-align: right;">\$25.00</td> </tr> <tr> <td>3,200 lbs to 4,499 lbs</td> <td style="text-align: right;">69.00</td> <td style="text-align: right;">57.00</td> <td style="text-align: right;">45.00</td> <td style="text-align: right;">33.00</td> </tr> <tr> <td>4,500 lbs to 4,999 lbs</td> <td style="text-align: right;">87.00</td> <td style="text-align: right;">70.00</td> <td style="text-align: right;">55.00</td> <td style="text-align: right;">39.00</td> </tr> <tr> <td>5,000 lbs to 5,999 lbs</td> <td style="text-align: right;">118.00</td> <td style="text-align: right;">96.00</td> <td style="text-align: right;">74.00</td> <td style="text-align: right;">52.00</td> </tr> <tr> <td>6,000 lbs to 6,999 lbs</td> <td style="text-align: right;">151.00</td> <td style="text-align: right;">122.00</td> <td style="text-align: right;">93.00</td> <td style="text-align: right;">65.00</td> </tr> <tr> <td>7,000 lbs to 7,999 lbs</td> <td style="text-align: right;">184.00</td> <td style="text-align: right;">148.00</td> <td style="text-align: right;">113.00</td> <td style="text-align: right;">78.00</td> </tr> <tr> <td>8,000 lbs to 8,999 lbs</td> <td style="text-align: right;">217.00</td> <td style="text-align: right;">175.00</td> <td style="text-align: right;">133.00</td> <td style="text-align: right;">91.00</td> </tr> <tr> <td>9,000 lbs or more</td> <td style="text-align: right;">250.00</td> <td style="text-align: right;">201.00</td> <td style="text-align: right;">153.00</td> <td style="text-align: right;">104.00</td> </tr> </table> <p>The \$15.00 motorcycle fee is the total of a \$10.00 registration fee and a \$5.00 safety course fee. \$2 abandoned vehicle fee on all automobiles and trucks payable on first registration.</p>	weight	1-5	6-8	9-11	year 12 &		years	years	years	thereafter	less than 3,200 lbs	\$49.00	\$41.00	\$33.00	\$25.00	3,200 lbs to 4,499 lbs	69.00	57.00	45.00	33.00	4,500 lbs to 4,999 lbs	87.00	70.00	55.00	39.00	5,000 lbs to 5,999 lbs	118.00	96.00	74.00	52.00	6,000 lbs to 6,999 lbs	151.00	122.00	93.00	65.00	7,000 lbs to 7,999 lbs	184.00	148.00	113.00	78.00	8,000 lbs to 8,999 lbs	217.00	175.00	133.00	91.00	9,000 lbs or more	250.00	201.00	153.00	104.00

5,000 lbs to 5,999 lbs	118.00	96.00	74.00	52.00																																																
6,000 lbs to 6,999 lbs	151.00	122.00	93.00	65.00																																																
7,000 lbs to 7,999 lbs	184.00	148.00	113.00	78.00																																																
8,000 lbs to 8,999 lbs	217.00	175.00	133.00	91.00																																																
9,000 lbs or more	250.00	201.00	153.00	104.00																																																
Ohio	Registration Fee	Issuance fee is \$1.50, reflectorized plates \$.50, and county identification \$.25.																																																		
	Sales Tax	Motor vehicles sold to nonresidents are not subject to sales tax. Counties imposing a 0.5% sales tax are: Butler, Franklin, Hamilton, Lorain, Mahoning, Medina, Montgomery, Summit, Warren. Counties imposing a 1% sales tax are: Allen, Ash-tabula, Clark, Clermont, Cuyahoga, Greene, Licking, Lucas, Portage. Cuyahoga imposes an additional 1% transit sales and use tax.																																																		
	Other Fees	County and cities may levy an additional tax of \$15.																																																		
Oklahoma	Registration Fee	The \$17.25 flat fee includes a \$1.75 administration fee and a \$1 driver education fee. There is an additional fee of 1.25% of the factory delivered price for the first year, and then each year after, 90% of previous year's fee up to the 12th year, the 13-20th years' fees are equal to the 12th year's.																																																		
	Other Fees	An excise tax of 3.25% of the factory list price (for used cars the value is equal to 65% of the list price for the second year and 65% of the previous year's value for each year until it reaches a minimum value of \$250), is imposed at time of sale or upon transfer of title.																																																		
Oregon	Inspection Fee	The initial titling of vehicle previously titled in another state or vehicle that has been wrecked and rebuilt is subject to an inspection. In the Portland metro area and Jackson County, the state imposes a \$7 biennial fee for mandated emission testing at reregistration. This fee pays for the testing program and does not go to local government.																																																		
Pennsylvania	Inspection Fee	The state does not set a fee; the average fee is \$14. Emission inspection required in metro areas of Philadelphia, Pittsburgh, and Allentown/Bethlehem/Easton.																																																		
Rhode Island	Other Fees	The excise tax is an annual tax based on the value of the vehicle determined in accordance with the annual vehicle value list. The rate is the same as the property tax rate administered by cities and towns. The rates range from 1.914% to 7.93%. For example, Bristol 2.324%, Cranston 2.82. The 1988 tax is based on manufacturer's suggested retail price. 1981-87—NADA average retail value. 1971-80—NADA average of wholesale and retail values. 1970—95% of 1971 average value, 1969—90%, 1968—85%, 1967—80%, 1966—75%, 1965—70%, 1964—65%.																																																		
South Dakota	Registration Fee	The rate for vehicles five or more years old is 30% less than rates listed.																																																		
Tennessee	Other Fees	A wheel tax is imposed by some counties annually. The range is from \$5.50 to \$35.50; for example, Nashville (Davidson County) \$25. \$1 reflectorized tag fee. \$1.25 county clerk fee.																																																		
	Sales Tax	County and city sales taxes range from 1% to 2.75%; for example, Hamilton 1.75%, Knox 1.5%, Shelby 2.25%, Sullivan 2.25%, and for cities; Chattanooga 1.75%, Clarksville 2.25%, Knoxville 1.5%, Memphis 2.25%, Nashville 2.25%.																																																		
Texas	Registration Fee	<p>The fees are based on age for vehicles 6,000 pounds or less, the rates are:</p> <table border="0" style="margin-left: 20px;"> <tr> <td style="text-align: left;">for a model year six or more years from date of annual registration</td> <td style="text-align: right;">\$40.50</td> </tr> <tr> <td style="text-align: left;">for a model year more than three years but less than six years</td> <td style="text-align: right;">\$50.50</td> </tr> <tr> <td style="text-align: left;">for a model year 3 years or less</td> <td style="text-align: right;">\$58.50</td> </tr> <tr> <td style="text-align: left;">for a vehicle over 6,000 lbs, irrespective of model year</td> <td style="text-align: right;">\$25.00</td> </tr> </table>	for a model year six or more years from date of annual registration	\$40.50	for a model year more than three years but less than six years	\$50.50	for a model year 3 years or less	\$58.50	for a vehicle over 6,000 lbs, irrespective of model year	\$25.00																																										
for a model year six or more years from date of annual registration	\$40.50																																																			
for a model year more than three years but less than six years	\$50.50																																																			
for a model year 3 years or less	\$58.50																																																			
for a vehicle over 6,000 lbs, irrespective of model year	\$25.00

*Excludes Alaska and Hawaii.

¹ Tax capacity is the amount of revenue each state would raise if it applied a national average set of tax rates to 26 commonly used tax bases. The index above is the per capita tax capacity divided by the per capita average for all states, with the index for the average set at 100. For a more complete explanation see publication cited below.

Source: ACIR, *Fiscal Capacity of the States: 1988* (1986 data), forthcoming, February 1989.

*Excludes Alaska and Hawaii.

¹ Tax effort is the ratio of a state's actual tax collections to its tax capacity. The relative index of tax effort is created by dividing each state's tax effort by the average for all states. 100 is the index for the U.S. average.

State Budget Cycle and Fiscal Year Schedule

Annual Legislative Sessions and Annual Budget Cycles

Alabama	Delaware	Maryland	New Jersey	South Carolina
Alaska	Georgia	Massachusetts	New Mexico	South Dakota
Arizona	Idaho	Michigan	New York	Tennessee ¹
California	Illinois	Mississippi	Oklahoma	Utah
Colorado	Kansas	Missouri	Pennsylvania	West Virginia
Connecticut	Louisiana	Nebraska	Rhode Island	

Biennial Legislative Sessions and Biennial Budget Cycles

Arkansas	Montana	North Carolina ^{1 2}	Oregon ³	Texas ³
Kentucky ⁴	Nevada	North Dakota ³		

Annual Legislative Sessions and Biennial Budget Cycle

Florida	Iowa	New Hampshire	Virginia ⁴	Wisconsin
Hawaii	Maine	Ohio	Washington ²	Wyoming ⁴
Indiana	Minnesota ¹	Vermont ⁵		

Note: Unless otherwise noted, biennial budget states make appropriations for each fiscal year separately and begin their two-year budget cycles in odd-numbered years.

¹ Technically a biennial session, but in practice meets annually.

² Appropriations are made for the biennium, but reviewed annually.

³ Appropriations are made for the biennium.

⁴ Biennial budget cycle begins in even-numbered years.

⁵ In 1979 language was included in the appropriations bill allowing the governor to submit an annual or biennial budget depending on the discretion of the governor.

State Fiscal Year Schedule

All state fiscal years begin on July 1 except for Alabama (October 1), Michigan (October 1), New York (April 1) and Texas (September 1).

NOTE: Since 1969, ten states have changed their budgeting cycle. Hawaii, Vermont, and Florida, have changed from annual to biennial budgets. In that same time, Connecticut, Idaho, Illinois, Missouri, and Nebraska have all gone from biennial to annual budgets. Indiana experimented with annual operating budgets in fiscal years 1975-76 and 1976-77, but operated with a biennial capital and highway budget. It returned to full biennial budgeting in 1977.

Currently, 29 states have annual budgets and annual legislative sessions. Another eight states have biennial budgets with biennial sessions, and thus lack any opportunity for annual changes or revisions. (The exception is Oregon, whose joint Ways and Means committees meet during the interim as the Emergency Board, a constitutional board with authority over supplemental appropriations, federal funds, and transfers.) The remaining 13 states have biennial budgets, but meet annually. This last group has some review of the budget annually, but it varies from full reviews to occasional amendments.

Of those states with biennial budgets, only North Carolina, North Dakota, Oregon, Texas, Washington, and Wyoming actually make appropriations for the full biennium rather than by fiscal year, and North Carolina, Washington, and Wyoming review the budget for possible changes annually.

State Constitutional Limitations on State Borrowing, 1986

Notes

- 1—Governor authorizes debt up to \$300,000. Specific bond issues are authorized by Constitutional amendment.
- 2—Requires approval by two-thirds of each house of legislature.
- 3—Requires approval by simple legislative majority.
- 4—Provision must be made for payment of interest and/or principal at time of borrowing.
- 5—Refers solely to receipts from 3-mill levy against state-assessed valuation for erection of state buildings.
- 6—May create additional debt for purposes of highway construction and improvement.
- 7—Debt is not to exceed 4.5 times the total tax receipts of the state during the previous fiscal year (statutory).
- 8—Requires approval by 75% of legislature.
- 9—Outstanding principal not to exceed 50% of total state tax revenue (excluding trust revenues) for two preceding fiscal years.
- 10—Debt service requirements may not exceed 10% of total revenue receipts, less refunds, in immediately preceding fiscal year in which debt is incurred.
- 11—General obligation bonds may be issued by the state when authorized by majority vote of the members to which each house of the legislature is entitled, provided that such bonds at the time of issuance would not cause the total amount of the principal and interest payable in the current or any future fiscal year, whichever is higher, on such bonds and on all outstanding general obligation bonds to exceed 18.5% of the average of the general fund revenues of the state in the three fiscal years preceding such issuance.
- 12—Requires approval of 60% of legislature.
- 13—In an amount not to exceed 15% of state appropriations for the fiscal year to meet deficits caused by emergencies of failures of revenue; such debt to be repaid within one year of the date it is incurred.
- 14—Alternative to 60% of the legislature.
- 15—May borrow for this purpose but no maximum specified.
- 16—Temporary loans may not exceed 10% of the amount appropriated for general and highway fund purposes or 1% of the total valuation of the State of Maine, whichever is less.
- 17—The legislature is authorized to insure debt for specified purposes (mortgage loans for industrial, manufacturing, fishing and agricultural enterprises—up to \$90 million; for house acquisition and/or improvements of the two tribes on the Indian reservations—up to \$1 million; for resident Maine veteran mortgage loans—up to \$4 million; and revenue bonds of the Maine School Building Authority—up to \$6 million) and may authorize the issuance of state bonds if it becomes necessary to make payments on such insured debt.
- 18—For tax or revenue anticipation loans.
- 19—Short-term cash flow borrowings of less than one year which are limited to 15% of undedicated revenue received by the state during the preceding fiscal year, borrowing for the state's qualified school bond loan program, and transportation bonds pledging taxes on fuels sold for transportation purposes.
- 20—Bonded indebtedness cannot be in excess of 1.5 times the sum of all revenue collected in the state during any one of the four preceding fiscal years, whichever year might be greater.
- 21—Not to exceed 1% of assessed valuation of all property subject to taxation as shown by preceding general assessment.
- 22—Limitation of 1% of total annual appropriation.
- 23—Creation of debt limited to two-thirds the amount by which the state's outstanding indebtedness has been reduced during the preceding biennium.
- 24—Debt created for rehabilitation and acquisition of forest lands may not exceed 3/16 of 1% of the cash value of all state property taxed on ad valorem basis.
- 25—Debt created for forest lands may not exceed 3/16 of 1% of market value of all state property taxed on ad valorem basis. May be exceeded for road construction and maintenance with limits set by percent of assessed value.
- 26—Referendum not required for capital projects specifically itemized in a capital budget if such debt will not cause the amount of all net debt outstanding to exceed 1.75 times the average of the annual tax revenues deposited in the previous five years.
- 27—Referendum not required for debt created for "ordinary purposes of state government." Any referendum requires two-thirds approval.
- 28—Limitation for casual deficit in terms of state income and sales tax revenues for the preceding year. Limitation on general obligation debt backed by full faith and credit for capital projects in terms of average annual state income and sales tax revenue for the three prior fiscal years, subject to a simple majority of each house and referendum on projects. Self-liquidating debt with backing of full faith and credit may be issued without referendum if approved by 2/3 majority of each house of the legislature, subject to the limitation of the annual average income and retail sales revenue for the three preceding fiscal years. No limit on debt obligations to which full faith and credit is not pledged or committed.
- 29—Aggregate debt contracted shall not exceed that amount for which principal and interest payments in any one fiscal year would require the state to expend more than 9% of its average general state revenues for the three immediately preceding fiscal years.
- 30—Referendum required for creation of debt in excess of amount of taxes for current fiscal years.

Table 47 (cont.)

State Constitutional Limitations on State Borrowing, 1986

- 31—Only debt outstanding on 1/3/59 when Constitution became effective.
 - 32—A simple legislative majority may authorize debt to meet natural disasters.
 - 33—By judicial interpretation, obligations issued in anticipation of and paid from tax revenues in the same General Assembly biennial period are not considered debt under the Iowa constitutional limitation.
 - 34—State may issue revenue bonds for state highways, flood control, and water resources.
 - 35—Every law authorizing a state debt must provide for discharge of principal within 15 years.
 - 36—Requires approval by two-thirds of each house of the legislature and a majority of the electors voting thereon at any general election, except for short-term borrowing, qualified school bond loan bonds, and transportation bonds pledging fuel taxes.
 - 37—Voter approval not required for refinancings resulting in debt service savings which are to be applied to payment of principal.
 - 38—For over \$200,000.
 - 39—Not to exceed 1% of assessed valuation of all property subject to taxation as shown by preceding general assessment.
 - 40—State Industrial Finance Authority may issue up to \$90 million of general obligation bonds for industrial loans.
 - 41—Limited to 5% of prior year general fund revenue.
 - 42—Can be exceeded for nonrecurring purposes by two-thirds vote of both houses.
- Source: ACIR staff with the assistance of state attorneys general and other state officials.

Table 48 (cont.)

State Constitutional and Statutory Limitations on Local Government Power to Issue General Obligation Long-Term Debt, 1986

State and Types of Local Government	Rate Limit		Applied Against	Provisions for Exceeding Limit	Remarks
	Citation	Percent			
Massachusetts					
Counties	S	No Limits ¹	EAV	None	¹ Each county bond issue is subject to state legislative authorization.
Municipalities	S	5 ²	EAV	³	² Debt incurred for certain purposes is excepted (for example, 10% for water supply).
School Districts	S	2.5 ²	EAV	³	³ An additional 5% for towns and 2.5% for cities with approval of the emergency finance board.
Counties	C	10 ⁴	EAV	None	⁴ Voter approval required for issuance of unlimited (as opposed to limited) general obligation bonds pledging full faith and credit.
Michigan					
Municipalities	C-S	10 ^{1 2 3}	EAV	None	² Includes cities, villages, and charter townships. ³ Plus 0.375% in cities and 0.25% in villages for relief of victims of fire, flood, or other disaster.
School Districts	C-S	15 ^{1 4}	EAV	None	⁴ Intermediate districts, 1/9 of 1% for limited tax bonds without vote of electors; other districts, 5% for limited tax bonds without vote of electors; no limit on, or voter approval required for, qualified school bonds. Community colleges, 1.5% on first \$250 million EAV plus 1% of excess over \$250 million EAV for limited tax bonds without vote of electors. Voter approval is not required for limited tax bonds regardless of outstanding voter-approved bonded indebtedness for energy improvement and asbestos removal projects for intermediate and other school districts.
Minnesota					
Counties	S	7.33	EAV	None	¹ Limitation does not apply to 1st-class cities (St. Paul, Minneapolis, Duluth) which are limited to 1.67% of market value or 3.33% of market value if the city charter authorizes debt in excess of the 1.67% limit.
Municipalities ¹	S	7.33	EAV	None	² Independent school districts in 1st-class cities are limited to 2.75% of LAV, after authorization by 2/3 vote of city governing body.
Townships	S	7.33	EAV	None	³ Where at least 20% of the local tax base consists of railroad property (which is exempt from local taxation) special provisions apply.
School Districts	S	10 ²	MV ³	None	
Mississippi					
Counties	S	10 ^{1 2}	LAV	None	¹ 15% until September 30, 1987. ² 15% for debt incurred to repair flood damage to roads and bridges.
Municipalities	S	10 ^{1 3}	LAV	None	³ 15% for debt incurred for water, sewer gas, electric and special improvements.
School Districts	S	20	LAV	⁴	⁴ 25% if pupil total increased over 50% in last five years.
Missouri					
Counties	C-S	5	EAV	2/3 ¹	¹ Additional 5%.
Municipalities	C-S	5	EAV	2/3 ^{1 2}	² Cities may incur an additional 10% for streets and sanitation and/or for waterworks and electric plants, but total debt outstanding cannot exceed 20%. In addition, cities, incorporated towns and villages within any county which has less than 400,000 population may issue industrial development bonds up to 10% of EAV.
School Districts	C-S	10	EAV	None	
Montana					
Counties	S	11.25 ¹	EAV	1	¹ Plus 27.75% plus a variable percent of new production taxes for buying land and school buildings and an additional 12.5% plus a variable percent of new production taxes for building jails.
Municipalities	S	28 ²	EAV	2	² Plus 55% for water and sewer debt.
School Districts	S	45	EAV	None	
Nebraska	None	No Limits	No Limits	NA	

Nevada					
Counties	S	10	EAV	None	¹ Some variation authorized.
Municipalities	S	30 ¹	EAV	None	
School Districts	S	15	EAV	None	
New Hampshire					
Counties	S	2	LAV	None	¹ Ten percent for cooperative school districts.
Municipalities	S	1.75	EAV	None	
School Districts	S	7 ¹	EAV	None	
New Jersey					
Counties	S	2	EAV	1	¹ Approval of State Local Finance Board.
Municipalities	S	3.5	EAV	1	² Varies from 1.5 to 4% depending upon grade level of School Districts instruction.
School Districts	S	2, ³	EAV	4	³ Eight percent in cities of first class; 6% for 2d class cities in excess of 80,000 population. ⁴ Approval of State Local Finance Board, Commissioner of State Department of Education, and referendum.
New Mexico					
Counties	C	4	LAV	None	¹ May contract debt in excess of limitation for construction or purchase of a water or sewer system.
Municipalities	C	4	LAV	None ¹	
School Districts	C	6	LAV	None	
New York					
Counties ¹	C	7 ²	MV	None	¹ Excludes the five counties comprising New York City.
Cities, Towns, Villages	C	7 ³	MV	None	² Except Nassau County where the limit is 10%. ³ Ten percent for New York City, and 9% for other cities over 125,000 population, including debt for school purposes. The 7% limit for all other municipalities excludes school debt.
School Districts	C-S	5 to 10 ⁴	MV	3/5 ⁵	⁴ Five percent for school districts in cities under 125,000 population; statutory limit of 10% of current full valuation for non-city school districts with assessed valuation over \$100,000. No limit for non-city school districts with assessed valuation under \$100,000. ⁵ Subject to approval by 60% of the voters, the State Board of Regents and, in the case of school districts in cities under 125,000 population, the State Comptroller.
North Carolina					
Counties	S	8 ¹	LAV	M ²	¹ All debt must be approved and the bonds marketed by the Local Government Commission, a state agency.
Municipalities	S	8 ¹	LAV	M ²	² The constitution requires voter approval of all general obligation, long-term debt incurred in excess of 2/3 of net debt reduction in the preceding fiscal year with limited exceptions.
North Dakota					
Counties	C	5	EAV	None	¹ Additional debt may be incurred for waterworks, up to 4%.
Cities	C	5 ¹	EAV	2/3 ²	² Additional 3%.
School Districts	C	5	EAV	M ³	³ Additional 5%.
Ohio					
Counties	S	1	LAV	M	¹ Voter approval required for indebtedness in excess of 1% LAV. Net indebtedness shall never exceed 3% of first \$100,000,000 of taxable value plus 1.5% of taxable value in excess of \$100,000,000 and not in excess of \$300,000,000, plus 2.5% of taxable value in excess of \$300,000,000.
Municipalities	C-S	10.5 ²	LAV	None	² Voter approval required for indebtedness in excess of 5.5% LAV. Net indebtedness shall never exceed 10 1/2% LAV.
Townships	S	2 ³	LAV	M	³ Subject to voter approval.
School Districts	S	4	LAV	4	⁴ No vote for up to 1%; vote required for 1 to 3%; over 4% (and up to 9%) vote required and prior approval of Tax Commissioner and State Superintendent of Public Instruction. Over 9%, must also be a special needs school district.

Table 48 (cont.)

State Constitutional and Statutory Limitations on Local Government Power to Issue General Obligation Long-Term Debt, 1986

State and Types of Local Government	Rate Limit		Applied Against	Provisions for Exceeding Limit	Remarks
	Citation	Percent			
Oklahoma					
Counties	C	5 ^{1 2}	LAV	None	¹ Amount incurred in any year may not exceed revenue for the year, except by a 3/5 majority vote.
Municipalities	C	10 ^{1 2}	LAV	None	² By majority vote can authorize debt to secure and develop industry. Tax may not exceed 5 mills.
School Districts	C-S	5 ¹	LAV	3/5 ³	³ Additional 5%.
Oregon					
Counties	S	2	MV	None	¹ 0.55% for grades K-8; 0.75% for grades 9-12; 1.5% for community college or area education district.
Municipalities	S	3	MV	None	
School Districts	S	1	MV	None	
Pennsylvania					
Counties	S	1	1	M	¹ Limitation applied against borrowing base defined as average revenues of unit for the three fiscal years prior to incurring debt; counties—300% of borrowing base, municipalities—250%, school districts—100%.
Municipalities	S	1 ²	1	M	² For Philadelphia, the limit is 13.5% of locally established assessed value with up to 3% without referendum (by constitution).
School Districts	S	1	1	M	
Rhode Island					
Municipalities	S	3	LAV	None	
South Carolina					
Counties	C	8 ¹	LAV	None	¹ Numerous specific exceptions.
Municipalities	C	8 ^{1 2}	LAV	None	² Where two or more municipalities overlap, or school districts overlap, aggregate limit is 15%.
School Districts	C	8 ^{1 2}	LAV	None	
South Dakota					
Counties	C	5	EAV	M ¹	¹ Up to an additional 10% (18% for cities over 8,000 population) for specified purposes.
Municipalities	C	5	EAV	M ¹	
School Districts	C	10	EAV	1	
Tennessee					
	None	No Limits ¹	No Limits ¹	NA	¹ Except that industrial building bonds are limited to 10% of assessed valuation, and require a 3/4 majority in referendum.
Texas					
Counties	C-S	1	LAV	None	¹ Limit on taxing authority for debt repayment is generally \$.80 per \$100 LAV.
Municipalities	C-S	1	LAV	None	² Limit on taxing authority for debt repayment is \$1.50 per \$100 LAV for general law cities and generally \$2.50 per \$100 LAV for home rule cities.
School Districts	C-S	10	LAV	None	
Utah					
Counties	C	2 ¹	MV ²	None	¹ Debt incurred in any one year may not exceed amount of taxes raised for the year without a simple majority approval of the electorate (property taxpayers).
Municipalities	C	4 ¹	MV ²	³	² By judicial interpretation.
School Districts	C	4 ¹	MV ²	None	³ 1st and 2nd class cities are granted an additional 4%, 3rd class cities and towns an additional 8% debt for construction of water, lights, and sewer facilities.
Vermont					
Municipalities ¹	S	10 ²	LAV	None	¹ There are a few exceptions specified in the state statutes. ² The statutory limit is "10 times the grand list of the municipal corporation." The "grand list" is 1% of the locally assessed valuation.

Virginia					
Counties	C-S	No Limits ¹	No Limits ¹	NA	¹ By referendum.
Municipalities ²	C-S	10	LAV	None	² Including counties that elect to be treated as cities.
Washington					
Counties	C	5 ¹	LAV	1	¹ Debt incurrence that would bring total above 1.5% subject to approval by 60% majority vote, but in no case may it exceed 5%. However, an additional 5% is authorized for municipally owned utilities.
Municipalities	C	5 ¹	LAV	1	
School Districts	C	10 ²	LAV	2	² Debt incurrence that would bring total above 1.5% subject to approval by 60% majority vote, but in no case may it exceed 5%. However, a constitutional amendment authorizes an additional 5% for "capital outlays."
West Virginia					
Counties	C-S	5	LAV	None	
Municipalities	C-S	5	LAV	None	
School Districts	C-S	5	LAV	None	
Wisconsin					
Counties	C-S	5 ¹	EAV	None	¹ No more than 4% for county buildings or 1% (by sole action of the county board) for highways.
Municipalities	C-S	5 ¹	EAV	2	² Municipalities operating schools, except Milwaukee, may incur an additional 10% for school purposes.
School Districts	C-S	5 ³	EAV	3	³ Ten percent for school districts offering no less than grades 1-12 and which are eligible for highest level of state aid ("integrated" districts).
Wyoming					
Counties	C-S	2	EAV	None	¹ Additional 4% authorized for sewer construction.
Municipalities	C	2 ¹	EAV	1	
School Districts	C	10	EAV	None	

Note: This table deals only with limitations that affect generally the amount of general obligation debt in counties, municipalities, and school districts can issue. In a number of states, general obligation debt issued for specified purposes is excluded from the general rate limitations either by constitutional or statutory provisions. In addition, specific debt limitations are often imposed under special districts. No attempt has been made to treat the exceptions or the special district limitations because of their great variety. Also excluded from this table are provisions that set maximum interest rates or time periods for which bonds may be issued.

*C—State's constitution, S—statutes, C-S—both.

**Percentage debt limitations are generally applied against property values.

MV—Full or market value.

LAV—Locally established assessed value or state established assessed value in case of state assessed property such as utilities.

EAV—State equalized assessed value.

***M—A simple majority (a favorable majority of 50% plus one of all votes subject to counting on the question); where more than a simple majority is required, the required percentage is entered. These provisions are other than by amendment of the constitution or statutes.

NA—not applicable.

Source: ACIR staff with the help of state attorneys general or other state officials.

Table 49 (cont.)
State Gross Receipts Taxation of Telecommunications Services, 1988

Notes

NA—not applicable.

- ¹ There is a special tax only on local nonprofit telephone cooperatives in Alaska.
- ² IXC refers to interexchange carrier; LEC refers to local exchange carrier.
- ³ Residential consumers are exempt from this tax. Also, there is a tax based on miles of wire and number of telephone transmitters within the state.
- ⁴ The gross receipts tax on IXCs is currently the subject of a legal challenge in DC.
- ⁵ This tax has been separately stated on customers' bills since 1986. Effectively, it has become a sales tax.
- ⁶ Hawaii's gross receipts tax is imposed on both BOCs and IXCs; however, pending settlement of related apportionment and administrative issues, the tax has not yet been applied to IXCs.
- ⁷ Other corporations as well as utilities are subject to Indiana's gross earnings tax. The tax rate is gradually being lowered; it will eventually fall to zero in 2009.
- ⁸ In Kentucky there is a 3.0% gross earnings license tax, which is administered at the county level.
- ⁹ In Maine, the gross receipts tax will phase out by 1989. Property taxes have been phased in effective 1987.
- ¹⁰ Receipts subject to gross earnings tax are allowed as a deduction in computing corporation net income tax liability in Maryland.
- ¹¹ IXCs have been exempt from gross receipts (earnings) tax since 1986. The gross receipts tax on the LEC will phase out from 4% (on rural LECs) and 7% (other LECs) from calendar year 1989-92.
- ¹² Rural telephone exchanges in Oregon may elect to pay a gross earnings tax (reported above) in lieu of ad valorem taxes.
- ¹³ The Rhode Island special tax on telecommunications is being phased down according to the following schedule: 7% currently; 6% on 7/1/88; 5% on 7/1/89.
- ¹⁴ An access charge deduction for IXCs will be phased in according to the following schedule: 50% deduction effective 7/1/87; 100% deduction effective 7/1/88.
- ¹⁵ Rural telephone companies with gross earnings less than \$25 million in South Dakota are subject to a gross earnings tax in lieu of property taxes.
- ¹⁶ Washington's gross earnings tax is a business and occupation tax which applies to virtually all businesses, not just utilities.
- ¹⁷ Wisconsin's special tax rates are being phased down, to 8.073% by 5/1/89 on toll revenues and to 6.333% by 5/1/88 on exchange revenues.

NA—is used when there is a sales tax, but it is not levied on telecommunications services.

¹ In California, tax is a 911 surcharge.

² The sales tax in Rhode Island is on recurring charges only; it is not on toll calls.

³ Basic local exchange service is exempt.

⁴ Wisconsin is the only state to include intra and interstate carrier access charges in the tax base. Similar provisions to apply the sales tax to access charges were repealed in South Carolina effective July 1, 1987, and in Maine effective January 1, 1988.

Sources: Compiled by the Urban Institute from the *State Tax Guide* (Commerce Clearing House); and with the assistance of the staffs of AT&T and MCI.

NA—is used when there is a corporate income tax, but it is not levied on telecommunications firms. When the state does not levy a corporate income tax, the response in column 2 is "No."

¹ This is a combination of a 3.4% adjusted gross income tax, plus a 4.5% supplemental net income tax on all corporations.

² Michigan levies a "single business" (value added) tax.

¹ In Connecticut, IXC's pay centrally assessed property taxes; the LEC's pay only real property taxes which are locally assessed.

² Gross receipts tax is in lieu of a personal property tax.

³ Maine is phasing out the gross receipts tax and phasing in both real and personal property taxes by 1990.

⁴ In 1987, Minnesota imposed a real property tax; the gross receipts tax will be gradually phased out by 1990.

⁵ In Oregon, rural telephone exchanges pay a gross earnings tax in lieu of a property tax. However, other telephone companies pay a property tax but no gross earnings tax.

⁶ In Rhode Island, personal property is centrally assessed.

⁷ In South Dakota, rural telephone companies with gross receipts less than \$25 million are subject to a gross receipts tax in lieu of a property tax. Other telephone companies pay a property tax but no gross receipts tax.

⁸ In Wisconsin, gross receipts tax is in lieu of real and personal property tax.

Definitions

Unless otherwise noted, all terms used in *Significant Features of Fiscal Federalism* adhere to the definitions prescribed by the U.S. Bureau of the Census. (Differences do exist between figures cited by the Office of Management and Budget, National Income and Product Accounts, and Census, but these differences are primarily accounting rather than definitional differences.) For an expanded glossary of terms, see U.S. Bureau of the Census, *State Government Finances in [year]* or *Governmental Finances in [year]*.

Alcoholic Beverages—See under *License Taxes* and *Sales and Gross Receipts Taxes*.

Amusements—See under *License Taxes* and *Sales and Gross Receipts Taxes*.

Assistance and Subsidies—Cash contributions and subsidies to persons, not in payment for goods or services or for claims against the government. For local governments, this object category comprises only direct cash assistance payments to public welfare recipients. For states, it includes also veterans' bonuses and direct cash grants for tuition, scholarships, and aid to nonpublic educational institutions.

Capital Outlay—Direct expenditure for contract or force account construction of buildings, roads, and other improvements, and for purchase of equipment, land, and existing structures. Includes amounts for additions, replacements, and major alterations to fixed works and structures. However, expenditure for repairs to such works and structures is classified as current operation expenditure. See also *Construction* (which is a subcategory of *Capital Outlay*).

Cash and Deposits—Cash on hand, and demand and saving or time deposits.

Cash and Security Holdings—Cash and deposits, and governmental and private securities (bonds, notes, mortgages, corporate stocks, etc., including loans and other credit paper held by governmental loan and investment funds) except holdings of agency and private trust funds. Includes fund investments in securities issued by the government concerned, but does not include interfund loans, receivables, and the value of real property and other fixed assets.

Charges and Miscellaneous General Revenue—General revenue other than taxes and intergovernmental revenue.

Circuit Breaker—A type of residential property tax relief in which benefits depend on both income and/or wealth,

and property tax payments. A circuit breaker usually takes one of two forms. Under the *threshold approach* an "acceptable" tax burden is defined as some fixed percentage of household income (different percentages may be set for different income levels) and any tax above this portion of income is "excessive" and qualifies for relief. The portion of income that is deemed an acceptable tax burden is the threshold level. Under the *sliding scale approach* no threshold is defined. Rather, a fixed percentage of the property tax is rebated for each eligible taxpayer within an income class. The rebate percentage declines as income increases.

Construction—Production of fixed works and structures, and additions, replacements, and major alterations including planning and design of specific projects, site improvements, and provision of equipment and facilities that are integral parts of a structure. Includes both contract and force account construction. See also *Capital Outlay*.

Consumer Price Index (CPI)—The CPI is a measure of the average change in prices over time in a fixed "market basket" of goods and services purchased either by urban wage earners and clerical workers or by all urban consumers. Effective with the January 1978 index, the Bureau of Labor Statistics began publishing CPIs for two population groups: (1) a new CPI for All Urban Consumers (CPI-U) and (2) revised CPI for Urban Wage Earners and Clerical Workers (CPI-W). (Statistical Abstract, 1986)

Corporation Net Income Taxes—Taxes on net income of corporations and unincorporated businesses (when taxed separately from individual income). Includes distinctively imposed net income taxes on special kinds of corporations (e.g., financial institutions).

Correction—Confinement and correction of adults and minors convicted of offenses against the law, and pardon, probation, and parole activities.

Correctional Institutions—Prisons, reformatories, houses of correction, and other institutions for the confinement and correction of convicted adults and juveniles. Includes only expenditures for institutions operated by the government concerned; excludes cost of maintaining prisoners in institutions of other governments.

Current Charges—Amounts received from the public for performance of specific services benefiting the person charged, and from sales of commodities and services, except liquor store sales. Includes fees, assessments, and other reimbursements for current services, rents and sales derived from commodities or services furnished inci-

dent to the performance of particular functions, and gross income of commercial activities. Excludes amounts received from other governments (see *Intergovernmental Revenue*) and interdepartmental charges and transfers. Current charges are distinguished from license taxes, which relate to privileges granted by the government or regulatory measures for the protection of the public.

Current Operation—Direct expenditure for compensation of own officers and employees, and for the purchase of supplies, materials, and contractual services, except amounts for capital outlay.

Death and Gift Taxes—Taxes imposed on transfer of property at death, in contemplation of death, or as a gift.

Debt—All long-term credit obligations backed by the government's full faith and credit or nonguaranteed, and all interest-bearing short-term credit obligations. Includes judgments, mortgages, and revenue bonds, as well as general obligation bonds, notes, and interest-bearing warrants. Excludes noninterest-bearing short-term obligations, interfund obligations, amounts owed in a trust or agency capacity, advances and contingent loans from other governments, and rights of individuals to benefits from social insurance funds.

Direct Expenditure—Payments to employees, suppliers, contractors, beneficiaries, and other final recipients of government payments—i.e., all expenditure other than intergovernmental expenditure.

Document and Stock Transfer Taxes—Taxes on the recording, registering, and transfer of documents such as mortgages, deeds, and securities, except taxes on recording or transfer of motor vehicle titles, which are classified elsewhere.

Education—Schools, colleges, and other educational institutions (e.g., for blind, deaf, and other handicapped individuals), and educational programs for adults, veterans, and other special classes. Institutions of higher education includes activities of colleges operated by state and local governments, except that agricultural extension services and experiment stations are classified under *Natural Resources* and hospitals serving the public are classified under *Hospitals*. Revenue and expenditure for dormitories, cafeterias, athletic events, bookstores, and other auxiliary enterprises financed mainly through charges for services are reported on a gross basis. Local schools comprises payments for operation of elementary and secondary schools, construction of school buildings, purchase and operation of school buses, and other local school services. Direct state expenditure for other education includes state educational administration and services, tuition grants, fellowship aid to private schools, and special programs.

Elementary and Secondary Education—See *Education*.

Environment and Housing—Comprises the functions of *Natural Resources*, *Parks and Recreation*.

Expenditure—All amounts of money paid out by a government—net of recoveries and other correcting transactions—other than for retirement of debt, investment in securities, extension of credit, or as agency transactions.

Note that expenditure includes only external transactions of a government and excludes noncash transactions such as the provision of perquisites or other payments in kind.

Fire Protection—Fire fighting organization and auxiliary services; fire inspection and investigation; support of voluntary fire forces; and other fire prevention activities. Includes cost of fire fighting facilities, such as fire hydrants and water, furnished by other agencies of the government.

Fiscal Year—The 12-month period at the end of which the government or any governmental agency determines its financial condition and the results of its operation and closes its books.

Fish and Game—Conservation and development of fish and game resources through regulation, protection, and propagation.

Forestry—Conservation, development, and promotion of forests and forest products. Includes forest fire prevention and forest fire fighting activities.

Full-Faith and Credit Debt—Long-term debt for which the credit of the government, implying the power of taxation, is unconditionally pledged. Includes debt payable initially from specific taxes on nontax sources, but representing a liability payable from any other available resources if the pledged sources are insufficient.

General Expenditure—All government expenditures other than the specifically enumerated kinds of expenditure classified as *Liquor Store Expenditure*, *Insurance Trust Expenditure*, and *Utility Expenditure*.

General Obligation Debt—Long-term full faith and credit obligations other than those payable initially from nontax revenue. Includes debt payable in the first instance from particular earmarked taxes, such as motor fuel sales taxes or property taxes.

General Revenue—All revenue except *Liquor Store Revenue*, *Insurance Trust Revenue*, and *Utility Revenue*. The basis for distinction is not the fund or administrative unit receiving particular amounts, but rather the nature of the revenue sources concerned.

General Revenue Sharing—Funds distributed to local general purpose governments by the federal government under the *State and Local Fiscal Assistance Act of 1972*. The last regular payment under this act was made on September 30, 1986.

General Sales or Gross Receipts Taxes—See under *Sales and Gross Receipts Taxes*.

Gross National Product (GNP)—GNP is the total national output of goods and services valued at market prices. GNP can be viewed in terms of expenditure categories which comprise purchases of goods and services by consumers and government, gross private domestic investment, and net exports of goods and services. The goods and services included are largely those bought for final use (excluding illegal transactions) in the market economy. A number of inclusions represent imputed values, the most important of which is rental value of owner-occupied housing. GNP, in this broad context, measures the output attributable to the factors of production—labor and property supplied by U.S. residents. GNP differs

from "national income" mainly in that GNP includes allowances for depreciation and for indirect business taxes.

GNP Implicit Price Deflator—An implicit price deflator is used to deflate one or more of the components of the national income accounts. The GNP implicit price deflator is a measure of the average level market prices of total national output compared to an average level in a base period.

Gross State Product—GSP is the gross market value of the goods and services attributable to labor and property located in a state. It is the state counterpart of the nation's gross domestic product (GDP).

Health—Health services, other than hospital care, and financial support of health programs of other governments. Includes public health research, nursing, immunization, maternal and child health, and other categorical, environmental, and general health activities. Does not include vendor payments for health services administered under public welfare programs.

Highways—Streets, highways, and structures necessary for their use, snow and ice removal, toll highway and bridge facilities, and ferries. Includes support of or reimbursement for street and highway activities of local governments, including aid to local governments for debt service on local highway debt.

Homestead Exemption—A specific dollar amount subtracted from the assessed value of a home. The assessed value minus the exemption equals the amount of taxable assessed value for property tax purposes. A closely related device is the *homestead credit*, which is an amount that is subtracted from the gross property tax rather than from the assessed value.

Hospitals—Establishment and operation of hospital facilities, provision of hospital care, and support of public or private hospitals. However, see *Public Welfare* concerning vendor payments under welfare programs.

Individual Income Taxes—Taxes of individuals measured by net income and taxes distinctively imposed on special types of income (e.g., interest, dividends, income from intangibles, etc.).

Insurance Sales and Gross Receipts Taxes—See under *Sales and Gross Receipts Taxes*.

Insurance Trust System—a government-administered program for employee retirement and social insurance protection relating to unemployment compensation, workmen's compensation, and old age, survivors', disability, and health insurance. Insurance trust revenue comprises amounts from contributions required of employers and employees for financing these social insurance programs, and earnings on assets of such systems. Insurance trust expenditure corresponds with the character and object category insurance benefits and repayments, and comprises only cash payments to beneficiaries (including withdrawals of contributions). These categories exclude costs of administering insurance trust systems, which are classed as general expenditure. Insurance trust revenue and expenditure do not include any contributions of a government to a system it administers. Any amounts paid by a government as employer contributions to an insur-

ance trust system administered by another government are classed as general expenditure for current operation, and as insurance trust revenue of the particular system and receiving government.

Interest Earnings—Interest earned on deposits and securities, including amounts for accrued interest on investment securities sold. However, receipts for accrued interest on bonds issued are treated as offsets to interest expenditure.

Interest Expenditure—Amounts paid for use of borrowed money. Interest on utility debt is included in *Utility Expenditure*.

Intergovernmental Expenditure—Amounts paid to other governments as fiscal aid in the form of shared revenues and grants-in-aid, as reimbursements for performance of general government activities and for specific services for the paying government, or in lieu of taxes. Excludes amounts paid to other governments for purchase of commodities, property, or utility services, any tax imposed and paid as such, and employer contributions for social insurance—e.g., contributions to the federal government for old age, survivors', disability, and health insurance for government employees.

Intergovernmental Revenue—Amounts received from other governments as fiscal aid in the form of shared revenues and grants-in-aid, as reimbursements for performance of general government functions and specific services for the paying government (e.g., care of prisoners or contractual research), or in lieu of taxes. Excludes amounts received from other governments for sale of property, commodities, and utility services. All intergovernmental revenue is classified as general revenue.

Intergovernmental Revenue for General Local Government Support—Fiscal aid revenue that allows the receiving government unrestricted use as to function or purpose.

Intergovernmental Revenue from Federal Government—Intergovernmental revenue received by a local government directly from the federal government. Excludes federal aid channeled through state governments.

Intergovernmental Revenue from State Government—All intergovernmental revenue received from the state government, including amounts originally from the federal government but channeled through the state.

Judicial—Courts and activities associated with courts, such as law libraries, prosecutorial and defendant programs, probate functions, and juries.

Libraries—Establishment and operation of public libraries and support of privately operated libraries (excludes those operated as part of a school system, primarily for the benefit of students and teachers, and law libraries).

License Taxes—Taxes exacted (either for revenue raising or for regulation) as a condition to the exercise of a business or nonbusiness privilege, at a flat rate or measured by such bases as capital stock, capital surplus, number of business units, or capacity. Excludes taxes measured directly by transactions, gross or net income, or value of property except those to which only nominal rates apply. "Licenses" based on these latter measures, other

than those at nominal rates, are classified according to the measure concerned. Includes "fees" related to licensing activities—automobile inspection, gasoline and oil inspection, professional examinations and licenses, etc.—as well as license taxes producing substantial revenues.

Alcoholic Beverages—Licenses for manufacturing, importing, wholesaling, and retailing alcoholic beverages other than those based on volume or value of transactions or assessed value of property.

Amusements—License taxes imposed on amusement businesses generally or on specific amusement enterprises (race tracks, theaters, athletic events, etc.) Does not include "licenses" based on value or number of admissions, amount of wagers, or gross or net income, which are classified elsewhere.

Corporations in General—Franchise license taxes, organization, filing and entrance fees, and other license taxes which are applicable, with only specific exceptions, to all corporations. Does not include corporation taxes based on value of property, net income, or gross receipts from sales, or taxes imposed distinctively on particular types of corporations (public utilities, insurance companies, etc.).

Hunting and Fishing—Commercial and noncommercial hunting and fishing license and shipping permits.

Motor Vehicles—License taxes imposed on owners or operators of motor vehicles, commercial and noncommercial, for the right to use public highways, including charges for title registration and inspection of vehicles. Does not include personal property taxes or sales and gross receipts taxes relating to motor vehicles, taxes on motor carriers based on assessed value of property, gross receipts, or net income, or other taxes on the business of motor transport.

Motor Vehicle Operators—Licenses for privilege of driving motor vehicles, including both private and commercial licenses.

Occupations and Businesses, not elsewhere classified—License taxes (including examination and inspection fees) required of persons engaging in particular professions, trades, or occupations, and such taxes on businesses not elsewhere classified. Includes charges relating to inspection and marketing of seed, feed, fertilizer, gasoline, oil, citrus fruit, and other commodities, and chain store licenses, as well as licenses relating to operation of particular business enterprises.

Public Utilities—License taxes distinctively imposed on public passenger and freight transportation companies, telephone, telegraph, and light and power companies, and other public utility companies including government-owned utilities. Does not include taxes measured by gross or net income, units of service sold, or value of property.

Other License Taxes—License taxes not listed separately (e.g., animal licenses, marriage licenses, registration fees on pleasure boats and aircraft, indi-

vidual permits to purchase liquor, and other nonbusiness privileges).

Liquor Store Expenditure—Expenditures for purchase of liquor for resale and provision and operation of liquor stores. Excludes expenditure for law enforcement and licensing activities carried out in conjunction with liquor store operations.

Liquor Store Revenue—Amounts received from sale of liquor by government liquor stores and other revenues from government liquor store operations. Excludes any taxes collected by government liquor monopoly systems.

Long-Term Debt—Debt payable more than 1 year after date of issue.

Motor Fuels Sales Taxes—See under *Sales and Gross Receipts Taxes*.

Motor Vehicle License Taxes—See under *License Taxes*.

Natural Resources—Government activities to conserve, promote, and develop *Agriculture, Fish and Game, Forestry* (see these headings above), and other soil and water resources, including geological research, flood control, irrigation, drainage, and other conservation activities.

Nonguaranteed Debt—Long-term debt payable solely from pledged specific sources—e.g., from earnings of revenue producing activities (university and college dormitories, toll highways and bridges, electric power projects, public building and school building authorities, etc.) or from specific nonproperty taxes. Includes only debt that does not constitute an obligation against any other resources of the government if the pledged sources are insufficient.

Occupations and Business License Taxes—See under *License Taxes*.

Own Source General Revenue—Includes revenue from property, general sales, excise, and individual and corporate income taxes. It does not include intergovernmental revenue, or utility, liquor store, or insurance trust revenues.

Parimutuels Taxes—See under *Sales and Gross Receipts Taxes*.

Parks and Recreation—Cultural-scientific activities, such as museums and art galleries; parks and beaches; and special facilities for recreation, such as auditoriums, stadiums, recreation piers, and boat harbors.

Police Protection—Preservation of law and order and traffic safety. Includes crime prevention activities, detention and custody of persons awaiting trial, and highway patrols.

Property Taxes—Taxes conditioned on ownership of property and measured by its value. Includes general property taxes relating to property as a whole, real and personal, tangible or intangible, whether taxed at a single rate or at classified rates; and taxes on selected types of property, such as motor vehicles or certain or all intangibles.

Public Safety—Comprises the functions of *Police Protection, Fire Protection, and Correction*.

Public Utility Taxes—See under *License Taxes and Sales and Gross Receipts Taxes*.

Public Welfare—Support of and assistance to needy persons contingent on their need. Excludes pensions to former employees and other benefits not contingent on need. Expenditures under this heading include: cash assistance payments directly to needy persons under categorical and other welfare programs; vendor payments made directly to private purveyors for medical care, burials, and other services provided under welfare programs by welfare institutions; and intergovernmental or other direct expenditure for welfare purposes. Any services provided directly by the government through its *Hospitals and Health* agencies are classed under those headings.

Rents and Royalties—Rents from leased properties, mineral leases, royalties, and miscellaneous rentals not relating to facilities incident to the performance of particular functions. Rental revenue from such facilities is classified as revenue from current charges for the activity or function concerned.

Revenue—All amounts of money received by a government from external sources. Revenue is computed as the sum of general intergovernmental revenues, general revenues from own sources (taxes plus current charges plus miscellaneous revenues such as interest earnings), utility revenue, and insurance trust revenues. The number excludes internal transfer of funds, refunds and other correcting transactions, proceeds from the issuance of debt and sales of assets, private trust transactions, and noncash receipts, which are commonly characterized as “in kind” services and commodities.

Sales and Gross Receipts Taxes—Taxes, including “licenses” at more than nominal rates, based on volume or value of transfers of goods or services, on gross receipts therefrom, or on gross income, and related taxes based on use, storage, production (other than severance of natural resources), importation, or consumption of goods. Dealer discounts or “commissions” allowed to merchants for collection of taxes from consumers are excluded.

General Sales or Gross Receipts Taxes—Sales or gross receipts taxes which are applicable with only specified exceptions to all types of goods, all types of goods and services, or all gross income, whether at a single rate or at classified rates. Taxes imposed distinctively on sales of or gross receipts from selected commodities, services, or businesses are reported separately under categories listed below.

Selective Sales and Gross Receipts Taxes—Sales and gross receipts taxes imposed on sales of particular commodities or services or gross receipts of particular businesses, separately and apart from the application of general sales and gross receipts taxes.

Alcoholic Beverages—Selective sales and gross receipts taxes on alcoholic beverages.

Amusements—Selective sales and gross receipts taxes on admission tickets or admission charges and on gross receipts of all or specified types of amusement businesses.

Insurance—Taxes imposed distinctively on insurance companies and measured by gross premiums or adjusted gross premiums.

Motor Fuels—Selective sales and gross receipts taxes on gasoline, diesel oil, and other fuels used in motor vehicles, including aircraft fuel. Note that any amounts refunded are deducted from gross collections.

Parimutuels—Taxes measured by amounts wagered at race tracks, including “breakage” collected by the government.

Public Utilities—Taxes imposed distinctively on public passenger and freight transportation companies, telephone, telegraph, and light and power companies, and other public utility companies and measured by gross receipts, gross earnings, or units of service sold. Taxes levied on such companies on other bases are classified elsewhere in accordance with the nature of papers.

Tobacco Products—Selective sales and gross receipts taxes on tobacco products, including cigarette tubes and papers.

Severance Taxes—Taxes imposed distinctively on removal of natural product—e.g., oil, gas, other minerals, timber, fish, etc., from land or water and measured by value of quantity of products removed or sold.

Short-Term Debt—Interest-bearing debt payable within 1 year from date of issue, such as bond anticipation notes and warrants. Includes obligations having no fixed maturity date if payable from a tax levied for collection in the year of their issuance.

Special Assessments—Compulsory contributions collected from owners of property benefited by special public improvements (street paving, sidewalks, sewer lines, etc.) to defray the cost of such improvements (either directly or through payment of debt service on indebtedness incurred to finance the improvements) and apportioned according to the assumed benefits to the property affected by the improvements.

Taxes—Compulsory contributions exacted by a government for public purposes, except employee and employer assessments for retirement and social insurance purposes, which are classified as insurance trust revenue. All tax revenue is classified as general revenue and comprises amounts received (including interest and penalties but excluding protested amounts and refunds) from all taxes imposed by a government.

Tobacco Products Sales Taxes—See under *Sales and Gross Receipts Taxes*.

Transit—Construction, maintenance, and operation of public mass transit systems—bus, commuter rail, light rail, or subway systems. Excludes systems established solely to transport elementary and secondary school pupils. Ferry systems are classified under *Highways*. See under *Utility*.

Transportation—Comprises the functions of highways, air transportation, parking facilities, water transport and terminals, and transit subsidies.

Utility—A government owned and operated water supply, electric light and power, gas supply, or transit system. Government revenue, expenditure, and debt related to utility facilities leased to other governments or persons, and other commercial type activities of governments, such as port facilities, airports, housing projects, radio stations, steam plants, ferries, abattoirs, etc., are classified as general government activities.

Utility Debt—Debt originally issued specifically to finance government owned and operated water, electric, gas, or transit facilities.

Utility Expenditure—Expenditure for construction of utility facilities or equipment, for production and distribution of utility commodities and services (except those

furnished to parent government), and for interest on utility debt. Does not include expenditure in connection with administration of utility debt and investments (treated as general expenditure) and the cost of providing services to the parent government (such costs, when identifiable, are treated as expenditure for the function served).

Utility Revenue—Revenue from sale of utility commodities and services to the public and to other governments. Does not include amounts from sales to the parent government. Also excludes income from utility fund investments and from other nonoperating properties (treated as general revenue). Any revenue from taxes, special assessments, and intergovernmental aid is classified as general revenue, not utility revenue.

The reports of the Advisory Commission on Intergovernmental Relations are released in five series: the "A" series denotes reports containing Commission recommendations; the "M" series contains Commission information reports; the "S" series identifies reports based on public opinion surveys; the "B" series reports are abbreviated summaries of full reports; and the "SR" series are staff information reports. Reports may be obtained from ACIR, 1111-20th Street, NW, Washington, DC 20575.

What is ACIR?

The Advisory Commission on Intergovernmental Relations (ACIR) was created by the Congress in 1959 to monitor the operation of the American federal system and to recommend improvements. ACIR is a permanent national bipartisan body representing the executive and legislative branches of federal, state, and local government and the public.

The Commission is composed of 26 members—nine representing the federal government, 14 representing state and local government, and three representing the public. The President appoints 20—three private citizens and three federal executive officials directly and four governors, three state legislators, four mayors, and three elected county officials from slates nominated by the National Governors' Conference, the Council of State Governments, the National League of Cities/U.S. Conference of Mayors, and the National Association of Counties. The three Senators are chosen by the President of the Senate and the three Representatives by the Speaker of the House.

Each Commission member serves a two-year term and may be reappointed.

As a continuing body, the Commission approaches its work by addressing itself to specific issues and problems, the resolution of which would produce improved coopera-

tion among the levels of government and more effective functioning of the federal system. In addition to dealing with the all-important functional and structural relationships among the various governments, the Commission has also extensively studied critical stresses currently placed on traditional governmental taxing practices. One of the long-range efforts of the Commission has been to seek ways to improve federal, state, and local governmental taxing practices and policies to achieve equitable allocation of resources, increased efficiency in collection and administration and reduced compliance burdens upon the taxpayers.

Studies undertaken by the Commission have dealt with subjects as diverse as transportation and as specific as state taxation of out-of-state depositories; as wide ranging as substate regionalism to the more specialized issue of local revenue diversification. In selecting items for the work program, the Commission considers the relative importance and urgency of the problem, its manageability from the point of view of finances and staff available to ACIR and the extent to which the Commission can make a fruitful contribution toward the solution of the problem.

After selecting specific intergovernmental issues for investigation, ACIR follows a multistep procedure that assures review and comment by representatives of all points of view, all affected levels of government, technical experts, and interested groups. The Commission then debates each issue and formulates its policy position. Commission findings and recommendations are published and draft bills and executive orders developed to assist in implementing ACIR policies.
